10th Annual McHenry Highland Festival Deemed "Huge Success"

The 10th Annual McHenry Highland Festival, held Saturday, June 7, at the Garrett County Fairgrounds in McHenry, was described as a "huge success," with over 2,000 attendees enjoying a full day of entertainment and activities for the whole family.

Over 20 Scottish Clan and Celtic societies from throughout the eastern U.S. participated, as well as a wide array of entertainers, pipe bands, Celtic and Scottish vendors, and local food concessions.

Amateur solo piping competitions sanctioned by the Eastern United States Pipe Band were held, and the Piper of the Day was Craig Snethen of DeWittville, N.Y. The seven Scottish athletic competitions were also held, and Athlete of the Day was Dan Handerhan of Carnegie, Pa. Highland dancing competitions were held this year for the first time, and the Dancer of the Day was Jessica Ann Horvath of Glenwillard, Pa.

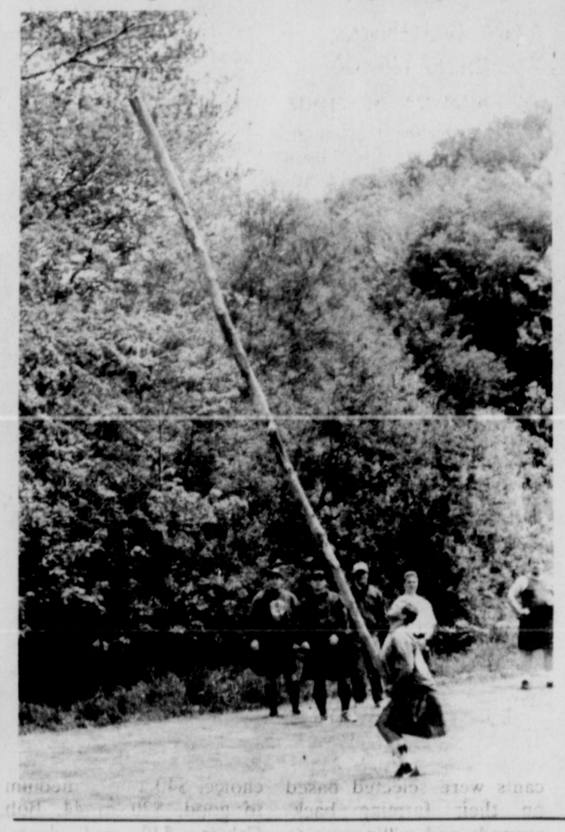

Winners of other events were: Kilted Mile Race - adult, Lin St. Clair of Clan Sinclair; intermediate, Arthur McClelland of Clan McClelland; and youth, Donald McClelland of Clan McClelland. Ladies Haggis Hurl - first place, Elizabeth Huxford; second place, Marie Dauson; and third place, Alison Lane.

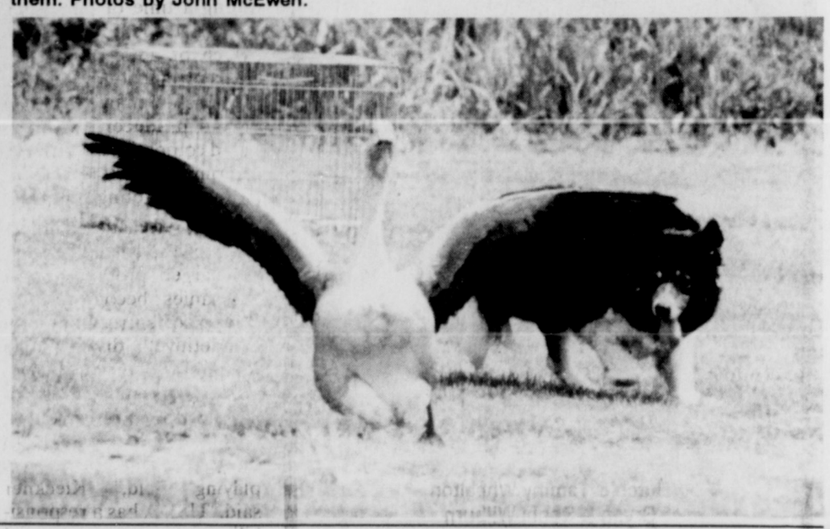

The festival was sponsored by the Deep Creek Lake-Garrett County Promotion Council, in part by GPU Energy and Bell Atlantic Maryland, and funded in part by the Garrett County Arts Council and the Maryland State Arts Council. The Saturday evening ceilidh at the Will O' the Wisp was co-hosted by the Wisp Ski & Golf Resort and the Festival Committee, and Sunday morning's Kirkin' O' the Tartans was hosted by St. John's Episcopal Church in Deer Park, with the Reverend William "Chip" Lee, vicar, officiating.

THERE WAS A LOT OF ACTION AT THE HIGHLAND FEST on Saturday at the Garrett County Fairgrounds, as evidenced by these photographs. Despite an overcast sky and a chilly wind, over 2,000 people attended the annual Scottish celebration and over 20 Scottish clans and societies took part. The music of pipe bands filled the air throughout the day and traditional Highlands games occupied the attention of many. A weapons demonstration was performed by enthusiasts, pictured above, who went at each other with frighteningly real instruments of war. The seven Scottish games kept contenders busy, with Dan Handerhan of Carnegie, Pa., being named Athlete of the Day. He is pictured below as he "tosses the caber," which is basically a tree trunk about the length and width of a telephone pole. Handerhan successfully flipped the pole at least twice. The Ladies' Haggis Hurl was another high point of the day, with one unidentified contestant pictured above right. The women shouted a word or phrase as they tossed the beanbag toward a stake. By the expression on the game leader's face, perhaps she yelled "heads up!" Elizabeth Huxford, noticeably with child, took first place in the event. She performed an impressive victory dance by leaping about two feet off the barrel and then jumping up and down to the cheers of a somewhat nervous crowd. Marie Dauson took second in the event, and Alison Lane came in third. (See separate story for other event results.) A delightful performance was given by two border collies and their owners. "Ian" is pictured below right as he carefully and intelligently guides a huge goose around the grounds. Ian and another dog, Crede, also took turns herding sheep, pigeons, and ducks. The goose put on its own show earlier in the day as three wild Canada geese flew over. The big birds honked to each other and the wild trio seemed to be urging the caged bird to join them. Ag Sec. Glickman To Seek Stronger Livestock Enforcement

Agriculture Secretary Dan Glickman's announcement last week of new actions to address concentration in the livestock industry drew praise from farmers across the nation.

"We applaud the secretary for addressing agriculture concentration and promoting competition for our farmers and ranchers across the country," said American Farm Bureau Federation President Dean Kleckner, one of the organizations supporting the move.

Glickman, noting that he continues to be concerned about the concentration of the livestock industry into fewer hands, said he plans to ask Congress to strengthen enforcement of the Agricultural Fair Practices Act. This would provide USDA with administrative enforcement and civil penalty authority and ensure fair treatment of producers in the market, regardless of their membership or affiliation with a producers' association.

"We have already taken a wide range of important actions to address concerns about concentration, but we believe Congress must provide us with additional tools to ensure fair trade and swift correction of anti-competitive practices," Glickman said.

Currently, violations of the AFPA must be referred to the Justice Department or pursued through private legal action. Civil penalty and administrative enforcement authority for USDA would enable more timely and effective enforcement of violations such as discrimination or failure to bargain fairly with producers because of affiliation with or membership in an association.

Bernice Kepple, Farm Editor

Farming In Maryland.....

The secretary also intends to ask Congress to amend the Packers and Stockyards Act to provide USDA with administrative enforcement authority for violations by live poultry dealers, as currently exists for violations by meat packers.

And, Glickman said he plans to restructure the Grain Inspection, Packers and Stockyards Administration. This action is in response to an independent review of its enforcement of the anti-competitive prohibitions found in the Packers and Stockyards Act.

Kleckner said livestock concentration is a "huge issue" among Farm Bureau members.

"Livestock concentration is certainly expanding and becoming a serious concern during a time of increasing global trade," he said. "Much of agricultural livestock production is no longer predominantly owned by the producer and marketed competitively through a terminal market or cooperative marketing points."

As the agriculture industry evolves, Kleckner said, the larger producers and companies become bigger players, often resulting in a competitive disadvantage for the small producer.

"Strengthening and expanding the enforcement of current law is important to keep everyone on a level playing field," Kleckner said. "USDA has a responsibility to ensure open and fair markets as the industry continues to evolve into fewer hands.

He applauded Glickman's move to broaden the involvement of producers and agribusiness groups along with the Extension and research communities to address market concentration issues.

"Education and research, risk management strategies, strategic planning and decision making are important to our producers to ensure that they have a role in today's marketplace," Kleckner said.

Laah Broadwater To Attend Illinois Ag Industry Seminar

Laah Broadwater, daughter of Willard and Hazel Broadwater, will be attending the first New Century Farmer Program in Bloomington, Illinois, this summer. This program, sponsored by the DuPont Corporation and the National FFA Organization, will allow young people to gain valuable information about the agriculture industry.

From July 9 to 13 young people from across the United States will join together to attend seminars in Bloomington about the potential new uses of agriculture commodities, how farmers are using technology in their businesses, how farmers profit from value-added commodities, and much more. The program is designed to educate and encourage potential farmers of the 21st century. Applicants were selected based on their farming backgrounds and willingness to farm as a career. Those chosen are between 18 and 22 years of age.

Ms. Broadwater, 19, lives with her parents on their 230 acre beef cattle farm in Swanton. She is the current Garrett County Farm Queen, past State FFA president, and a student of GCC's Ag Management Program. She plans to transfer to West Virginia University to major in Ag Education and AG Business Management.

Wheat Heading Almost Complete In Maryland

Wheat heading is almost complete this week in Maryland and is on schedule with the previous and five-year averages. Wheat has also started to turn and is ahead of the previous year. Rye that has turned is way ahead of the previous year while barley that has turned is slightly ahead of its previous year. Wheat condition was one percent very poor, five percent poor, 20 percent fair, 60 percent good and 14 percent excellent. The barley crop was two percent very poor, two percent poor, 18 percent fair, 54 percent good, and 24 percent excellent. Rye condition was 11 percent fair, 67 percent good and 22 percent excellent. Pastures were one percent very poor, five percent poor, 22 percent fair, 64 percent good, and eight percent excellent.

Soybean planting continued to run well above the previous year average. Sorghum planting was ahead of the previous year average but behind the five-year average. Sweet corn and tomato planting was ahead of its previous year average and behind the five-year average. Cantaloupe and watermelon planting were slightly behind their five-year averages.

Hay supplies were eight percent very short, nine percent short, 81 percent adequate, and two percent surplus. The first cuttings of other hay and alfalfa hay still ran ahead of the previous year and behind their five-year averages.

Topsoil moisture was one percent very short, 16 percent short, 80 percent adequate, and three percent surplus. Subsoil moisture was 11 percent short, 83 percent adequate and six percent surplus. There was an average of 5.2 days suitable for fieldwork.

The American record of hand-milking cows is held by Andy Faust of Collinsville, Oklahoma. In 1937, he hand-milked 88.2 gallons in 12 hours!

GARRETT COUNTY Cooperative Extension Service FARM-O-GRAM

Jim Simms, Extension Agent, Agriculture Science

Be on the Lookout for Cutworms in Corn

The spring weather has been ideal for cutworm development. Late planted, minimum-till with heavy spring weed growth or poorly drained soils are most likely to encounter cutworms. Check each field twice a week from the spike through the five-leaf stage. Leaf feeding is the first sign that cutworms are present. Look for small, irregular holes in the leaves and cut plants. Look for leaf damage caused by young cutworms too small to sever corn seedlings, check these areas in 24 to 48 hours. Look under clods and trash and dig 1 to 2 inches around the base of damaged plants to find cutworms.

Because of the erratic nature of cutworm outbreaks, rescue treatment rather than preventive treatments are recommended. As a general rule, a rescue treatment should be applied before the three-to-five-leaf stage if 10 percent or more of the young plants show fresh leaf feeding and cutworms are present. At the three-to-five-leaf stage, treatment should be applied if 5 percent of the plants are cut and there are four or more cutworms per 100 plants. Rescue sprays are usually most effective if the surface is moist to wet at the time of application. The following procedures will help to improve control when a contact insecticide is used: (1) direct sprays at the base of the plants where cutworms actively feed; (2) use at least 30 gallons of water per acre especially in dry weather; (3) spray in the evenings when cutworms are active; (4) when possible, cultivate after the insecticide application to improve contact with cutworms, especially in dry weather.

Those of you who applied the insecticides Force and Lorsban in the row at planting time should not have cutworm problems. Counter is not labeled for cutworm control. Lorsban 4E or Asana XL is recommended for rescue control.

We Have Moved

The Extension Office is now located on Route 135, Mtn. Lake Park, across from Fitzwater Furniture. Our new address and telephone number is Garrett County Cooperative Extension Service, 1916 Maryland Highway, Suite A, Mtn. Lake Park, Md. 21550, telephone 301-334-6960.

Start Early for Prevention of Late Blight on Tomatoes and Potatoes

The new strains of fungus that are causing late blight in our area have been very hard to control. These strains are aggressive on tomatoes and potatoes and resistant to Ridomil. Weather conditions have been very favorable (cool and wet) for late blight organisms. Late blight must be prevented. Once you notice the symptoms, the damage has occurred. Apply one of the following fungicides and repeat every seven days: Bravo 720; Manzate 200; Manex II; or Oil.

Farm Bureau, Agriculture Groups Outline Research Priorities

The Agriculture Department has documented that publicly funded agricultural research consistently results in increased economic benefits. Despite this, federal financial support for agricultural research has not increased in real terms since the mid-1970s.

Because of efforts to balance the budget, there are continued pressures to reduce all discretionary spending, including agricultural research. While most programs under the 1996 farm bill were reauthorized for seven years, the agricultural research title was only reauthorized until October 1997. Moderate changes have been made to the research title over the last decade, but major changes have not been made since the early 1970s.

While no bills have yet been introduced, the Senate Agriculture Committee has held hearings on agricultural research, and Committee Chairman Richard Lugar (R-Ind.) recently released a research "white paper." No hearings have been held yet on the House side.

Thirteen farm organizations, including Farm Bureau, have adopted the following policy position for agricultural research legislation:

Legislation to reauthorize the research title should include a clearly-defined, long-term blend of funding mechanisms along with a process to ensure that specific research, Extension and education priorities are identified, implemented and evaluated in the most cost-effective manner. An explicit role must be defined for the system's primary stakeholders--the producers--in identifying priorities and evaluating effectiveness.

Philosophy

The major purpose of agricultural research, education and Extension activities should be to improve the economic performance of the food and agriculture sector, while assisting in addressing societal concerns. The benefits will accrue to agricultural producers and the general public.

"Research and Extension programs should be integrated to ensure an effective and efficient transfer of information, knowledge and technology from basic research scientists through the system to producers and industry.

"Improving coordination between agencies, institutions, states and private enterprise can help assure the most efficient use of available resources, while improving the relevance of research services and products to producers.

"Programs should be prioritized and evaluated in terms of "real world" economic outcomes as well as scientific and educational output.

"All federal research, Extension and education funds should be administered in a system that provides greater accountability and is relevant to the problems currently facing agriculture.

Priority Setting

"Agricultural research, education and Extension programs need a stronger linkage with producers and industry to ensure a close connection between the funding, prioritization and accountability of such programs.

"USDA should incorporate ongoing projects such as the Farm Animal Integrated Research (FAIR '95), its follow-up FAIR 2002 and Coalition for Research on Plant Systems (CROPS '99) into the priority-setting process. The results of these efforts should be used to create a national plan of action followed by an evaluation.

"The limited number of producer representatives on the National Agricultural Research, Extension, Education and Economics Advisory Board is a concern. The current membership is largely vested in system personnel--administrators and scientists--rather than producers. A majority of the advisory board members should be producers and industry representatives.

Funding

"The federal government should fund a mix of both basic and applied research. Basic research should focus on providing the needed science base to address priority issues. A secondary focus should be on the potential for private sector utilization. This approach will provide for continued expansion of the knowledge base to help maintain and enhance the competitive advantage of U.S. agriculture. There should not be statutory language that establishes specific levels of funding for basic and applied research.

"The research portfolio should contain an appropriate mix of intramural and formula funding, as well as competitive and special grants. This will enhance the long-term commitment to top quality investigators and facilities. Allocation of each funding component should be seriously assessed to ensure the most efficient use of available dollars.

"The way that federal dollars are being spent and leveraged at the regional and state levels should be evaluated. We believe federal money spent on research or Extension should be utilized to address high priority production-related topics that have multistate or national relevance, or for emergency situations that will not be readily pursued by other entities. Federal dollars should be leveraged with state, local and industry funds where applicable.

"Environmental conditions, changes in production practices, evolution or introduction of new pests, market opportunities and other unforseen or uncontrollable events will continue to occur in U.S. agriculture. USDA must have the flexibility to react quickly and decisively to emergency situations when they arise.

"Cooperative research and development opportunities should leverage funds from other entities, resulting in a better integration of research. We support the continuation of the Cooperative Research and Development Agreements, which provide an excellent opportunity for the Agricultural Research Service to work with private industry.

"The current system of review for merit and scientific adequacy should include intramural funding. All grant proposals should include a relevancy review by producer stakeholders. Proposal development must be streamlined to reduce the time and money required by scientists, educators and Extension personnel in seeking grant funds for specific projects.

Structure

"The proper structure should enable individuals and researchers to search for new knowledge, followed by integrating various sources of information to apply toward problems or to make improvements in production systems. Educators could then use such knowledge to teach students and adults current information in the most efficient way.

"The reauthorization process should not harm parts of the research structure that have provided great value to producers and consumers. But neither should we assume that we will need all the programs and facilities that have conducted agriculture research in the past.

"The need for over 100 ARS laboratories and over 70 land grant institutions must be evaluated. A dwindling research budget may not allow us to maintain all of these facilities, or to address the condition of the research infrastructure, and still conduct pertinent research. The Facilities Planning Task Force must make credible recommendations on the future of these facilities.

"The facilities construction fund should be tied to national or multi-state priorities and leveraged to the greatest extent possible with state, local and private funds.

"Special grants within the land grant university system should be evaluated to ensure recognition of the institution's unique abilities, strengths and specialized regional needs. These grants should encourage alliances among land grant universities, state governments, USDA and private industry. Consideration should be given to incentives for proposals from national centers of excellence rather than proposals from individual institutions.

"Future research services and product development should rely to a maximum extent on the latest computer technology and information systems dissemination.

"Extension plays a vital role in disseminating information and knowledge, and has served the nation well. However, funding limitations, coupled with increased non-traditional agriculture demands, have reduced the capability of Extension programs to adequately address the needs of farmers and ranchers. Federal funding for Extension should focus on production agriculture, since the majority of funding originates with the states that will establish specific priorities for non-federal funds.

NHS MATH TEAM EXCELS - A math team comprised of Northern High School students recently completed a successful year of competition. In the University of Maryland math contest, held last October and December, sophomore Joshua Neubert was the county champion and was ranked 135th among over 2,200 students from all over the state, while his brother, Eric, a junior, finished second in the annual Allegany College of Maryland math contest. The team as a whole finished fourth in that 16-team event. Ten members of the team then traveled to Frostburg State University in April and won the FSU math competition, with Bill Allen and David Butler tying for first place in the individual round. Team members pictured above include, seated, from left: Kista Knox, Anika Weth, Matt Burton, Jeremy Robinson, Crystal Merrbach, Josh Neubert, and Melissa Tucci; and standing, same order: Angie Otto, Bill Allen, Eric Neubert, David Butler, Doug Weimer, Erin Resh, and Courtney Bittner.

DRAWING INSPIRATION FROM NATURE'S BEAUTY - Local artist Donna Baker reflects the surroundings of her Garrett County home in two of her works, part of her one-woman exhibition currently on display at the Bausch & Lomb Art Gallery of Garrett County Community College. Above, Baker is shown with her oil painting "Moonlit," and to the right is "Journey's End," an oil painting inspired by both the location of her family's Friendsville-area home near the Youghiogheny Lake and her son's love for canoeing. See story.

GCC Displaying Works Of Art By Donna Baker

On display from through June 27 in the Bausch & Lomb Art Gallery of Garrett Community College are artworks by Donna Baker. The exhibition includes oil paintings, watercolors, drawings, and prints, and involves images from nature such as landscapes, flowers, animals, and human figures.

Baker is a local artist who resides in the Friendsville area near Youghiogheny Lake. She is primarily a self-taught artist, although she has attended courses at Essex Community College and more recently at Garrett Community College. For the 1994 and 1995 seasons, she was artist-in-residence at the Spruce Forest Artisan Village in Grantsville. This exhibition at GCC is her first one-woman show and is retrospective of the artworks she has created in the past 25 years.

An opening reception for the artist is planned for this Friday, June 13, from 8 to 10 p.m. The public is invited. The show is open during the month between 9 a.m. and 5 p.m., Monday through Friday, and on weekends during special events. The exhibition is funded in part by a grant from the Garrett County Arts Council and the Maryland State Arts Council.

RYAN'S GLADE
By Katie Steyer
Secretary

The Ryan's Glade 4-H Club met on May 20 at the Ryan's Glade Community Building.

The meeting was called to order by Chrissy Steyer, president. Secretary's report was given by Katie Steyer, secretary. The pledges were led by Heather Boyce, American, and Ray Cummings, 4-H. Jeanine Cummings reported on the auction where the club sold refreshments.

Demonstrations were given on dogs by Zachory Savage and Matthew Savage. Leader Sue Steyer reminded members that they needed to sell their Livestock Association raffle tickets and get them to her as soon as possible. Bowling was scheduled for May 25, and the June hayride was then discussed.

A "Snuff out Snuff" poster contest, sponsored by the Gorman Go-Getters with contestants from Ryan's Glade and Red House 4-H clubs, was held directly following the meeting. Ryan's Glade club winners were David Cummings, junior category; Katie Steyer, intermediate category; and Cassie Nice, senior category.

Future Ryan's Glade 4-H club events include an animal workshop June 14, 9 a.m., at the Bruce Warsaw farm. Contact leader Sue Steyer or secretary Katie Steyer for more details.

At the upcoming June club meeting on June 21, at 6 p.m., the club hosts their annual Hayride-Animal Demonstrations-Hot Dog Roast at the Ryan's Glade Community Building. Participants are asked to bring a covered dish to share.

NORTH GLADE
by Megan Bernard,
Reporter

The May meeting of the North Glade 4-H Club was held May 15. Jody Friend, president, called the meeting to order. There were 14 members present with 17 adults.

We started a Clover program involving five members. Adam Bernard led the pledges. We selected a date (May 19) to clean the cemetery. We decided to drop the Adopt-a-Highway due to the dangers of kids getting injured.

The next meeting will be held June 19 at the 4-H building at 7:00.

KEEPING BUSY during the month of May were the members of Brownie Troop 5045, Grantsville, who participated in the Grantsville Memorial Day parade on May 26 and held their second Court of Awards and Bridging Ceremony. The ceremony, which is the official transition of members from Brownies to Girl Scouts, was held at the historic Casselman Bridge in Grantsville. The May meeting of the troop included a game of Capture the Flag, plus a talk by Vietnam War veteran Fred Bowser. Members of the Troop 5045 pictured above are, front row, from left: Katy Towers, Kayla Snyder, Jasmine Miner, Amanda Wilhelm, Amber Savage, Kara Bowser, and Kieran Adams; and second row: Keri Bachtel, April Miner, Amber Miner, Ashley Rounds, Samantha Durst, Sarah Rounds, and Caressa Frazee.

Students, Patrons May "Ride Information Highway" At GCC

Technology of the 21st century is now available to Garrett County residents at the Garrett Community College Library. Under the leadership of Director Dana Shimrock, the library has "taken significant strides along the Information Highway" to deliver information to students and patrons more quickly than ever before.

The library has workstations with full Internet access and has installed a CD-ROM network, plus a variety of online reference sources, which provide to patrons the equivalent of hundreds of volumes of printed materials. A recent addition is the Electric Library, an online database of full text articles from over 800 magazines, 2,000 books, maps, pictures, television and radio transcripts, newspapers, and wire services, updated daily. Grateful MED is a user-friendly microcomputer software package that goes directly online to the National Library of Medicine to provide patrons with access to the library's vast collection of medical and health science information, according to Shimrock.

A few of the programs available on the CD-ROM network include: *SIRS Government Reporter*, providing many full text documents published by federal departments, agencies, and commissions; *Academic Abstracts*, containing summaries of articles from over 500 journals and magazines dating back to the 1980s; *Books in Print*, *College Source*, *VISIONS Plus*, a computer based career information and planning system; *Phone Disc*; *Bibleworks* (a gift from the Yoder Foundation); *Scribner's Writer's Series*; *Bird Song Master*; and many more.

One recent change, according to Ms. Shimrock, is the conversion of the traditional card catalog to a computerized format. Rather than thumbing through the subject, author, and title card catalog, patrons can use computer terminals that allow for a quicker and more thorough search than standard methods of searching. "Searches can be narrowed through the use of key words and full descriptions, and summaries of works are quickly available at one's fingertips," she said.

Traditional resources are continually updated as well. The Garrett Community College Foundation recently made a donation to the library for the purchase of hardcover books. A yearly donation to the library by a local resident and retired schoolteacher, Ann Dilgard, has made a significant contribution to the reference book collection, Shimrock said. A newly developed video collection adds an educational and entertainment dimension to the users as well. Ms. Shimrock is considering the purchase of software in the future which will allow patrons to access the catalog and CD-Rom network from home.

For a complete list of the electronic resources available, Garrett County residents are invited to the Garrett Community College Home Page at http://garrett.gcc.cc.md.us and click on the Library Resource Center, or e-mail the director, Dana Shimrock, at danash@garrett.ncin.com. Information is also available by calling 301-387-3009.

THE "INFORMATION HIGHWAY" is rolling right through the Garrett Community College Library, as access to volumes of information about every subject one can imagine is available there via the latest technology. Above, GCC library director Dana Shimrock, left, looks over the shoulder of Clara Schady, and in the foreground is Teresa Arnold. See story for details.

State Honors Garrett Youth Entrepreneur

Southern Garrett High School student Albert J. Fleming Jr. was recently honored by Maryland Governor Parris Glendening for his efforts as a small business entrepreneur.

Fleming was among five students in the state who received citations noting their achievements and supporting their efforts to foster small business development in their communities.

This is the second consecutive year in which Fleming has received this honor.

The business that Fleming started grew out of a hobby learned in a school club he joined as a freshman. The hobby was fly tying. Now it is a business.

A.J.'s Spinners & Flies, gives Fleming a profitable outlet for a skill and art he enjoys. He has enrolled in marketing and business classes and hopes to pursue a degree in marketing.

Fleming has designed business cards and developed marketing plans and business expansion plans. He has contacted bed and breakfast owners in the area who may be interested in the fly tying lessons for visitors or guided fishing tours, which he now also provides.

HONORED FOR BUSINESS ACHIEVEMENT - Albert J. Fleming Jr., left, a Southern High School senior, receives a Governor's citation for achievement in developing his small business. James D. Fielder Jr., deputy secretary of the Department of Business and Economic Development, presented the commendation at a recent ceremony.

Mini-Conference On Volunteerism Slated At GCC

A mini-conference on volunteerism and service learning is scheduled for Saturday, June 21, from 8:30 a.m. to 12:30 p.m. at Garrett Community College's Continuing Education Building. The conference will address effective methods to manage, recruit, reward, and maintain volunteers for organizational or civic projects. Presenters from the Maryland Service Exchange, Volunteer MD, and the Maryland Student Service Alliance will cover topics such as recognizing volunteers, collaborating with community partners, and identifying capacities and opportunities in service sites.

The mini-conference is being organized by the Garrett County Health Department, with assistance from the Garrett County Board of Education, New Germany State Park, and Washington County Department of Social Services. These organizations are all recipients of grants from the Corporation for National Service and the Governor's Commission on Service.

The conference is free, and all interested persons are invited to attend. Persons are asked to register by calling Kendra Todd at the health department at 301-334-8122 or 301-895-3111 by this Friday, June 13.

Area Actor Signs Contract With W.Va. Theatre

Kevin L. Bennear, Elk Garden, W.Va., will be performing in "Hatfields and McCoys," "Honey in the Rock," and "Fiddler on the Roof," according to TWV Artistic Director Marina Dolinger.

Bennear, who is a 1996 graduate of West Virginia University, is entering his first season with the company. He is the son of Dolly J. Baker, Elk Garden, and the late Paul F. Bennear, for whom he dedicates this summer's performances.

"Kevin is an extraordinary performer, and we feel very fortunate to have him join us this season," Dolinger said. "He is a wonderful asset to the company."

Terra Alta VFW To Host Dance

The Terra Alta VFW Post #578 will host a dance at the Post Home, located on Washington Street, on Saturday, June 14, 10 p.m. until 1 a.m.

The entrance fee, to be collected at the door, is $3 per person.

Sign-Up For Gypsy Moth Treatment Set

Landowners in 23 West Virginia counties are eligible to sign up for the 1998 Cooperative State-County-Landowner Gypsy Moth Suppression Program. Those counties include Hampshire, Mineral, Grant, Preston, and Tucker. According to the WVDA and WVU Cooperative Extension Service, sign-up will begin July 1 in the county Extension offices.

Brochures answering questions about the gypsy moth and the 1998 suppression program, as well as egg mass survey applications, are being printed and should be available in the Preston County Extension Office by July 1. A landowner living in one of the 23 counties who has a problem with gypsy moth may want to participate in the 1998 program. To sign up for an egg mass survey, persons may contact the WVU Extension Office where their property is located to get further details. The applications must be submitted by August 29, 1997.

Landowners must provide a map of their property with boundaries clearly marked. A plat map, deed map, a copy of a topographic map, or Consolidated Farm Service Agency map is required. The WVDA cannot map landowner properties.

The minimum acreage required to participate is 50 contiguous acres of wooded land. Landowners with fewer than 50 acres may join with neighbors to meet the acreage requirements. Groups of landowners or subdivisions must appoint a coordinator.

A final decision to participate must be confirmed by signing a contract and making a deposit to the county commission where the property is located by December 5, 1997. The final payment to the county commission will be required prior to the actual treatment. Notification of the deadline for final payment will be by mail.

A 43 percent cost-share on treatments is available from the USDA Forest Service through a cooperative agreement with the WVDA. The total cost depends on the cost of the insecticide and aerial application, but 1997 landowner costs were $7.75 per acre for Bt and $6.55 per acre for Dimilin. "Lower number of treatment acres and inflation keep driving these costs up, so 1998 costs are expected to rise," stated a WVDA spokesman.

For further details, persons may contact the WVU Extension Office in Kingwood at 329-1391.

TERRA ALTA

LIBRARY NEWS

The Terra Alta Public Library sponsored a Walk-a-Thon for the James A. Gregg Memorial Scholarship Fund on May 10. Rain, sleet, and snow did not stop the 57 determined participants. A five-mile hike along Route 7, around the stockyards, down Brandonville, across the side streets, and ending at Gregg's Pharmacy with coffee, donuts, and cookies was a tribute to the late Mr. Gregg. A total of 92 had previously signed to walk. A few of those who did not walk on May 10 have since walked on their own time to show their dedication, and turned in pledges.

Letters of request were mailed to each business in town, with the following responding: One Valley Bank, Terra Alta Bank, Terra Alta Family Practice Center, Wild Wood of West Virginia, Home Monumental Works, Gregg's Pharmacy, Terra Alta Moose Lodge #1395, Clutter Realty, Queen Printing, East Preston Floral, Get-n-Go, and Kisner's CPA, who recruited the most walkers. Brian Spiker was the highest pledge receiver. Pledges went from 10¢ per mile to $10 per mile.

The walk-a-thon was supported by the Terra Alta Fire Department, Terra Alta Ambulance, and the Terra Alta Police. These organizations slowed traffic, stopped traffic for crossing, and followed walkers to provide safety. Mary Hart delivered coffee and hot chocolate to the walkers throughout the hike.

These donations have been deposited into the scholarship fund, with the money assisting one graduate from the area each year who is planning to go into the medical field.

The annual Summer Reading Program will start at the library on June 17. Deadline for registering is June 20. Students in grades 3-9 are eligible to participate.

Over 100 new books have been purchased for the program. Parent/guardian signature is required for students. The program will continue for eight weeks, with a party to be held on August 15 to recognize all participants. To earn their reward, students must read and report on 20 books. These reports are read in the library. All books used for reports must be from the library.

Library hours are Tuesday - Friday, 8:30 a.m. to 5:30 p.m.

Let's Get Down To Business!

This is a feature of *The Republican* to better acquaint our readers with various area business establishments.

IA Construction Corporation

IA Construction Corporation of Cumberland has been a leader in Western Maryland growth for 25 years. This year IA Construction Corporation will expand to a full service capacity to produce bituminous concrete. A new plant facility has been established at Deep Creek Lake, near McHenry, to provide (blacktop) material for government projects and private enterprises. The Deep Creek Plant is open for sales to the general public as well as municipalities and contractors.

As a full capabilities firm, IA Construction is certified for bridge construction, structure and channel excavations, highway construction, and all types of earthwork. Their complete range of services includes clearing, demolition, curbing and underground utility installation. IA Construction has developed sites for both public and private projects including: Rocky Gap State Park, AES Warrior Run at Mexico Farms, Braddock Road and Michigan Avenue in Cumberland, reconstruction of the Glendale Bridge at Deep Creek Lake, rehabilitation of roadways for the Maryland State Highway Administration in Garrett and Allegany counties, site work for the federal and state correction institutes, and paving of the Centre Street improvements for the city of Frostburg.

IA Construction routinely performs projects for agencies of the tri-state area: Cumberland, Frostburg, Westernport, Keyser, and Grantsville, as well as the Department of Highways in neighboring West Virginia and Pennsylvania.

The bituminous concrete produced at the new Deep Creek facility is a hot mix using certified designs approved by the State Highway Administrations of the tri-state area.

The additional plant in Garrett County joins the company's Rock Cut location at Route 36 in Corrigansville. Since 1972, IA Construction has maintained a presence in Western Maryland as the oldest continuous provider of quality state-certified bituminous concrete (blacktop).

The Western Maryland Division of IA Construction is a unique partner in area construction activities. The local office is a significant resource within a vast network that stretches throughout the Mid-Atlantic and Northeastern United States as well as Europe. Committed to client service and quality workmanship, IA Construction has a soundly financed and strategical position within the local community. This enables the Cumberland office to competitively view projects valued from a few thousand dollars to hundreds of millions of dollars.

Management staff at both area offices is prepared to assist any person or firm with their construction requirements. The Cumberland regional office is located at Valley Street Bridge and North Lee Street in Cumberland and can be reached by calling 301-724-1760, while the Garrett County Office is located at the Deep Creek Quarry off Sang Run Road in McHenry, 301-387-2112.

DEEP CREEK BITUMINOUS CONCRETE PLANT, located off Sang Run Road in McHenry, is a new division of IA Construction Corporation of Cumberland. The plant offers quality state certified (blacktop) mixes to the general public, contractors, and municipalities.

COMMUNITY SPIRIT SHINES AT SWAN MEADOW - The Swan Meadow School was in need of repair and renovation. A portable building had supplied classroom space. One wall of the building, constructed in the 1960s, was deteriorating. The roof needed replacement. It was a tall order to fill, but the Swan Meadow community was up to it. Under the auspices of the Garrett County Board of Education, the neighbors came out in force, tools in hand, and began re-building their school. Monday the rafters for the roof went up and there were about 40 members of the community at work on the project. The labor force included youngsters as well as adults, said Harold Swauger, assistant superintendent of maintenance and operations for the school system. Swauger said it has been a unique experience working with the people of the Swan Meadow community. "We've had so much volunteerism on this project. The women made a big lunch for us and we ate together and had fellowship," he said. The work at the school will be on-going with completion of the remodeling stretching into next summer. The outcome will include an expanded media center, new restrooms, and a computer room, Swauger explained. There is no doubt that the project will be completed with diligence. "You just don't see this kind of a close-knit community any more," Swauger said with appreciation.

GPU Is Major Sponsor Of DCL Fireworks

Information was received this week that GPU (Deep Creek Lake owner -- formerly the Pennsylvania Electric Company) will be the major sponsor of the Fourth of July fireworks over the lake this year. The fireworks celebration is being organized by the Garrett County Promotion Council and the Chamber of Commerce.

"We're so happy GPU has responded to our request for funds," said Karen Spiker, co-chairperson of the fireworks fund-raising effort. "Many families will be watching the fireworks from their boats in McHenry Cove or looking across the lake at Marsh Mountain to enjoy the spectacle. The lake itself is very special at that time. GPU has been a good corporate citizen and we certainly welcome its support."

GPU owns the lake as well as the buffer strip and the hydroelectric power station in Garrett County.

"The contribution from GPU will pay nearly half of our fireworks expenses,"

Schedule Is Announced For 1997 "Literary Maryland" Chautauqua

The schedule of workshops and evening performances for the 1997 Chautauqua "Literary Maryland" at Garrett Community College next month has been announced by the Maryland Humanities Council. As in years past, workshops will be held at various community locations where members of the audience can meet and mingle with great writers of Maryland's history, and evening performances will be under the tent on the college campus.

The first workshop, "Storytelling and Its Connection to Ancestry and the Community," will be conducted by Phyllis McEwen portraying Zora Neal Hurston at 2 p.m. on July 2, at the Ruth Enlow Library in Accident. At this workshop, Ms. Hurston will demonstrate the importance of storytelling as a way of connecting to the past and to the community.

Three workshops have been scheduled for Thursday, July 3. At 10 a.m. in the art gallery of Garrett Community College, Doug Boulter portraying Edgar Allan Poe will discuss some of the writer's less familiar poetry in the workshop titled "Poe's Other Poems." At 11 a.m. at the Grantsville Senior Center, Joan Lynn Miller portraying Gertrude Stein will discuss the people and art works that flowed through Stein's home in Bohemian Paris. Her workshop will be titled "Gertrude Stein's Salon." A workshop titled "A Few Moments with Mr. Mencken" is scheduled for 2 p.m. at the Friendsville branch of the Ruth Enlow Library. At this time, John Dausch as H.L. Mencken will share stories about the sage of Baltimore's life as a journalist and writer.

The evening performance on July 3 will begin at 7 p.m. under the tent at GCC. Following an opening performance by the GCC Pipes and Drums, F. Scott Fitzgerald and Zora Neal Hurston will speak in a program moderated by H.L. Mencken.

A workshop titled "Inside the Mind of F. Scott Fitzgerald" is scheduled on Saturday, July 5, at 10 a.m. in the studio theatre at Frostburg State University. At this time Michael McCarthy portraying the famous author will read passages from Fitzgerald's work that illustrate recurring themes and reflect experiences from his life.

Wheeling Sym. To Perform At Canaan July 5

The Tucker County Arts Council is making final preparations for the Seventh Annual Celebration of the Arts set for Saturday, July 5, at Canaan Valley State Park, Davis, W.Va. The Celebration of the Arts music festival is free to the public and is sponsored by the Tucker County Arts Council, with funding from the West Virginia Division of Culture and History and the National Endowment for the Arts.

The program will begin at 4:30 p.m. with The Appalachian Jazz Project, a local favorite quartet who formed their group after playing together in college. Instruments include saxophone, bass, guitar, vibes, and drums. The band mixes many styles of jazz when performing and, as their name indicates, they set Appalachian folk music into a jazz style.

The Wheeling Symphony, under the direction of Maestra Rachael Worby, is once again the featured performance for the celebration. Over the past six years, thousands of music lovers have come to hear the Wheeling Symphony in the natural amphitheatre near the ski area in Canaan Valley State Park. The symphony will begin its performance at 6 p.m.

Four Tucker County High School students will be performing at select times during the program as well. Seniors Corey Cosner and Michelle Hedrick, junior Devon Snider, and sophomore James Leard were chosen because of their talent and achievements.

This year's emcee will be Terry Marchal, an editor and humor columnist with *The Charleston Gazette* and a veteran of community theater in the state.

Those attending the Celebration of the Arts are encouraged to bring lawn chairs, blankets, sunscreen, and a jacket for the evening after the sun goes down. Guest Services, Inc., will offer concessions on site with hamburgers, hot dogs,

New Ordinances Likely To Be Adopted Tuesday

After over 18 months of planning, decision-making, hearings, and struggle, the Garrett County Planning Commission has reached the final stages of establishing subdivision and sensitive area ordinances. The ordinances are a first in Garrett County and will include regulations on land development practices. This has caused some controversy and protest from developers, who have regularly attended meetings and hearings to voice their concerns about various aspects of the new plans.

The Garrett County Commissioners met with John Nelson, director of the county planning office, on Tuesday to hear the final adjustments made just last week in response to some developers' concerns. Nelson made it clear that in his opinion, the planning commission has lowered the standards far enough and the time has come to finalize and adopt the ordinances.

"We started up here with the standards," Nelson said, with his hand above his head. "Now we're down here," he said, lowering his hand almost to the floor. "We could keep compromising and compromising with the few people who are still unhappy, but we'll never get finished that way." Nelson said several individuals who were initially concerned about certain issues have now informed him that those concerns have been adequately addressed. "It's really just a few individuals who are not happy."

Last week the commission relaxed some road regulations, such as raising the number of units from 50 to 100 that would require county road specifications to be met by developers. The commission also lessened the turning radius and sight distance require-

POS Funds Aimed Toward Acquiring Oakland Station

The Garrett County Commissioners on Tuesday agreed to designate $10,000 to $33,000 of available Program Open Space (POS) funds each year for the next three years to help the town of Oakland acquire the historic Oakland train station. The fiscal authority met with Oakland Mayor Asa McCain and John Nelson, director of the county office of planning and zoning.

POS funds equal about $130,000 each year, with 75% of that to go toward development and 25%, or $33,000, to be designated solely for acquisition efforts. For some time the lesser allotment was unused, according to Commissioner Chairman Roger Glotfelty. When the town of Loch Lynn acquired land for a community park last year, the funds were then amassed for that project and spent. However, the $33,000 in POS funds is available each year.

"This will be for fiscal year 1999," Nelson explained, speaking about a projected funding plan with which the commissioners were asked to concur. Nelson and McCain said they simply needed a letter of concurrence that stated the commissioners will indeed designate at least $10,000 of the POS funds to the Oakland station effort for three years, and if the remainder of the acquisition allotment is not requested by any other entity, they will give the entire amount of $33,000.

"If you agree to this, it will help us out tremendously next month when we finalize the contract with CSX," McCain said. The mayor discussed some of the plans in the works for the area, including the

Governor Appoints Gary Fratz To Replace Braskey On County Board

Accident resident Gary Fratz was appointed this week by Governor Parris Glendening to join the Garrett County Board of Commissioners, taking the place of vacating Commissioner John Braskey. Fratz will assume his new role on July 1.

Braskey resigned from the county fiscal authority position as a result of his position as the Department of Natural Resources project officer for Western Maryland adventure sports. He was named to that position in November of last year, and hoped at that time to be able to serve as commissioner through the end of fiscal year 1997, which he has accomplished.

Fratz challenged Braskey in the 1994 Primary Election, but was not successful.

The new commissioner is 58 and is active in the community, currently serving as president of the Garrett County Farm Bureau and as a member of the state board of the Maryland Farm Bureau. He has served in several other organizations, including the Garrett County Development Corporation, the county agricultural fair board, and the Garrett Community College Board of Trustees.

"I appreciate the governor's desire to appoint me to the commissioner position," Fratz said yesterday in an interview, stating that he is eager to join in on the effort to replace jobs lost with the closing of the Bausch & Lomb plant. "I believe that to be a high priority."

Except for attending college and service in the United States Army, Fratz has lived his entire life in the county. He spent three years in the army, serving two of those years in Germany. He was honorably discharged in 1961 as a sergeant. He then attended college at University of Maryland at College Park.

He is retired from the Harbison-Walker Refractories, where he worked in management for 25 years. He was a production supervisor prior to his retirement, after which he returned to farming, his first vocation. The Fratz family farms grain and hay, and raises cattle.

"Gary's life-long commitment to maintaining a strong agricultural base in Garrett County will make him a great asset to the commission," the governor stated. "He shares our vision for what we need to do to expand the county's economic base while preserving open space."

Fratz is a member of the Accident Volunteer Fire Department and the Zion Lutheran Church. He and his wife Kathleen have four children and eight grandchildren.

Two other men had submitted their names for the governor's consider-

Buffalo Roams From Home

A wayward buffalo wandered from its farm on the Oakland-Deer Park Road on the night of Saturday, June 14. The solitary bison was apprehended by sheriff's deputies in the area of Route 135 and Sand Flat Road just after midnight.

According to sheriff's office sources, "no charges have been filed against the buffalo," which deputies safely escorted home with assistance from officers of the Department of Natural Resources and the animal's owner.

"Evening At The Station" To Feature Print By Jon Boone

Local artist Jon Boone has painted a watercolor of the Oakland Station which will be auctioned as the fund-raiser, An Evening At the Station, scheduled for June 28.

An effort of the S.O.S. group (Save Oakland Station), the event will held at the Fresh Air Market from 5:30 to 8:30 p.m. Food samples from 12 local restaurants will be featured along with a variety of musical entertainment including Neil Krebs, The Oakland Andrews Sisters, and the Jeff Gilbert Band. Station prints will also be on sale.

Another local artist, Laura Stutzman, has designed a limited edition Oakland Railroad Station Christmas ornament. This ornament will be available in July to those who purchase $35 memberships in S.O.S. A drawing of Stutzman's design will be displayed at the fund-raiser.

The S.O.S. group recently reached an agreement with CSX, the current owner of the station, to acquire the building.

Tickets for the evening are $10 and are available at Proudfoot's Pharmacy, The Book Mark'et, and Rudy's, in Oakland. Those who would like to contribute or to get more information may call 301-334-9150.

Officials From Poland Visit Garrett County

Last Friday Garrett County hosted nine public officials from Poland. The group of four women and five men included five mayors and four ministers of finance.

Coordinators and interpreters brought the total number of visitors to 13. The group had traveled to the U.S. to learn about the interactions of our various levels of government and meet first hand some of the people involved in the process.

Oakland Mayor Asa McCain along with Garrett County Commissioner Roger Glotfelty accompanied the visitors to lunch at Red Run Lodge. Garrett County, McCain said, was not originally on the itinerary. But one of the mayors was from a small rural town at the foot of the mountains so Garrett County was selected as a stop.

Though there is not an equivalent of the county government in the Polish system, there was much to share. "They have situations, problems, and needs identical to ours," McCain said. "They were all very well versed in government and management," he added.

There was a great interest, he noted, in the flow of tax money from the federal to the local levels of government.

McCain enjoyed the good sense of humor he found in the guests. "They are really wonderful, genuine people," he said.

The visitors apparently enjoyed McCain, too. He said that one woman asked him if he had Polish ancestry and he replied that he didn't. She said that he must have some somewhere because the hospitality he extended was the most like their own of any they had experienced here.

After several days of brisk meetings and travel, the group decided to take some to time rest. They chose Garrett County as the place to rest and spend an extra day.

RIBBON IS CUT AT MARKWOOD CONVENIENCE CENTER - The Markwood Convenience Center, located along Rt. 219 in Oakland, officially opened on Tuesday, June 10, and a ribbon-cutting ceremony was held this week. Pictured left to right are Mike Markwood (Short Stop complex owner), Oakland Mayor Asa McCain, Rob Markwood (owner), and John Markwood. The convenience center will be open 24 hours a day, seven days a week, and will offer wine, beer, liquor, cigarettes, high quality cigars, D'Atri doughnuts, and other convenience store items. Citgo gasoline will be available Monday through Saturday, 6 a.m. until 7 p.m., and new-release videos will be available at the center's Reel Video section.

State To Help Fund Hutton Sewer System

A project that will provide a new sewage collection system for the community of Hutton will soon receive state assistance.

Governor Parris N. Glendening announced this week the Board of Public Works approval of a $333,450 grant for the construction of a piping network. This network will convey septic tank wastes from 30 homes to a pumping station, situated along Maryland Route 39, to the Crellin Expanded Area Sewer System.

Chaired by the governor, the Board of Public Works also is comprised of Comptroller Louis L. Goldstein and Treasurer Richard N. Dixon. The board is empowered by the General Assembly to approve construction and consultant contracts, equipment purchases, property transactions, and other procurement actions.

"This new collection system will replace failing septic systems in homes in Hutton with a direct sewage discharge network," said Glendening. "In addition to the benefits for public health and the environment, the project also will help keep user rates at an affordable level for local residents."

In addition to this grant, the project previously received a $25,000 state grant for design. The Garrett County Sanitary District will arrange the local share of $110,461 for a total project cost of $468,912. Construction will begin in August 1997 and be completed by May 1998, the governor stated.

"The $333,450 grant increase for the Hutton Sewer Project is crucial for the successful completion of this project, said Wendell Beitzel, administrator of the Garrett County Sanitary District. "Garrett County is extremely fortunate to have support of the state to provide these funds needed for the construction of this project, which will provide a healthier quality of life for the Hutton community."

Recently Hired Superintendent Meets The Press

After the announcement at the Garrett County Board of Education meeting June 10 of Dr. Wendell Teets as the incoming superintendent of schools, Dr. Teets met members of the press for a conference on June 12.

Several members of the local media, the school board members, current superintendent Dr. Jerome Ryscavage, Dr. Teets, and several other citizens gathered in the board room at the board of education building, Oakland.

Dr. Teets explained how he, a native of West Virginia, chose Garrett County. Having grown up in Aurora, W.Va., he frequently came to Garrett County. He also said he was impressed by the quality of the education system here. "It was a natural fit," he said of the choice.

When asked in what direction he planned to take the school system, he said he needed some time to acclimate himself. "You have to find out where you are before you see where you want to go," he stated.

He spoke of his appreciation of technology in the classroom as a support to the learning system. Dr. Teets's resume referred to his accomplishments in bringing computers to the classrooms in his school district.

Dr. Teets also said he had used Channel 1 for five or six years in the Taylor County, W.Va., schools, while he was superintendent.

A balance between "the basics" in education and experience in the arts, he said, can be difficult to achieve. But, he asserted, both are important factors in education and can be mutually beneficial to each other.

Asked if he will travel about the county visiting schools as Dr. Ryscavage has done, Dr. Teets affirmed that he would. "Yes, it's very important to be at school activities," he said. But he added that participation in community activities is also of great value. He illustrated this belief by admitting that for several years he has agreed to taking a pie in the face as a community fund raiser.

Referring to a fabric of resources and networks within the community, he explained his belief in the efficacy of interaction among agencies and groups.

On the subject of his management style, Dr. Teets said that there are many different roles a manager needs to play, including discussion leader and open listener. He also said he uses his staff very much in decision making. He listens to consensus.

However, Dr. Teets said, he also believes in having ownership of the situation. When there is a tough decision to be made, he is not afraid to make it and to stand alone in doing so if that is what is necessary.

Rodriguez To Present Recital At Penn Alps

Music at Penn Alps Festival (MPA) will continue its fifth season of concerts on Saturday, June 21, at 7:30 p.m. in the Great Hall of Penn Alps with pianist Carlos Cesar Rodriguez.

Rodriguez made his orchestral debut in his native Venezuela at age 11 and performed his New York City solo recital in Carnegie Hall at age 21. He has performed as soloist and chamber musician throughout the United States, Europe, and South America. A performer who throws body and soul into his playing, Carlos is as compelling to watch as he is to hear, a spokesperson noted.

Rodriguez has been awarded the special privilege of working on the early period instruments located in the Smithsonian Institution in Washington, D.C. This opportunity has given him the freedom to explore the baroque and classical composers on the instruments of their times.

He earned a bachelor of arts degree in piano from North Carolina School for the Arts, a master's degree in music from the Julliard School, has studied privately in London and Salzburg, and is currently completing his doctor of musical arts at the University of Maryland.

Honors include: finalist in the New York Philharmonic Young People's Competition, winner of the 1991 Artists International Competition in New York, first prize winner of the 1992 Pro-Mozart Society Auditions in Atlanta, and first place in the state and eastern division of the Music Teachers National Association's national competition.

Music at Penn Alps is a summer-long series of concerts in the Great Hall of Penn Alps near Grantsville. For information about the concert schedule and ticket information, persons may call MPA at 301-895-3332.

GCHD Offering Course Series On Alcohol Awareness

The Garrett County Health Department is providing a series of free alcohol awareness trainings to different segments of the population. These trainings are being sponsored by the Highway Safety Program through special funds from the Maryland State Highway Administration.

The training series being used is called TIPS, Training for Intervention ProcedureS, and is designed to prevent alcohol abuse, drunk driving, and underage drinking by enhancing the fundamental "people skills" of servers, sellers, and consumers of alcohol.

"TIPS gives individuals the knowledge and confidence they need to recognize potential alcohol-related problems and effectively intervene to prevent alcohol-related tragedies," said Fred Herath, who is a local certified trainer for the TIPS program.

The first training is scheduled for Tuesday, June 24, from 6-8:30 p.m. in Room 310 at Garrett Community College. The training is open to the public and is geared toward families, PTA's, community groups, and social organizations. Anyone interested in attending this or any future trainings should call Community Outreach at 301334-8122 or 301-895-3111 and register. Seating is lim-ited to 20 people per training.

The next two trainings are geared toward establishments who hold liquor licenses. The TIPS trainings satisfies Maryland's requirement for mandatory training and successful completion of the training certifies the person for four years.

The "On Premise" program is a six-hour program designed for servers at restaurants, bars, hotels, and any establishment where alcohol is consumed on the premises. Employees learn strategies for serving alcohol re-sponsibly while providing the best possible customer service.

The On Premise training is scheduled for Tuesday, July 29, from 9 a.m. to 4 p.m. in Room 305 at Garrett Community College.

The "Off Premise" program is a three-hour program which addresses the sale of alcohol at grocery stores, liquor stores, convenience stores, and package stores. Clerks learn to prevent illegal alcohol sales to underage or intoxicated patrons.

The Off Premise training is scheduled for Thursday, July 24, from 9 a.m. until noon at the Oakland Town Hall.

Although Maryland law only requires one person per establishment to hold current alcohol awareness certification, having more employees certified offers possible additional benefits, such as insurance discounts, a "reasonable efforts defense" in lawsuits, and enhancement of the establishment's public image.

TIPS literature lists the following scenario among its success stories: "In Michigan, an establishment was caught in a sting operation and faced a stiff penalty. Before going to court, the manager arranged for TIPS training for all of her employees. When the judge was informed that the employees had received TIPS training, he waived the server's fine and placed the establishment on probation for six months," said a spokesperson.

Drug Charges Filed Against Three From Pa.

An investigation by the Garrett County Narcotics Task Force and Maryland State Police Bureau of Drug and Criminal Enforcement, Barrack W, McHenry, resulted in the arrest in Swanton of three Pennsylvania residents.

Executing a search and seizure warrant, officers on the scene confiscated cocaine, marijuana, and $9,518. They arrested Robert M. Schuffert, 37, Sharon A. Schuffert, 30, and Richard Schuffert, 32, all of Munhall, Pa.

All three were charged with possession of cocaine, possession of marijuana, and possession of drug paraphernalia. They were incarcerated in the Garrett County Jail and later released on bond.

Glotfelty To Replace Braskey On MACo Board

The Maryland Association of Counties (MACo) recently unanimously voted to appoint Garrett County Commissioner Roger Glotfelty as Commissioner John Braskey's replacement on the association's board of directors.

In a written statement, Braskey asserted the importance of representation on the board for Western Maryland and Garrett County, and added his confidence in Glotfelty as the new member.

The board of directors meets with the speaker and the president of the Senate, along with top legislative leaders and members of the governor's staff. The board also meets with the governor several times each year, according to the press release.

Glotfelty stated that he is honored with this appointment and that local representation on the executive board is important to the interests of Western Maryland.

BOE Shifts Vote On Energy Saving Contract Bid

The Garrett County Board of Education reversed a previous decision and voted in favor of the performance contract from the Honeywell Company to reduce energy costs through systems improvements in the school buildings.

At the board meeting on June 10, Michael Sines, maintenance supervisor for the county school system, presented a letter from Honeywell stating the company's withdrawal of their offer based on the board's 3-2 vote against accepting the contract pending further meetings. Discussion among the board members led to reconsideration of the issue.

Representatives from Honeywell had provided a feasibility study after extensive research of the current heating, cooling, lighting and other energy uses in the school system. Their study outlined specific equipment needs and enhancements to current equipment that would produce an energy savings equivalent to or in excess of the present energy costs to the board of education. These savings would also cover the expense of improvements to the system.

Crellin Dispute Results In Two Arrests By GCSO

A pair of Crellin men were arrested last week after Garrett County Sheriff's deputies were called to a domestic fight on West Ashby Ellis Road on the evening of June 15.

Shawn Louis Smith, 20, Oakland, was arrested and charged with second-degree assault, disturbing the peace, and three counts of resisting arrest.

Frank Russell Smith, 42, also of Oakland, was arrested and charged with obstructing and hindering a police officer carrying out his duties, and second-degree assault on a deputy sheriff.

According to the police report, as deputies arrived on the scene they heard the sounds of an altercation coming from inside the house. They had been able to determine that Shawn Smith had allegedly assaulted his fiancee during an argument when Smith came out of the house and confronted them, allegedly cursing and harassing the deputies with loud profanity. After repeated warnings to stop, he was told he was being placed under arrest; at that, Shawn Smith turned to go into the house. When the deputies tried to follow him, Frank Smith, who had been standing behind Shawn, reportedly stepped in their way and pushed one of the deputies back. Frank Smith was then subdued and placed under arrest.

The deputies then went inside the house to take Shawn Smith into custody, but as Shawn Smith was being apprehended inside

Thank You, Dr. J. . . .

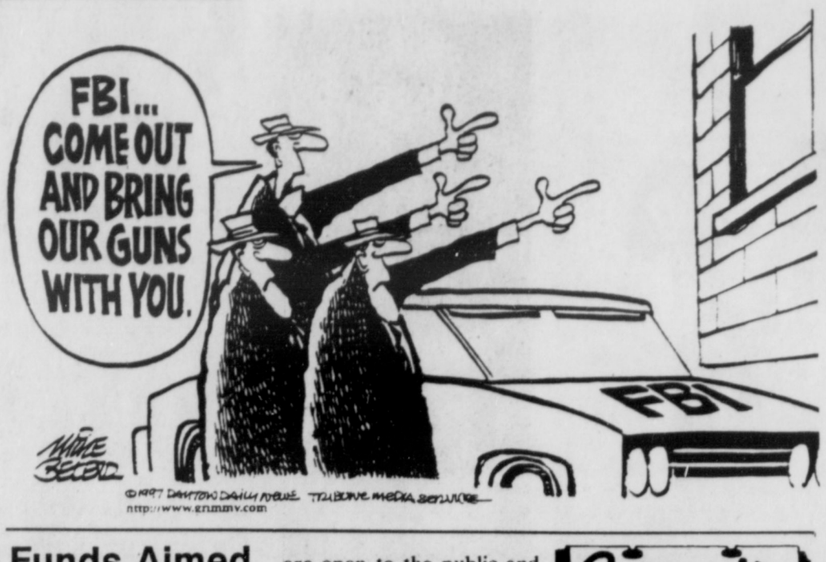

In less than two weeks we will bid farewell to a person who has touched literally thousands of Garrett County lives over the past 18 years, as Dr. Jerome Ryscavage, affectionately known as "Dr. J.," will step down as superintendent of the Garrett County school system. In our opinion, his departure from that position will be an enormous loss to our county.

Even with the complexity, the awesome responsibility, and intense pressure of the job, Dr. Ryscavage always kept the following as his primary focus: what is the absolute best interest of our young people? His record shows that he asked himself this simple question while making every single one of the thousands of decisions that are part of the job. So many others in positions of leadership allow politics and financial constraints to primarily dictate their actions, which is usually the easy route, but these concerns did not deter Dr. Ryscavage. He was not so concerned about his popularity and he did not back off from the pursuit of his objectives simply because of a lack of money.

Dr. J. was truly a hands-on superintendent, who would suddenly pop into a classroom in Kitzmiller, or at Rt. 40 Elementary, or at Dennett Road, and spend time there -- not to micro-manage and not to try to catch a teacher off guard, but just to have some personal contact with his teachers and their students, to support and encourage them, and to offer helpful suggestions. Education has always been exciting to Dr. Ryscavage, and his enthusiasm was contagious.

He has also been an asset to the community outside of his professional life, as an active member of the Oakland Rotary Club and similar organizations, and of his church. He is the eternal optimist, who always has a kind word and a pleasant disposition. His intelligence is exceeded only by his solid, genuine values and his goodness as a person.

So to Jerry, we say thank you, and we wish you the best of everything in your retirement. Dr. Wendell Teets, the newly hired superintendent, has some large shoes to fill (figuratively and literally). We wish him the best of luck and, while we realize he has his own style and his own ideas, we hope he continues all of the great things that Dr. Ryscavage has brought to our outstanding, award-winning, highly recognized school system over the past 18 years.

NECESSITIES AND OTHER INVENTIONS

By Peggy Santamaria

It was the CBS commentator Charles Osgood who said "invention is the mother of necessity." At least that's where I heard it.

How true. Until someone invented it (whatever it may be) we never needed it. We existed well without it. But once introduced into our lives, we can longer exist unless we have it.

The it, of course, could be many things including telephones, electricity, automobiles, whatever. Of late, however, the list seems to be growing very rapidly. From the cable that brings entertainment to our fingertips, to the cell phone that follows us everywhere so that there is no longer such a thing as solitude, these necessities surround us.

Sometimes a person can long for the simplicity of the good old days. For me the good old days were when the ATM (automatic teller machine) had instructions in simple words, printed on a screen. From place to place there was little difference between machines. They were rather consistent.

Back in those olden times, say 1973, a person could approach an ATM and read the words, "Welcome. Insert your card with magnetic strip down." That's pretty clear. There were no graphics or flashing lights, just words.

Once the card was inserted, a new message appeared. Punch in your personal identification number." Okay. "Select a transaction by number: 1. withdrawal 2. deposit 3. loan payment."

The whole process was simplistic. It worked. But with the invention of fancier computers and fancier programmers, ATM screens now flash out in brilliant color zigzagged with rectangles, squares, and arrows going this way and that. Yes, there are words. Yes, there are directions to follow, but one must wade through the sensory flood to get to them. Gone are simple words on a grey background.

Similar to the ATM experience for me is the pump at the gas station. No, I don't necessarily mean the ones with ATMs attached. Just plain old self-service pumps can be so cluttered with words, symbols, and colors that one does not know where to look first for instructions on use of the pump. Like snowflakes, no two are identical though the principle, obviously, is the same. Then when an ATM is attached to the gas pump, and sometimes flashing lights that blink out instructions, I need to shake my head and refocus my eyes before I can recover from the sensory overload.

I surely appreciate and have come to view some of these machines as "necessities" in my otherwise simple existence, but I do miss the old days of simple, written English. Yes, I admit with pride, I am definitely showing my age.

Letters to the Editor

To the Editor:

As I am a subscriber who lives in Fort Lauderdale, Florida, my letter may be a few weeks old and therefore lacking in lustre.

Richard Hill's comments regarding Jann Dehus's letter in which she may have intimated his "sipping tea" was not libelous at all - rather amusing. Actually, etiquette almost requests the pinky finger to be upturned in order to hold the cup properly. What Jann should have been observing was whether or not the tea cup was made of fine china, Limoge or Wedgewood.

If Mr. Hill directs his actors to sip tea with manly gulps, the audience will at least have a hearty laugh.

Our Town Theatre is wished every success, and I look forward to many years of pleasurable offerings.

Good Luck,
Jerrold Stonham

Note: The writer of the following letter is an exchange student from Brazil who has lived in Mountain Lake Park with Don and Suzanne Sincell and family since January. Although he has written in first person, he is also speaking for Julio Maia Vidal, another Brazilian exchange student, who has lived with John and Linda Durst during his stay in Garrett County.

To the Editor:

It was much quicker than I thought and now I do not want to it to end. I can remember clearly my first day here. I was tremendously nervous -- anyone would be. It was very cold (even for you) and I was not confident about my English as I am today. I would meet people who I had never seen and they would be my family, my friends, and people with whom I would spend over five months. But, this was just the beginning . . . .

I could not say here everything that happened with me and Julio in this extraordinary experience of life, but I would like to let you know it was awesome! All the bad and good moments, all the nice and mean people, all that we have learned and all that we still need to learn -- everything was available to improve us and to make this an exceptional experience of learning in our lives.

The principal reason to write this letter is to thank the community in general for having been so nice and friendly with us Brazilians. Because we come from a huge city such as Rio de Janeiro, we do not have this spectacular sense of community that you have here. This is a great and special thing and it can never be lost. We would like to especially thank Southern High School for having accepted us as its students, our friends for having always been so lovely with us (and sometimes even patient), our area representative, Bill Fintzell, for having been so gentle and considerate, providing everything necessary for our stay. He has been the best. Finally, thanks to our host families for having kept us these five months and for having given us all the support.

It is amazing how fast it was. After five months, we can look behind and see what we built here, everything that we did, all the friends that we made, all that we have learned with you. After all of this, it is very difficult to say goodbye. We have met people, we have made friends and we have learned to love new people, especially our host famines. They were incredible with us and we could not say goodbye to them without leaving our love and our sincere thanks. They will be people who will always be in our hearts and will always be remembered with love and affection.

I think saying goodbye is the hardest and the worst part of this experience. Who knows when we can meet you again? Who knows when we can come back? We still have so many things to do here and it already is time to leave. We miss you all now and we cannot imagine a farewell in a few days. In this way, we prefer to say a hopeful "see you soon" rather than a sad "goodbye."

Thank you for all!!

Sincerely yours,
Joao Felipe Franca

ROUTE 135

Route 135 at the intersection with Sand Flat Road was the scene of a two-vehicle accident yesterday, according to police reports.

Trudy L. Gaither, 40, Bayard, W.Va., was traveling eastbound on Route 135 around 4 p.m. She stopped while preparing to turn onto Sand Flat Road.

Robert L. Kelly, 22, Friedenes, Pa., was also eastbound on Route 135. He reportedly looked away from the road briefly and did not immediately notice that the Gaither vehicle was stopped. When Kelly did attempt to stop, he was unable to. Kelly's car hit the Gaither car in the rear.

Gaither was injured and transported by Southern Garrett Rescue Squad to Garrett Memorial Hospital, where she was treated and released.

Kelly was charged in the incident.

placement of a wrought iron fence, access for boats along the river, and a railroad car amphitheater. Work on the building will chiefly involve replacement of the slate roof. The windows are to be replaced as well.

"The brickwork is in good shape," McCain said. He said the overall estimate to restore the building is $300-500,000. The town and the S.O.S. (Save Oakland Station) committee are working on several grant proposals to help fund various projects and repairs.

"We're going to try to raise about $50,000 in the local community," he added.

Glotfelty asked if the county would be responsible for any loss, should the POS funds, for some reason, stop coming in. Nelson and McCain said no. The decision to write the letter of concurrence was unanimous among the three commissioners.

"THESE HIGH GREEN HILLS"

Whether you are looking forward to going away for a week or two this summer or if--like me--you are only sort of looking forward to a working vacation at home, you may want a good novel to read. I have one to suggest: Jan Karon's *These High Green Hills*.

This is the third volume of Ms. Karon's chronicle of the fictional North Carolina town, Mitford. The principal hero of the series is Father Tim Kavanagh, an Episcopal priest who has--in his early 60s--renounced the celibacy of bachelorhood to marry his lovely neighbor, Cynthia.

I say that Fr. Tim is the principal hero, because Mitford is a town populated by quietly heroic folk. There is also--among others --Miss Sadie, who after a life of thrift bordering on personal parsimony, has given five million dollars to build a nursing home that will attend to the souls as well as to the bodies of its residents.

The characters in this series of novels are splendid, and they have to be because there is not much of a story line. If it is action you want Jan Karon's novels are not for you. There is no hunt for enemy submarines, nor are there spies or spaceships. Reading the Mitford novels is like visiting a quiet little town with the usual mixture of saints and sinners, but with insight to see how the best of the place is triumphing over its worst. It is that quality which makes *These High Green Hills* (or any of the Mitford novels) such wonderful books to read on vacation especially if there's no money in the bank to go anywhere.

I have to admit that Episcopalianism is one of my least favorite forms of Christianity. I do, therefore, experience minor irritation over this ever so typical Episcopal priest, the guest appearances of his old friend and current bishop, as well as with the afternoon tea socialites of his parish. It is to Ms. Karon's credit that a Presbyterian partisan can and does enjoy her writing so much.

For one thing, I have to rejoice that someone is writing novels in which any kind of Christianity is so favorably exhibited. There are, of course, novels aplenty written for a so-called Christian market, filled with petty moralism and pathetic preaching. In Ms. Karon's work Christianity is embedded not only in the life of Fr. Tim, but also of the entire community he serves. Christianity is primarily their faith and only secondarily their religion.

Perhaps Ms. Karon's Episcopalianism is so sympathetic because she so clearly appreciates other authentic expressions of Christianity, even when they superficially seem at odds with the liturgical formalism of the Episcopal Church. Absalom Greer, an old-time Baptist preacher, is my favorite character in the Mitford novels. He is such a lovely man and so full of Christ's love. He is the kind of preacher who when he tells you that without Christ you're going to hell, you know it is breaking his heart. In the single page of acknowledgements at the front of the novel Ms. Karon, with palpable sadness, calls such preachers "a vanishing breed."

For those who have not read any of Ms. Karon's earlier works, I strongly suggest going back to the beginning of the series. *At Home in Mitford* introduced us to Fr. Tim and his enchanted world. *A Light in the Window* advanced the story a bit which *These High Green Hills* rounds off but does not end. For those who like to read their novels fresh off the best-seller rack, Ms. Karon's latest novel, *Out of Canaan* has recently appeared.

The finest quality of the Mitford novels is that they adjust the vision of the reader. Having read any one of them the reader can see what is brave and good just outside his own window. I hope that going beyond seeing, the reader himself is inspired to live a little more bravely than he has before. It is rare and wonderful to receive encouragement to be gentle and courageous all at once.

Oakland Man Guilty Of Vehicular Homicide; PSI Set

The driver of a vehicle that crashed in Herrington Manor State Park last November, killing passenger Thurman Whitacre of Mtn. Lake Park, pleaded guilty this week to one criminal charge of homicide by motor vehicle while intoxicated. A pre-sentencing investigation (PSI) was ordered by Garrett County District Court Judge Ralph Burnett.

Joseph Edward Fink III, 24, could be sentenced to up to five years in jail and/or receive a fine of up to $5,000 for the conviction.

The Maryland State Police accident investigation determined that, while traveling south along Herrington Manor Road, Fink's Jeep ran off the right roadside, striking a boulder and several trees. The impacts caused the 61-year-old Whitacre, who was not wearing a seatbelt, to be ejected from the vehicle. Whitacre was pronounced dead at the scene. His son, Onie Whitacre, 25, Oakland, was a second passenger in the vehicle and also sustained injuries.

Mandatory testing determined that Fink had over twice the legal amount of alcohol in his blood at the time of the accident.

Less serious motor vehicle violations, including driving while intoxicated, reckless driving; and negligent driving, were dismissed in court. "The facts upon which the motor vehicle violations were based were the same as the facts upon which the criminal charge was based," explained State's Attorney Lisa Thayer Welch. "Therefore, even if guilty findings were made for all charges, the Court would merge all of them at sentencing and Fink would still face the possibility of only the five years" in jail.

In other district court news recently, a Baltimore man was sentenced after being convicted on drug and resisting arrest charges.

Brad Jezek, 27, was convicted of one count of possession of a controlled dangerous substance (CDS) and one count of resisting arrest, stemming from his April 1996 arrest.

Undercover police observed Jezek smoking marijuana at an open-air concert off Green Lantern Road. Jezek was subsequently arrested at his vehicle in the parking lot, and a search of his backpack revealed several tins containing marijuana. When the drug was discovered, Jezek attempted to flee on foot, which garnered the resisting arrest charge.

Visiting Allegany District Court Judge Paul Stakem gave Jezek a split sentence for the two convictions, crediting him with five days jail time already served and imposing a 115-day suspended sentence. Jezek was also fined $555 and placed on 18 months of supervised probation.

Kenneth Patrick Niner, 38, Oakland, was convicted of acting as a building contractor without a license, and fined $555.

According to the court report, Niner had signed a $26,000 contract to perform home improvements on an Oakland home. A subsequent investigation by the Maryland Home Improvement Commission revealed that he was not licensed to perform as a contractor in this state. The charge against Niner was filed by the commission.

Daniel Redmond, 35, Friendsville, received a probation before judgment (PBJ) and a $155 fine after pleading not guilty to a charge of battery. Redmond was accused of battering his juvenile daughter during a domestic dispute last September. The teenager alleged that after Redmond had been drinking, he grabbed her and knocked her to the ground as they were arguing.

In addition to the fine, Redmond was placed on 18 months of unsupervised probation. The PBJ ruling means that the case will not reflect a criminal record if Redmond complies with all terms of his probation.

Ryan Lee Sines, 19, Friendsville, had a charge of possession of CDS (controlled dangerous substance) paraphernalia placed onto the stet docket. The stet order means that the charge can be recalled within the next 365 days if the court deems it necessary.

Sines's drug paraphernalia charge stemmed from his arrest after the execution of a search and seizure warrant by the Garrett County Narcotics Task Force at his Sand Springs Road residence in March.

As a condition of the stet, Sines was ordered to complete 20 hours of community service.

Earl Railey, 50, Oakland, was not prosecuted on a charge of verbal harassment.

DWI Hearings

Several driving while intoxicated (DWI) and driving under the influence of alcohol and/or drugs (DUI) cases were heard in district court recently.

Michael Richardson Dorsey, 48, Md., was convicted of DUI, fined $155, given a 30-day suspended sentence, and placed on one year of supervised probation. He was also ordered to complete 30 hours of community service.

Cindy Robin Slaubaugh, 35, Md., was convicted of DUI, fined $100, given a 30-day suspended sentence, and placed on one year of supervised probation. She was also ordered to complete 20 hours of community service.

Joseph Patrick Germain, 20, Md., was convicted of DWI and handed a PBJ. He was also fined $355 and placed on one year of supervised probation.

Steven Joseph Eddy, 41, Texas, failed to appear for his DWI hearing. A bench warrant was issued for his arrest.

New Ordinances

ments for roads serving 19 or fewer dwelling units. The ordinances in their complete form can be read and reviewed at the planning office, located in the Garrett County Courthouse, Oakland.

Commissioner John Braskey asked if the hearings and meetings had been publicized enough; was everyone who needed to know about the ordinances aware of the process? Nelson said all the gatherings were publicized in the paper and on the radio, and that separate stories about the issue had appeared in *The Republican* and the *Cumberland Times-News*. Braskey said he had "gotten calls" from people who were dissatisfied about the process and he suggested that perhaps another hearing should be scheduled. Nelson reminded him that the July 1 deadline from the state is less than two weeks away.

"Maybe you should request an extension," Braskey said.

"I do not think that is necessary," Nelson said.

Commissioner Wayne Wilt said he knew how he wanted to vote and was ready to do so, but Braskey said he wanted to "look over" the document more. Glotfelty said he, too, wanted some time to study the final document. Monty Pagenhardt, county administrative officer, said Tuesday afternoon that the commissioners had not had a chance to study the document that day because of other engagements, but that they will vote on the issue next Tuesday during the regular meeting.

Felker-Knepp-Tressler Reunion Slated June 29

The 74th Felker-Knepp-Tressler reunion will be held on Sunday, June 29, at the White Oaks Picnic Grove, Route 160, with lunch beginning at 12:30 p.m.

Mr. and Mrs. Rufus Tressler and N.B. Heckler organized the first Felker-Knepp family reunion in 1923. The officers of that first reunion, which was held at Fuller's Park, Boynton, Pa., were N.B. Heckler, president; John Felker, vice president; H.W. Laing, secretary; and W.H. Knepp, treasurer.

Since two of the Felker people were married to Tresslers, Mrs. John Faith suggested that the Tressler family be invited to join the Felkers and Knepps for the annual family reunions. The first 15 years of reunions involved several meeting places, such as Fuller's Park, Boynton; Landis' Grove, Berlin; Edgewood Grove, Somerset; Odd Fellows' Grove, Kingwood; and Pine Grove, Salisbury.

For the first few years, these gatherings usually numbered over 100.

The officers of the present Felker-Knepp-Tressler reunion are Debbie Bender, president; Joanna Martens, vice president; Nancy Martens, secretary; and LaVerne Yutzy, treasurer. Any family descendants are welcome to attend.

The reunion committee has voted to furnish the meat and the coffee for this year's reunion. All families are to bring picnic lunches, which will be shared buffet style. Family members are also asked to bring items suitable for an auction, to be held in the afternoon.

SWANTON NEWS

Orval and Mareva Teets attended the N.A.R.V.E. meeting in LaVale last Wednesday.

Earl, Helen, and Bob Winters, accompanied by Jeff and Regina Sweitzer, Salisbury, traveled to Carmel, Ind., for the graduation of Andrea Sweitzer from Carmel High School. She was one of the 665 who graduated June 11. Carolyn Snyder, Bowie; Jason Sweitzer, Swanton; Alison Rudy, Oakland; and her great uncle John Glass and his wife Betty of Fairborn, Ohio, were also present at the graduation. All spent a week with Jim, Barbara and Andrea Sweitzer. Andrea is now visiting family at Swanton for two weeks. She will be attending Frostburg University in the fall.

Fannie and Bob Rizer, Savage River Road, visited Mareva and Orval Teets on Friday evening.

On Saturday afternoon Barbara Sweitzer, Grace Lee, Lucinda Davis, Lorena Rodeheaver, Mary June Harvey, Mareva Teets, Amy Sweitzer, and Louise Beckman were among those attending a wedding shower, given by Linda Lohr, Lisa Crawford, and Suzie Plum, at the Loch Lynn Church of God Fellowship Hall for Harland Lohr and Jody Fletcher.

On Sunday, June 15, the family of Ellis and Mary June Harvey hosted a dinner at the Deep Creek Lake cottage, North Glade, to celebrate Ellis's birthday, the 57th wedding anniversary of Ellis and Mary June, and Father's Day. Those present were Sandy, Brian, Ellida, and David Schofield, Bittinger; Ellisa, Mike, Emily, and Michaela Woodbrey, Frostburg; and Richard Schofield, LaPlata.

The family of A.J. Fleming II celebrated his 18th birthday on June 15 with a dinner at the home of his parents, Albert and Linda Fleming. The fathers were also honored. Others present were Orval and Mareva Teets, Richard Gerlack, Lucinda, Steve, and Amber Davis, Lawre, Randy, and Zachary Virts, and April Tichnell.

Clara Coddington, Lanham, is spending another week with her mother, Amy Sweitzer.

On Saturday, June 14, a birthday celebration for Matthew Teets was held at the home of his parents, Crystal and Charles Teets, Deer Park. Attending were Bob and Fannie Rizer, Savage River Road, Glen and Freda Teets, David, Mary Louise, Addy, Joni, and Holly Wilson, Swanton. Wandell and Stefannie Feaster, New Creek, W.Va., Betty, Vicki, and Roger Wilt, and Josh and Megan Teets, Deer Park.

Father's Day was celebrated at the home of Glen and Freda Teets on Sunday with the following persons attending: Thomas Wilson, Mary Louise, David, Addy, Joni, and Holly Wilson; Charles, Crystal, Josh, Megan, and Matt Teets, and Betty, Roger, and Vicki Wilt.

"WAITING LITTLES" HAVE FUN DAY -- Garrett Community College Adventuresports students recently hosted a hike and picnic for the "Waiting Littles" of Big Brothers/Big Sisters. Each child was paired with his or her "Big" for a day. Following a hike at Swallow Falls, a picnic was held. GCC student Christina Martinez recruited fellow students to organize the activity, according to Linda Stephens, county coordinator of Big Brothers/Big Sisters, who added that there are currently 15 "Waiting Littles" and five children who have applications in. "This type of activity sure makes the waiting for their very own special "Big" easier to bear," said Stephens. Any group or organization wishing to host an activity may contact the Big Brothers/Big Sisters office at 301-334-3591.

COMMUNITY ASSOCIATION

The June meeting was held Monday, June 16. The association will hold a barbecue chicken dinner July 12. Serving will begin at noon.

A yard sale will be held the same day, beginning at 9 a.m. Anyone who wants to participate should come early to select a site. Persons must bring their own tables. All Swanton area residents are invited to join the Community Association. The new year will begin July 1. Dues are $5 per year per family and may be paid to membership chairperson Mary June Harvey. Meetings are held the third Monday of most months at 7:30 p.m.

OTTERBEIN U.M. CHURCH

United Methodist Women met on Tuesday June 10, at the church. Vice President Betty Wildesen led the devotional program and conducted the business meeting. Plans were made for the annual picnic, which will be held Monday, July 7, 6 p.m., at the home of Joan Riley.

Ray Sweitzer, Harley Wildesen, Ellis Harvey, Orval Teets, and Richard Gerlack attended the brotherhood meeting at Hoyes United Methodist Church last Tuesday evening. The monthly prayer breakfast will be Saturday, June 28, at Grantsville.

The new interim Pastor David Simmons will be speaking at the 11 a.m. worship service Sunday, June 22.

Seniors, Council Meet With Yoder In Friendsville

Prior to the opening of the general session of the Friendsville town meeting Tuesday evening, Duane Yoder, executive director of Garrett County Community Action Committee, Inc., met with the mayor, council members, and senior residents to discuss plans for a facility for senior use.

Yoder explained that by expanding the facility that houses the Headstart program in Friendsville, space could be created that could be used for seniors for group dining as well as activities.

The project as proposed by Yoder would use block grant funding. The town would submit the application for the grant with assistance from Community Action in putting together the information package, he explained.

"The town is ready to submit the application," he said. There will be a follow-up meeting on Saturday to address several issues that came up at Tuesday's hearing. Two of the concerns centered on design of the facility, Yoder said.

At the Saturday meeting Sheldon Dearden, who will be responsible for the project design, will focus on space planning and situation of the facility on the site.

Staff members of the county senior programs will join Yoder and Dearden at the meeting to refine building plans.

A facet of the Friendsville project, Yoder said, is the requirement for local funding. The town will contribute the land as a portion of the local funds. "The seniors have agreed to do fund raising to furnish the facility. This is an important part," he said.

The grant application is due on July 17. Yoder said he hopes to get a response from those who will be involved with this facility.

Sheriff's Dept. Recipient Of BB/BS Trophy

Robin Sines, also an employee of the Sheriff's Department, participated in the fund raising and was the grand prize winner in the Family Division. The Law Enforcement Division also included the Maryland State Police and the State's Attorney's Office.

Cherry Glade, St. Mark's At Top Of Softball League

Cherry Glade Mennonite took three out of its four games in Garrett County Men's Softball League play this past week, and currently share first place with St. Mark's Lutheran, who had played fewer games at the time *The Republican* went to press today.

Cherry Glade started the week off big with a sweep of Oakland Nazarene by scores of 10-4 and 33-11. Pitcher Beryl Moser took the victory in game one, and Kevin Miller hit a home run. Ben Maust was the winning pitcher in the second game, as Miller again led the offensive attack, this time with two home runs. Solo round-trippers were added by Terry Beal and Danny Tice of Cherry Dale, while Steve Shaffer had a one-run homer for Nazarene.

Cherry Glade split its second twinbill of the week, defeating Glade Mennonite Church, 16-7, as Moser took another win in game one. Glade rallied back to take the second contest, 9-4, as Terry Brenneman cleared the bases with a grand slam, and Jeff Beitzel added a three-run shot of his own. Pitcher Rick Brenneman took the win for Glade. Marvin Shrock hit a two-run home run for Cherry Glade, and Sheldon Maust had a solo homer of his own.

It was a big night for the Brennemans as Glade continued its winning ways by sweeping a double-header from Crellin.

Todd Brenneman was the winning pitcher in both games, taking the first contest by a score of 12-9, and the second, 18-3. Terry Brenneman cranked out three homers, one driving in three runs, and knocking in two runs on each of the other blasts. Jeremy Brenneman did his part to honor the family name by contributing a three-run shot of his own.

Crellin's next effort on the diamond met with better luck, as it split two games with Maranatha. Skip Lapp had a fine day on the mound in the first contest, hurling Maranatha to a 12-3 victory. Crellin then salvaged the week from disaster by defeating Maranatha in the second contest, 14-7. Jim Kenner took the win, while Chip Miller and James Bateman each contributed solo round-trippers. Gary Hay and Seth Brownlee each had one-run homers for Maranatha.

Mt. View split both of its doubleheaders with Nazarene and Deer Park. In the first twinbill, Nazarene and its pitcher Dennis Murphy took the early upper hand with a close-fought 9-8 victory. Mt. View roared back to win the second game, 25-16, as Meryl Beachy belted a grand slam and Shrock added a one-run shot of his own. Pitcher Gerald Tice took the victory for Mt. View, while Steve Shaffer hit a solo home run for Nazarene.

Mt. View got off to a good start in its second matchup, beating Deer Park, 16-12, behind the pitching of Richard Kinsinger. Deer Park won the closer, eking out a 9-8 victory. Mt. View's offense was bolstered in the losing effort by solo home runs by Meryl Beachy and David Tice.

A doubleheader matching St. Mark's Lutheran against Cornerstone was delayed, and will be played on the night of Thursday, June 19.

Current standings in the league are as follows: Cherry Glade, at 9-3, and St. Marks, 6-2, are tied for first place with each boasting a .750 winning percentage; Mt. View second at 8-4; Maranatha and Glade tied for third, each at 7-5; fourth is Deer Park at 5-5; Crellin is fifth at 5-9; Nazarene is sixth at 2-10; and in seventh place is Cornerstone at 1-7.

FISH TALES ABOUNDED after the fishing derby at Herrington Manor State Park last Saturday. The derby's theme was "Hooked on Fishing and Not Drugs," and the 150 participants hooked the largest number of fish ever caught in the eight years of the family event. Above left are the winners of the up to age 7 category, left to right: Robert Hardbaugh, first place; Kimberly Michaels, second place; and Mathew Corby, third place. Below left are the winners of the ages 8 to 11 category, left to right: Joey Otto, first place; Tim Reams, second place; and Samuel Leatherman, third place. Above right are the winners of the ages 12 through 16 category, left to right: Jeff Maule, first place; Lewis McCombie, second place; and Heather Hook, third place. Below right, grand prize for the largest catch of the day was taken by 3-year-old Dia Schroyer of Accident, shown here with her proud papa, David. Dia landed the 35-ounce, 17-inch rainbow trout all by herself, quite a feat considering that the whopper was almost as big as the tiny angler. Dia's grand prize netted her family a free weekend stay in a Herrington Manor cabin after Labor Day. At far right, Lewis McCombie proudly displays his 31.4-ounce, 20¼-inch chain pickerel. All in all, it was a day of fun fishing that made for some great tales.

Women's Golf Winners Named

In Garrett County Women's Golf Association events of the past week, a scramble was played after the 8 p.m. meeting on June 5. Taking first place, with a score of 77, was the team of Marianna Naylor, Angie Bosley and Carolyn Deverse. Finishing second was the team of June Bray, Ruth Ann Porter and Jo Cook, with a score of 79. Rounding out the top three was the team of Pat Filsinger, Margaret Moran, and Joyce Smith, with a score of 80. Anne Jesnak's team won low putts with 27.

The June 12 contest was a game of blind-draw, four-person best ball. Anne Jesnak, Cheryl Wotherspoon, Julia Sines and Joyce Smith finished on top with a low score of 57. Three teams tied for second with a score of 61: Roberta Seward, Loretta Pernell, Rita Humberson and Celeste Lascaris; Mary Spencer, Nellie Inskeep, Ruth Ann Porter and Carolyn Deverse; and Pat Filsinger, Kim Shirer, Marion Boehmer and Kozuko Hamill.

Weather permitting, a mixed nine-hole scramble is played every Friday evening, with a tee-time of 5:30 p.m.

Hot Stove League Action

Sisler Lumber Still Perfect

Sisler Lumber remains at the top of the stack in the Hot Stove League as it took the wood to Moose, 12-2, this past week. The win at Northern High School boosts Sisler's perfect record to 8-0.

The fireworks started in the first inning, as Sisler pounded out seven runs; in the second inning, it added three runs, and in the third, two runs came in. By the time the fifth inning came around, the ten-run rule was ready to go into effect, and the game was curtailed at that point.

Sisler's mounted a team effort at the plate, as Adam Brenneman had a triple and two RBI, Levi Schmuck doubled, Taylor Glotfelty had a two-run single, Josh Hook two doubles and an RBI, B.A. Sisler a single and two RBI, and Jeff Carr drove in a run with a single. Pitcher Josh Hook gave up only five hits as he took the victory on the mound.

Sisler takes its big sticks down the mountain to the woodyard this Friday, June 20, where Westvaco will host the hot-hitting lumbermen.

Post 214 Loses To Jaycees/Eagles

Grantsville Post 214 dropped a home game to the Jaycee/Eagles 245 by an 8-1 score this past week. Post 214's Hot Stove League record now stands at 2-4.

Roy Holiday's two singles were the bright spot for Post 214 at the plate, as Jaycee/Eagle 245 pitcher Matt Welch threw seven strikeouts over five-plus innings. The offensive onslaught by the Jaycee/Eagles 245 was led by Garrett Seward and Tony Fetters, who had three hits apiece. Seward had two doubles and a single for the day, while Fetters singled twice and doubled once.

Post 214's next game is this Thursday, June 19, against Boal's in Westernport.

Western Garrett Takes Two More

Western Garrett remains hot on the heels of the front-runner Sisler Lumber in Hot Stove League action this week after racking up two more victories. Western Garrett's record stands at 7-1, a close second to Sisler Lumber's perfect 8-0 start.

Western Garrett started the week off with an uncharacteristically low-scoring and closely fought contest with Frankfort, prevailing by a score of 5-4. The game almost got away from the home team in the top of the final inning, as Frankfort mounted a three-run comeback to come within one run of tying the score.

Pitcher Brant Green, who was nearly unhittable throughout the first six innings, came away with the victory. His main offensive support came from Ryan Savage, who had a double and a single while driving in two runs. Jeremy Frazee doubled in a run, and Mark Wolf added two singles of his own.

In its second contest of the week, Western Garrett returned to its customary form at the plate by pounding the Medicine Shoppe in a 12-2 rout in Frostburg. Pitcher P.J. Workman was the player of the day, giving up only three hits and striking out nine players in the six-inning contest. Workman was his own best friend at the plate as well, smacking a double as he went two-for-two, with two RBI. Catcher Mark Wolfe doubled and singled, driving in one run, and Ryan Savage and Tim Umbel added two-baggers of their own.

Both of the Medicine Shoppe's runs came in the first inning, one on an RBI double by Pete Gostomski.

Western Garrett's next game will be at home in Friendsville on Friday, June 20, against Fort Ashby.

Garrett County Legion Team Off To A Slow Start

Although the week began with a big win for Garrett County, the team was later the victim of doubleheader sweep, dropping its record to 1-3 in Mountain District American Legion baseball play.

In the week's early matchup, Garrett County avenged last week's opening-game loss by crushing Fort Cumberland Post 13 by a score of 15-6. The home team had a field day at the plate, teeing off for a total of 20 hits. The well-balanced attack was paced by a three-run home run by Joey DiSimone, who also had two singles for a total of four RBI, and Derek Everd's double and four singles, sending three runs home himself. Andy Brenneman contributed two RBI with a triple and a single, Scott Sisler doubled and singled, and Mike Bittinger, Chris Bittinger, Aaron Blocher and Joel Uphold each had two singles apiece.

Brian Powell had two singles and a double for Fort Cumberland, and Angelo Bascelli had a pair of doubles. Josh Logsdon and Jeremy Boyer added two singles apiece.

Garrett County hosted Frostburg at the GCC diamond in its next outing, but the home-field advantage failed to help it take either end of the doubleheader matchup.

Frostburg's pitching stymied Garrett County all day, as Josh Broadwater gave up only one run in a 3-1 opening victory for Frostburg, and Tom Bolt whiffed ten Garrett County batters in the second game for an 8-4 Frostburg win. Both pitchers had complete games, giving up only five hits apiece.

Chad Warnick's double and Matt Fritz's two singles were not enough for Garrett County's offense, as Frostburg's Chad Ricker doubled and singled, and Brian DeHaven punched out two singles of his own.

In the second game, Andy Brenneman had two of the five hits given up by Frostburg's Broadwater, both singles, and Joey DiSimone and Aaron Blocher each had a double. Frostburg's 13-hit attack was paced by Mark Harbaugh's double and three singles, and a double and two singles by Alex Shirey. DeHaven added a double and a single.

Garrett's record now stands at 1-3 for the season.

Open House Set For This Sunday At Yacht Club

The Deep Creek Yacht Club will hold its Open House this Sunday, June 22, from 1 to 4 p.m. Whether one is a sailing pro, a novice sailor, or a "want to be" sailor, all are invited. Located in the Thousand Acres development at 855 Lake Shore Drive, club members are offering "a taste of Deep Creek Lake sailing" aboard their Flying Scots.

Gary Schubert, Phillippi, W.Va., is serving as club commodore, which is equivalent to chairperson or president. According to Schubert, DCYC hopes to interest people in sailing, and "to demonstrate the advantages of belonging to our sailing club both on and off the water."

The Deep Creek Yacht Club was charted in 1948. In 1965 a club facility was built by the members with some contracting help. "This has always been a hands-on club," stated Schubert. "If it needs done, the members do it. The club provides a home away from home for members while they pursue their interest in sailboat racing with the Deep Creek Yacht Racing Association and day sailing."

The club facility features docks, moorings, and common areas, including a kitchen, ward room, and great room. There are even dormitories and 10 leased rooms for those who live away from the immediate Deep Creek area.

The club members range in age from 20 months to 81 years of age, and the members hail from many different home ports, including Cumberland, Frostburg, Swanton, Grantsville, Pittsburgh, and Bethel Park, Pa.

After a day of racing and sailing, members gather on the patio or in the ward room to share sailing stories while socializing, according to Schubert. "The racing and sailing experts are willing to share their knowledge with the novice. Social activities are a mainstay of the sailing season's on-shore program. From the opening in April to the club's closing in October, parties and events abound. There are barbecues, corn roasts, pig roasts, dancing in the "great room," and theme parties. Even the work sessions, such as putting in the docks and opening the club for the season, are turned into good times," Schubert said. At the Sunday, June 22 open house, club members will have their Flying Scots rigged and ready to provide a "taste of sailing" to visitors. Refreshments will be available on the club patio.

Thousand Acres is accessible from Route 495 via Sky Valley Road. For additional information or directions to the club, persons may call Gary Schubert at 304-457-1240, or on weekends they may call the Deep Creek Yacht Club at 301-387-9815.

SAILING, SAILING...- Deep Creek Lake features some of the finest sailing to be found anywhere, both from a recreational angle and as a competitive activity. In order to introduce new folks to the sport, and what Deep Creek Lake has to offer, the Deep Creek Yacht Club will hold an open house this Sunday, June 21. See story for details.

Oakland Still Hot In Pen-Mar League Action

Although Oakland lost a close one this week, it won two by big margins, and still has much to be proud of. The local team now boasts a 5-1 record in Pen-Mar Men's Baseball League play.

Oakland topped Hyndman at the start of the week, 7-1, behind the strong arm of pitcher Jason Lantz. In eight innings, Lantz had six strikeouts and allowed only four hits, and Dale Ridenour came to the mound for the closer. A double by Donnie Reeves brought home two of Oakland's three seventh-inning runs, after Joe DiSimone had an RBI triple in the fifth. Jeremy Fitzwater added two singles and scored twice.

Visiting Hyndman's offense was led by two singles by Jason Burkett, and solo singles from Sparky Sharpless and Brad Turner.

Oakland and Hyndman tangled again later in the week in a doubleheader matchup in Hyndman. Oakland vanquished the home team in the first game, 11-0, but dropped a 6-5 squeaker in the bottom half of the twinbill.

Oakland pitcher Kent Taylor threw the opening game shutout, allowing only four hits. He was helped at the plate by Mark Elliott and Bill Phillips, who each belted a homer and a single while driving in two runs apiece. Jamie Ringler doubled for Hyndman.

In the second contest, Hyndman's Ringler knocked in three runs and Terry DeHaven added a double and an RBI. Oakland scored twice in the top of the final inning, tying the game, but a run by Hyndman in the bottom of the inning clinched their victory.

Oakland next plays Zembower's this Saturday, June 21.

Sailboat Racing On Deep Creek Lake

SAILBOAT RACERS HAVE GOOD WIND AND GOOD WEATHER
by Dan Muss

This past weekend was a good one for sailboat racing with seasonable weather and reasonable wind. Of course what's reasonable on Deep Creek Lake would drive low country sailors crazy. On Sunday the wind was blowing from the southeast; when one looked out at the sailboats leaving the moorings at the Turkey Neck Yacht Club it looked like there was no wind at all. The club was in the wind shadow of the hills surrounding the lake. When the sailboats got out to the slot between Turkey Neck and Thousand Acres there was a nice breeze blowing from the east, funnelled between those two points of land.

Our local racing rules require a minimum of three sailboats starting for a race to be scored. In the second and third Laser races there were only two boats on the line so there is no official score listed in the results. But there were two boats there and they enjoyed an unofficial match race.

There were no collisions, no protests and no capsizes... just a nice weekend of racing.

RACE RESULTS

First race: Flying Scot A - Jack Carpenter and Tom Scannell, first; Al and Marlene Riebel, second; Doug and Audrey MacMillan, third. Flying Scot B - Tony Komunski and Meredith Dodd, first; David and John Frank, second; Ed and Barbara Peters, third. Laser - Keith Spinnenweber, first; Dave Mahan, second; Steve Wilson, third.

Second Race: Flying Scot A - John Meredith and Jeanette Dodd, first; Jack Carpenter and Tom Scannell, second; Dick Gregory and Allison E. Felix, third. Flying Scot B - Tony Kominski and Meredith Dodd, first; Al Caretto and Jon Skoog, second; David and John Frank, third. Laser - No race.

Third Race: Flying Scot A - John Meredith and Jeanette Dodd, first; Jack Carpenter and Tom Scannell, second; Doug and Audrey MacMillan, third. Flying Scot B - Al and Jean Thagard, first; Tony Kominski and Meredith Dodd, second; Susan Mabel and Ken Gib, third. Laser- No race.

ROY'S TRAVEL TRAILERS

Harman, WV
800-447-7697

IT TAKES A VILLAGE TO RAISE A ROOF - Residents from across northern Garrett County recently joined to raise funds to repair a wind-damaged trailer in Accident, and raise money for midwestern families devastated by spring winds and flooding. The Aid Association for Lutherans (AAL), Chapter #5821, sponsored a Palm Sunday cantata, with assistance from the Accident Cultural and Historical Society, as area residents joined voices to perform as the Community in Harmony Chorus. The funds generated by freewill offerings at the program were then matched by AAL Chapter #588, and the sum, totaling over $2,500, was used to purchase building materials. Just a few of the helping hands that made it all happen are shown here in front of the trailer, left to right: Beulah Thomas, AAL #588 secretary-treasurer; Jean Friend, trailer resident; Mary Bach, AAL #5821 secretary-treasurer; and Larry Foley, AAL #5821 president. AAL #5821 and the Accident Cultural and Historical Society also worked to benefit citizens far from Garrett County, raising money for midwest victims of this spring's violent weather by sponsoring an auction and karaoke event at the Accident-Flowery Vale Community Senior Center. With the assistance of many area businesses, over $1,700 was raised that was sent directly to an Iowa AAL chapter for distribution to those in need.

RT.#40 SCHOOL HABITAT COMPLEX -- The Route 40 School students have been busy this year with the planning and building of a school habitat complex. This project will be used to study all curricular areas including science and math. The focal point of the project was the construction of a shallow wetland area of approximately 4,000 square feet. The wetland's source of water is from drainage from parking areas and the roof of the school. Students designed plans to divert the water into an emergent wetland complex that would be beneficial to the environment by cleansing stormwater before it enters the waterways eventually leading to the Chesapeake Bay. The initial construction of the shallow pond was completed in the fall. The actual planting began in the spring. Students selected plants native to Garrett County. Teachers and students received assistance from Rich Mason, Maryland Department of Natural Resources (DNR), Fish and Wildlife Service. DNR also donated trees, and funding and grants were obtained from DNR and the Rt. 40 PTA. The students plan to expand their project next fall by planting a meadows area as well as bird houses, brush piles and rock pile areas to provide for a diverse wildlife habitat. They will be encouraged to visit the area during the summer to observe animals that are nesting, feeding or otherwise utilizing the area. The project allows students to observe and investigate nature on a routine basis and integrate their observations into their course of studies. Chris Baker, math teacher at the school, is the project coordinator. Shown, above right, from left to right, are Cora Langan, Kara Wilhelm and Megan Parsons. Above left, left to right, are students Katie Nephann and Rich Mason, and below, various students are at work on the planting of the wetland areas.

GCC Homemakers Honored During Achievement Day

The Garrett County FCE and Homemaker Clubs held their annual Achievement Day Programs in May with 33 persons in attendance. After opening ceremonies and brief comments by council president Opal Fazenbaker, awards were presented by Extension educator, Irmgard Koscielniak to members for perfect attendance, homemakers of the year, and humanitarians. Grace White then said a blessing before a covered dish lunch was served.

June Haupt and Barbara King of Washington County judged crafts brought in by members. Winners were: Phyllis Knapp, Grace White, Joan Schultz, and Alice Smith.

Connie Yates of Allegany County donated handmade doilies and Mary Simpson donated a basket of handmade flowers. Money made from these items was used to purchase flowers and shrubs for the Meadow Glade club to plant at the "Welcome to Oakland" signs on Routes 135 and 219.

Many projects were accomplished by club members this past year, such as working and demonstrating crafts at the fair, making crafts, and helping to host the MAFCE State meeting in Cumberland, as well as other projects.

HOMEMAKERS OF THE YEAR -- Shown above, left to right, are Pam Bentley and Mary Simpson, who were named Homemakers of the Year at the recent annual Achievement Day Program.

McClive's Food For Thought
by Chef Francesco G. Pisano

For an easy spread, process 4 ounces smoked trout (skin and bones removed) with a stick of unsalted butter, 1 Tbsp. chopped fresh dill and 1 tsp. lemon zest. Great on crackers or pumpernickel.

A "free-range" chicken, according to the Agricultural Department, is one that has access to the outdoors. The definition should not connote an organic diet or environment for the bird.

Add extra flavor to French toast with ¼ cup of maple syrup in the batter of eggs and milk, vanilla and cinnamon.

Smart cooks let two dishes share one oven. Marinate Cornish game hen halves in orange juice concentrate, lemon juice, chili sauce, Worcestershire and honey (in a big plastic bag, so they're easy to turn). Drain before cooking, and sprinkle with thyme.

Bake at 400 degrees 40 minutes on a center rack. Save space for a panful of cut-up potatoes (mix red-skin and sweet) tossed with olive oil, peeled shallots, salt and pepper. Stir at 20 minutes.

Good cooks appreciate good food. That's why they love to eat out at

A Message to all Garrett County Medicaid Recipients

Important changes starting June 2, 1997, will affect how you and your family get health care. In the near future, you will be asked to select a managed care organization through which you will receive your healthcare benefits.

Under the HealthChoice Program, if you do not choose an MCO, the state will choose one for you. Please do not let this happen. There are currently four managed care organizations approved by the state of Maryland in Medicaid's *HealthChoice* program.

Representatives from Foundation Health Services, Inc., the state's MCO enrollment broker, will be present at Social Services to discuss MCO enrollment options in Garrett County. Please plan to attend.

Native American Pow Wow Slated For Fairgrounds

The experience of a traditional Indian gathering will be available July 4, 5 and 6 as Ezra Fields presents the Garrett County Native American Pow Wow at the Garrett County Fairgrounds in McHenry.

This event will offer a colorful opportunity to learn about the Native American culture through authentic dancing, singing, drumming, native crafts and foods.

There will be examples of American Indian heritage in traditional and fancy intertribal, exhibition and competition dancing in full regalia. Participants representing many different tribes will also be performing specialty dances, which will include the hoop dance, round dance, snake and buffalo dance. Spectators will be invited to join the friendship dance.

NATIVE AMERICAN DANCER

Gates and craft booths will open at 10 a.m. each day, with grand entry at noon and 6 p.m. both Friday and Saturday and noon on Sunday. Gates will close Friday at 8 p.m., Saturday at 9 p.m. and Sunday at 6 p.m. The pow wow will be held rain or shine and visitors are encouraged to bring lawn chairs.

Fields, a full-blooded Pawnee from Oklahoma, will share his knowledge of Indian culture while serving as master of ceremonies. He has won competitions in men's traditional dance and is a past national champion in men's fancy dance.

Host drum for the event will be Young Blood Singers. The Salinas Family Aztec Dancers, originally from Mexico City, Mexico, will make their first appearance in this area.

Trader booths will be set up to offer a selection of Native American arts and crafts featuring basketry, pottery, leather, dolls, jewelry hand-crafted from silver, bead, quill and bone, woven goods, and books on Indian culture.

Visitors will also be able to try a selection of Native American foods.

Admission rates are $5 for adults, $4 for senior citizens, and $3 for children ages 5-12. Children under 5 are admitted free.

Anyone wishing more information on the event may call 814-623-8566.

In Memory of
Dr. Alvin P. Friend
June 20, 1927 - March 3, 1997

I thought of you with love today, but that is nothing new.
I thought about you yesterday and days before that too.
I think of you in silence, I often speak your name.
All I have are memories and your picture in a frame.
Your memory is my keepsake with which I'll never part.
God has you in his keeping, but I have you in my heart!

Deeply loved and sadly missed,
Ann and Family

These savings would accrue over a 10-year period.

Savings were to be assured by the company through guarantee of equipment and its supervision of proper use of the system. The entire contract amount would be guaranteed by the Honeywell Corporation.

Sines explained the problems that would be corrected through this agreement include the poor air quality in Southern Middle School. Originally built as an "open school," the facility's ductwork for the heating and cooling was not redirected when partitions were later installed throughout the building. The air quality suffered greatly as a result, Sines said, and the chiller could never be used because of the expense.

The Broad Ford Elementary School is also heated through the same plant as the middle school. The upgrade in one system would impact students in both locations. "About 25 percent of our students would benefit from improved air quality," Sines said.

Sines, who favors the contract, said the school system's energy costs would not increase under this plan. "But we would actually be able to use the money instead of just burning it up," he stated. "I think it's a positive move. It will improve the quality of the schools for the students. And isn't that what it is about?" he asked.

Crellin Dispute

Continued from Page A-3

the house he reportedly resisted arrest and physically attempted to fight with the deputies. After some effort, handcuffs were placed on Shawn and he and Frank Smith were both transported to the Garrett County Jail.

Both men have subsequently been released from jail. Shawn Smith was released after posting a $500 bond, and Frank Smith was released on his own recognizance.

An underage drinking party resulted in the arrest of two men at a Pleasant Valley Road residence in the early morning hours of June 17.

Joseph Wayne Liller, 18, a resident of the house, was arrested and charged with possession of marijuana and drug paraphernalia, and contributing to the delinquency of a minor.

Daniel Raymond Seib II, 21, Mtn. Lake Park, was arrested and charged with hindering a police officer in performance of his duties, and contributing to the delinquency of a minor.

At 3 a.m., deputies checking on a complaint of a loud party at the house discovered a group of young people, some of whom appeared underage, drinking in the garage. When they attempted to locate a resident of the house, they found Liller passed out on a bed, and lying in plain view on the dresser next to him was a napkin with marijuana on it. Also within arm's reach was a pipe containing marijuana. Liller was then placed under arrest.

Downstairs, deputies subsequently began to ask party-goers for identification to determine their ages. Citing his fifth-amendment rights, Seib refused to cooperate with requests for his name and identification. After repeated requests were refused, Seib was arrested, and he and Liller were transported to the jail. Several of the drinking party-goers were confirmed to be under the legal drinking age of 21.

Both men have subsequently been released from jail. Liller posted a $500 bond, and Seib was released on his own recognizance.

A rock was thrown through the windshield of a parked vehicle in the 600 block of Oakland Drive of Mtn. Lake Park during the daylight hours of June 10, reportedly in the presence of the car's owner.

According to the report, the complainant witnessed a white male, in his early teens, with dark hair cut in a bowl style, wearing white shorts and a black t-shirt bearing the slogan "Bad to the bone," riding down the street on a blue-green 18-speed bike. As the suspect passed the owner's car, which she was standing next to with her young son, he reportedly threw a rock through the windshield. He then fled down D Street from Oakland Drive. The damage estimate for the windshield is unknown at this time.

A theft of a child's bicycle from the 900 block of State Street in Kitzmiller was reported last week. Taken was a green Huffy 10-speed bike.

Deputies are also investigating several incidents of eggs thrown at houses and cars along Fingerboard Road last week. The lookout at this point is for a vehicle with a loud exhaust.

Anyone with any information concerning these or any other investigations is encouraged to call the Garrett County Sheriff's Office at 301-334-1911.

DWI Arrest

Robert Merle Gindlesberger, 40, Oakland, was arrested and charged with driving while intoxicated (DWI) this past week.

Other Arrests

Arrest warrants were served on the following subjects this past week: Brian Keith Griffin, 25, Kitzmiller, for fourth-degree burglary, second-degree assault, and trespassing; Thomas Ray Hinebaugh, 37, Friendsville, for second-degree assault; Charles Stinson, 41, Oakland, Michelle Dunkle, 29, Oakland, Mark Whitacre, 28, Sydney, Ohio, and James Lee Nicholas, 33, Oakland, each for violation of probation; Steven Ray Green, 34, Cumberland, for failure to appear for court; and Edward Eugene Housel, 35, Accident, for failure to pay court-ordered fines.

We Do Not Have "Telephonitus"

Did you ever notice how quickly you get through when you have called our pharmacy? It's not by accident. We know that an emergency prescription call can come at any time so it is our policy to keep telephone conversations as brief as possible.

Of course, we are still courteous and friendly, for that too is an important part of our policy. But, if we ever seem to get off the phone a little more quickly than you thought we would, please remember the reason why. If you have never called us why don't you give it a try soon?

Keeping In Touch

"I can hardly bear for you to move so far away. It seems we've been neighbors for so long...through everything! How I shall long for our chats. I miss you already."

"Don't worry. I promise I will keep in touch. You'll see." Sound familiar? We'll write "tomorrow" or "next week". Soon it's "next month", then "next year"...then never. We mean well, but become so busy we lose track altogether. What a shame. It would have only taken a brief time and would have meant so much. Nobody took the time.

This week make a promise to yourself and to God to visit Him in His sanctuary. It is a relatively brief visit and it will mean so much you will want to return. Don't lose track of your "best friend". Take the time to keep in touch.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

DEPEND UPON ME
June 22, 1996

Background Scripture:
2 Timothy 4:1-18
Devotional Reading:
Philippians 4:8-20

I'm old enough to remember those delightful Burma Shave signs that used to grace our highways. My favorite is:

John said his car couldn't skid
This monument shows
It could and did!

There's a lot of wisdom that I've found in graveyard epitaphs. Some years ago Charles L. Wallis put together a book of epitaphs, *Stories on Stone*. One of his stories was about U.S. President John Tyler who wrote the following epitaph for his favorite horse:

Here lies the body of my good horse. The General. For twenty years he bore me around the circuit of my practice, and in all that time he never made a blunder. Would that his master could say the same.

MOTTO TO LIVE BY

I can't think of a more desirable epitaph than the words of 2 Timothy 4:6,7: "I have fought the good fight, I have finished the race, I have kept the faith." Nor is there a better motto by which to live my life.

Notice that the satisfaction of the writer is found in his efforts, not the obvious results. He has fought the good fight and finished the race, but he doesn't say he has won either. Keeping the faith, he has continued to fight and run and he leaves to God the outcome. For, despite what may or may not seem to be the results of his efforts, he already knows that his reward will be in keeping the faith. "Henceforth there is laid up for me the crown of righteousness, which the Lord, the righteous judge, will award to me on that Day..." (4:8).

The other day, in looking through some boxes of memorabilia, I found a little card that used to lie beneath the glass top of the desk in my study in Mohnton, Pennsylvania, when I was pastor there. It reads:

I am called—
Not to be successful in my ministry,
But to be faithful in my witness.
That will be success enough.

A REMINDER!

If I remember correctly, it was a thought that came to me decades ago during a period of prayer and meditation. I put it on my desk as a reminder against the daily seduction of worldly success. I would like to think that I have fairly consistently held that ideal before me, but I would be considerably less than honest in claiming that I always did. It is very difficult for ministers—and others—not to be bitten by the popularity bug.

The writer of 2 Timothy warns against this: "For the time is coming when the people will not endure sound teaching, but having itching ears they will accumulate for themselves teachers to suit their own likings, and will turn away from listening to the truth and wander into myths" (4:3,4). I have known for a long time that the surest way to 'success' in the ministry is to tell people what they want to hear. It also works for business people and politicians.

Yet, God does not call any one us—pastors and lay people alike—to be 'successful' as the world defines it, but 'faithful.' The writer of 2 Timothy is feeling abandoned: "For Demas, in love with this present world, has deserted me and gone to Thessalonika..." (4:10). The real test of life is to be faithful to God, to be the kind of person who says to the Lord and means it, 'Depend upon me!'

Vendors, Artisans To Join In 20th Annual Summerfest

Bradley's Concessions, owned and operated by Harold and Clinton Bradley and families of Westernport, will be one of nine food vendors on site at the 20th Annual Summerfest and Quilt Show, July 10-12. This festival is located at Spruce Forest Artisan Village on Old Route 40, just east of Grantsville.

This festival will feature over 130 demonstrating artisans, musicians, and storytellers who will tell the story of the Allegheny region with their talents, tales, and songs. Nearly 80 artisans will be set up under the 75-year-old spruce trees, marketing their wares and talking with the thousands of visitors expected at the festival, a spokesperson said.

Joining the Bradleys will be eight other food vendors, offering fare from fajitas, Thai dishes, homemade baked goodies and ice cream, fresh squeezed fruit juices and spritzers to hamburgers on the grill, french fries, hand-rolled pretzels, popcorn and much more.

Entertainers performing during the three-day festival will include Lynne Barnes on harp, Larry Smith on flute, Hammers and Strings, Jerry Haines, Jay Smar, Marsh Mountain Consort, The Gotzmers on hammered dulcimer and guitar, The Bull Run Cloggers, The Whistlepigs, and many other strolling musicians throughout the campus.

The scheduled entertainment will be held in the Village Church, where seating is limited to 150 persons. There is no additional cost for the entertainment, as it is included with the festival admission price of $4 for adults. Children 12 and under are admitted free of charge. There will also be a shuttle bus available at no charge to those attending the festival, which will travel between Spruce Forest and Penn Alps, Four Seasons Stitchery in Grantsville, the Quilt Show at Grantsville Elementary School, and Yoder's Country Market in Springs, Pa. The bus will return to each location approximately every 20 minutes.

"Other highlights of the festival will include door-prizes, a Silent Auction from 4 to 7 p.m. on Friday, Children's Corner (a corner of the festival geared for children only, with arts and crafts, entertainment, stories, face painting and more), storytelling, and self-guided tours through the 12 original and historic log cabins.

The festival will open each day, Thursday through Saturday, at 10 a.m. The festival on Friday will be open until 8 p.m., with special promotional activities revolving around families. The festival will close on Thursday and Saturday at 5 p.m.

Special group rates are available for groups of 25 or more, and information can be obtained by calling the Village Office at 301-895-3332. Tour bus groups are encouraged to call in advance to make arrangements for parking at the festival and inquire about special discount pricing.

This festival is sponsored in part by the Garrett County and Maryland State arts councils.

ARTISAN TO BE FEATURED - Nelda McNeil, Oakland, will be one of the featured artisans at Spruce Forest Artisan Village, Grantsville, during the 20th Annual Summerfest and Quilt Show, July 10-12. Nelda and her husband Jim will set up their watercolors and oil paintings in the basement of the 1820 Winterberg House at Spruce Forest. The McNeils will be among over 130 artisans, musicians and storytellers at the three-day festival to benefit the artisan village and its educational and historical programs. Anyone wishing more information may call 301-895-3332.

Beachy Works To Be Shown In Springs, Pa.

The work of local photographer Leo J. Beachy will be shown by his niece, Maxine Broadwater, on Monday, June 23, at 7:30 p.m. at the Folk Meeting House on Springs Rd. in Springs, Pa.

Beachy gave up teaching at the age of 31, becoming a full-time photographer after having developed multiple sclerosis. He stated, "It is quite easy to make pictures that look like the sitter before you. But to get portraits that actually are the sitter is the great task." A number of books have been compiled displaying portions of the huge collection of his work.

The program, sponsored by the Springs Historical Society, is free and open to the public. For further information, persons may contact 814-662-2051.

THE WINEBRENNER GOSPEL SINGERS will be at the Laughlin Church of the Brethren, located five miles west of Grantsville along Amish Road. The group will perform on Sunday, June 29, at 7 p.m. The public is invited to attend.

Copies of patient records will be transferred to another doctor of the patient's choice after the signing of a transfer request by the patient, parent or legal guardian. These request forms are available at Dr. Leighton's office as well as the office of the doctor of the patient's choice. In addition to your present name and signature (as well as any previous name), the record request should include a current address and telephone number in case questions arise. Retrieving and copying these records may take time and we recommend that patients make choices as soon as possible. It is hoped that the process can be completed by the closing date.

Current, active records will be copied free of charge. A reasonable fee will apply to the retrieving, copying and/or mailing of inactive records. Records will be stored for at least 5 years or whatever time required by law.

Having said the above, I want to express my deep appreciation to the community (patients, employees and fellow physicians) for forty years that have gone by much too quickly. Thanks to all and I wish you the best!

Dr. Leighton

Teenage Violinist Accepted Into Summer Program

A Southern High School junior has been selected to attend the music program of the Salisbury Summer Center for Gifted and Talented Youth next month at Salisbury State University in Salisbury.

Annie Neville, 16, Mtn. Lake Park, will be studying violin chamber music and exploring inner meaning in music, with an emphasis on interpretation and performance. The program will include performance experience in both small ensembles and full symphony orchestras.

Already an accomplished musician in a public school system that does not offer strings as part of its music curriculum, Neville has been taking private violin lessons since the first grade under the tutelage of Ellinor Benedict of Grantsville. She is a past two-time youth division fiddle champion at the Autumn Glory Maryland State Fiddle Championships. She and her father James are both former members of the Frostburg String Ensemble, which performs at public schools throughout Allegany County.

COVER STORY

Familiar faces, themes highlight fall lineups

By John Crook
©TVData Features Syndicate

Competing for a slice of an ever-shrinking viewership pie, all four major networks have lined up a fall roster of shows that are high in familiarity and low in risk.

Complex, ambiguous dramas (*EZ Streets, American Gothic*)? Forget 'em. Cops shows and workplace sitcoms? You bet.

Over at the Peacock network, **NBC** gives its coveted *Seinfeld-ER* hammock to *Veronica's Closet*, the season's most anticipated new sitcom, from the creators of *Friends*. Triple Emmy winner Kirstie Alley (*Cheers*) stars as a businesswoman with a booming intimate-apparel line. Her splendid supporting cast includes Jamey Sheridan (*Chicago Hope*) and Wallace Langham (*The Larry Sanders Show*).

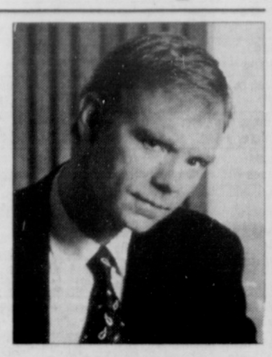

Other NBC sitcoms: *The Tony Danza Show* with its star playing a divorced sportswriter; Fred Savage (*The Wonder Years*) in *Working*; *Union Square*, set in a New York diner; comic Royale Watkins in *Built to Last*; and *Jenny*, as in McCarthy.

Bruce Greenwood stars in *Sleepwalkers*, a new NBC "thrillogy" entry, while Ice-T stars in *Players*, a new take on *The Mod Squad*.

Snug in second place, **CBS** has ordered six new shows, plus a newsmagazine with Bryant Gumbel. Bob Newhart and Judd Hirsch star as in-laws in *George & Leo*, while Bronson Pinchot returns as a zany space alien in *Meego*. A Tony winner makes his sitcom debut in *The Gregory Hines Show*.

Fittingly playing an ex-cop, red-faced redhead David Caruso (*NYPD Blue*) returns to TV in *Michael Hayes*, and Danny Aiello stars as a private eye in *Dellaventura*. Cop show *Brooklyn South* is one of two new Steven Bochco series.

Mired in third place, an embarrassed **ABC** is looking to heaven for help. In addition to last spring's surprise sitcom hit

David Caruso

Soul Man, the network has added two new shows with celestial themes: *Teen Angel*, about a youth returning to earth to advise his best buddy, and *Nothing Sacred* with Kevin Anderson as a priest.

Among the eight other new shows, ABC seems high on *Dharma & Greg*, about newlyweds and dueling in-laws, starring Jenna Elfman (*Townies*) with Mimi Kennedy and Susan Sullivan as the moms.

Also look for *Timecop*, based on the action movie; *Over the Top*, with Tim Curry and Annie Potts as dueling exes; *Hiller & Diller* with Kevin Nealon and Richard Lewis as sitcom writers; an American version of *Cracker*, with Robert Pastorelli; *Genie*, a teen sitcom; *C16: FBI*, an Eric Roberts-D.B. Sweeney action series; and Bochco's *Total Security* with James Belushi.

At **Fox**, new entertainment chief Peter Roth unveils his first fall season with two prizes: *Ally McBeal*, a courtroom drama from David E. Kelley (*Picket Fences*), and *The Visitor*, a sci-fi entry from Roland Emmerich and Dean Devlin (*Independence Day*). Comic Damon Wayans goes dramatic in *413 Hope St.*

Two sitcoms, *Between Brothers* and the flashback-heavy *Rewind*, look like standard Fox fodder, but Roth can relax: Whatever he puts on will be better than last fall on Fox.

IN FOCUS

Country music sensation **LeAnn Rimes** performs at Walt Disney World in Orlando, Fla., in *LeAnn Rimes in Concert*.

The singer's first TV special debuts Sunday, June 22, on The Disney Channel.

Songs include "Talk to Me," "I Want to Be a Cowboy's Sweetheart," "Unchained Melody" and "Blue."

The special also features footage of the 14-year-old star's life offstage as she enjoys her favorite hobbies, such as softball and horseback riding.

'Savage Garden' is no place for the squeamish

By Suzanne Gill
©TVData Features Syndicate

Don't bother packing a picnic to eat while watching "Savage Garden" on *National Geographic Explorer* this week. You won't be hungry.

The stunning photography of common garden insects and small animals is up close and in your face – and it acts as a natural appetite suppressant.

Billed as a "natural history comedy," the film combines lighthearted sequences featuring narrator Leslie Nielsen with close-up nature photography. It airs Sunday, June 22, on TBS.

As Nielsen's character observes, a man's home may be his castle, but it's a jungle out there in the backyard. Life-and-death encounters occur hourly from the acorns to the zinnias.

The delightfully (and mercifully) funny script, by producer John Rubin, is soaked with puns of the verminous kind. Director Chase Newhart even drops in a *Naked Gun*-style sight gag for fun.

National Geographic cinematographers George and Kathleen Dodge painstakingly filmed nature's drama: a jumping spider's attack on a bee, an acorn weevil breaking a three-year fast, a black widow spider laying her eggs, shrew turf wars, a high-speed chase involving a praying mantis and a hungry bat, and lots of mating.

Skillful editing brings all this together with scenes of Nielsen watering the daisies or tasting a cherry tomato (honestly, how can he?) in the 3.5-acre Virginia garden of landscape designer Olwen Woodier.

So weary cooks should take note and tune in, secure in the knowledge that no one in the family will ask, "When's dinner?" while the burying beetles are embalming the shrew with their saliva.

Leslie Nielsen takes viewers into his "Savage Garden" in *National Geographic Explorer*. The "natural history comedy" premieres Sunday on TBS.

TV PIPELINE

By Taylor Michaels
©TVData Features Syndicate

Q: We enjoyed watching *Just Shoot Me*, starring Laura San Giacomo and David Spade, this spring. It was on for a few weeks, then disappeared. Will it be back next season? –K.L., Danville, Va.

A: NBC ordered a handful of test episodes of such shows as *Just Shoot Me* and *Fired Up* to see how audiences would respond to them. Both – as well as *The Naked Truth* – did well enough to merit slots on the network's fall schedule.

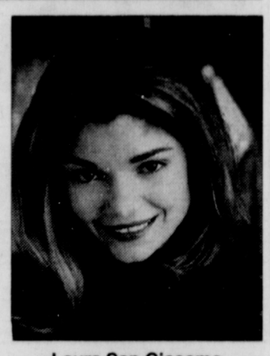

In fact, NBC is so high on *Just Shoot Me*, it gave the sitcom a coveted time slot: following the Emmy-winning *Frasier*. That puts San Giacomo, Spade and the other members of the cast in a posh Tuesday night sitcom lineup that includes *Mad About You* and *NewsRadio*.

Q: What was the order of hosts on NBC's *The Tonight Show*? –A reader in Florida.

A: Steve Allen hosted the original *Tonight*, which began in June 1953 as a local program on NBC's flagship station, WNBT-TV, in New York and moved to the network 15 months later. Allen, who left the show in early 1957, split his host chores with Ernie Kovacs during the last weeks of his tenure.

NBC then tried *Tonight! America After Dark*, a news-dominated show hosted by Jack Lescoulie, which lasted six months, at which point Jack Paar took over *The Tonight Show* in more or less the same format that exists today. His stormy late-night reign lasted until March 30, 1962.

NBC had its eye on a young comic named Johnny Carson, who wasn't available until the following October because he was under contract with ABC.

Laura San Giacomo

NBC filled the weeks in between with guest hosts such as Art Linkletter and Joey Bishop.

Carson's run lasted from Oct. 2, 1962, to May 22, 1992. The show's current host, Jay Leno, took over three days later.

Q: My friends and co-workers call me a nut because I remember a favorite early '80s program called *Automan*. –Ricardo Gonzalez, Chicago.

A: *Automan*, a science-fiction series, had a short run on ABC during the 1983-84 season. It starred Desi Arnaz Jr. and Chuck Wagner as, respectively, a computer geek and his alter ego, a computer program come to life.

Q: Will *Sliders* be back next season? –Rachel Schatzle, Cincinnati.

A: No, the show has been canceled. Its Friday time slot on Fox will be filled by *The Visitor*, a new series from *Independence Day* creators Roland Emmerich and Dean Devlin. It stars John Corbett (*Northern Exposure*).

TRIVIA

Actor **Leslie Nielsen** was born in Regina, Sask. His father was a Canadian Mountie.

The theme song for *Monty Python's Flying Circus* was "The Liberty Bell" by **John Philip Sousa**.

TRIVIA

The United States has 45,000 miles of **interstate highway** – nearly enough to circle the Earth twice.

Louisa May Alcott's father, **Amos Bronson Alcott**, wrote, "Who loves a garden still his Eden keeps."

SOAP TALK

Anna Holbrook is no longer on *Another World*

By Candace Havens
©TVData Features Syndicate

Anna Holbrook

In a surprising move, *Another World* has let go of Anna Holbrook (Sharlene). The producers claim there simply aren't enough story lines for her character.

Holbrook appeared in *AW* from June 1988 to November 1991. The actress then took a couple of years off before returning to the soap in 1993.

It's hard to believe the writers couldn't find a story line for Holbrook's character; Holbrook won an Emmy for outstanding supporting actress in 1996. It was one of the few Emmy awards the show has received in recent years.

In other news, *The Bold and the Beautiful* has taken three young actors off contract status. Lindsay Price (Michael), George Alvarez (Enrique) and Lilly Melgar (Claudia) are gone. Executive producer and head writer Bradley Bell says the constraints of a half-hour show make it difficult to meet the story needs of all his contract players.

Dear Candace: Recently, there have been several changes on *The Young and the Restless*. It is difficult to tell who's playing whom. Victoria and Phyllis (Sarah Aldrich, Sandra Nelson), two of the main characters, now are played by different actresses. Sometimes I get the characters confused because so many are being played by new actors.

Now there also is a new Grace (Jennifer Gareis). What's going on, and what happened to the actresses who were playing the roles?

Dear Reader: Fans around the world are upset about all the changes on what is normally one of the most stable soaps in daytime. If anything, the show usually is predictable.

Heather Tom (ex-Victoria) decided it was time to leave the comforts of daytime to try something new. She's been working in several plays and is involved in other projects.

Emmy winner Michelle Stafford (ex-Phyllis) left the show for a role on Aaron Spelling's prime-time soap *Pacific Palisades*.

Josie Davis (ex-Grace) was let go. The writers wanted to take the character in a different direction. Davis was shocked when she received the news, but the young actress already has been offered new projects.

4-H Club News

BITTINGER
by Blakely Glotfelty

The Bittinger 4-H Club met on June 2 at the Bittinger fire hall. The pledge was led by Jason Beitzel. Ralph Buckel, Burton Lytle, and Chuck Overton talked to the group about starting a Jr. Woodman Lodge. Lodge funds would then by accessible to the 4-H club.

Each member stated his or her animal's name for roll call. There were 13 members and five adults present. There was a report about the visit to Goodwill Home on May 24. Songs were sung in the social hall and members greeted residents.

Club members were reminded about beef and swine tagging, Conservation Day, tractor certification, and Camp Algawa. Registration is required prior to all these events. A committee was formed for the fair booth. Dawn Lohr, Bryan Beitzel, Eric Beitzel, Cody Brenneman, Jessica Cooper, Jackie Brenneman, and Brooke Brenneman volunteered to serve. The first meeting was set for June 16 at 5:30. Prior to this meeting the club agreed to do summer clean-up for the Adopt-a-Highway program, with Dawn Lohr and Brooke, Cody, and Trey Brenneman participating. Don Sealing was to supervise.

Farm visits will be held July 7. Members will meet at the fire hall at 4 p.m. The tour will end with a cook out and meeting at the home of Gail Beitzel. Patty Wells will be guest speaker on "Pet Care." Members are to sell their Garrett County Livestock Assn. raffle tickets this month.

Oakland Student Selected College Buddy Director

Best Buddies International has selected Misty Sanders, Oakland, to lead a chapter of Best Buddies at Frostburg State University for the 1997-98 academic year. Sanders was selected based on her leadership experience, outstanding service to the community, and dedication to the Best Buddies program.

This year will see the implementation of the Best Buddies program at FSU, so Sanders is taking the initiative to make that happen. Sanders is the vice president and historian of the social work club at school. "As a social work major," Sanders said, "I am being trained to work with diverse groups and to acquire leadership skills." Sanders's minor is sociology. "Her ability to understand and work well with people will definitely help spark and maintain the interest of students to join Best Buddies on campus," stated a spokesman for the organization.

In August, Sanders will attend a leadership conference in Miami, along with 200 other college students from across the country, to be trained in the field of mental retardation and facilitation of friendships.

Founded by Anthony Kennedy Shriver, Best Buddies International is an organization dedicated to enhancing the lives of persons with mental retardation through opportunities for socialization and employment. Best Buddies Colleges pairs college students and individuals with mental retardation in one-to-one friendships for a minimum of one academic year.

Critic's Corner

THE FIFTH ELEMENT stars **Bruce Willis** as a New York cab driver who becomes an unlikely hero when he is swept up in a battle between good and evil. The picture is an amazing glimpse into a non-apocalyptic future besides being a timeless story about love, survival, good, evil, heroes and villains.

Also in the cast are **Gary Oldman, Chris Tucker** and former model **Milla Jovavich**. With a cast like this, the film could hardly miss, and for Bruce Willis fans, it's sheer Nirvana. Jovavich holds her own in the acting department and proves to be a most interesting actress.

"The Fifth Element" is a Columbia Pictures release directed by **Luc Besson** with screenplay by Besson and **Robert Kamen**.

TRUTH OR CONSEQUENCES, N.M. is a gritty, romantic story about petty criminal Raymond Lebecke **(Vincent Gallo)** and Addy, the woman he loves more than anything else in the world **(Kim Dickens)**.

After being released from jail, Raymond is determined to find enough money to take Addy away with him forever. But getting the money is another ball of wax and has dire consequences as they hook up with Ray's former prisonmate **(Kiefer Sutherland)** and his associate, Marcus Weans **(Mykelti Williamson)**. When their plan goes pfft and an undercover cop is shot, Raymond, Addy, Curtis and Marcus go on the lam, taking two yuppie hostages with them. They're desperate to make their dream come true and Ray and Addy do just about everything to make it happen.

The film is directed by Kiefer Sutherland, and with all the other exciting summer fare, you might want to let this one wait a while.

Antiques

Stop to think about how furniture has changed in shape through the years. The shape and upholstery of an ordinary sofa tells much about the lifestyle of the times.

In the years before 1700, sofas were unknown. Chairs were reserved for royalty and other men of importance. Stools, benches and low chests were offered to a few less-important people.

By the 18th century, the wooden chair was given some padding on the seat and perhaps the back to make it more comfortable, but the backs were still straight and stiff.

American Queen Anne chairs and sofas of the mid-1700s offered some comfort. The backs were curved.

The camel-back sofa, a favorite of the time, was padded on the back, seat and arms. Similar upholstery and curves were used on Chippendale pieces.

By the 1800s, the Federal style was in fashion, and sofas became straighter. The seats were narrower and harder. No slouching was possible; you had to sit up straight. Empire sofas went a step further and rounded the back cushion so you could not lean back.

The Victorian began to look for comfort in their furniture. Backs were angled and the cushioning was thicker, but there were still wooden parts that poked and prodded if you did not sit straight.

The Mission style of the early 1900s featured heavy, square sofas with a padded seat and a few loose cushions for comfort.

It was not until the 1920s that the stuffed, deep-cushioned sofa we know today came into style.

Q. What do the initials "F&F" on my cookie jar stand for?

A. It depends on what your cookie jar is made of. If it's ceramic, the initials stand for Fitz & Floyd, a porcelain manufacturer that is still in business. If the jar is made of plastic, the initials stand for Fiedler & Fiedler Mold & Die, a company known after World War II for its cereal-company premiums, dime-store novelties and kitchen knick-knacks made for the Quaker Oats Co.

Home Tips

MORE ON SLOW COOKER TRANSPORTATION — I'd like to jump into the slow-cooker transportation fray with my own tip.

Put your slow cooker in a carton with crumpled newspapers around it to make it fit tightly. Also, tape the slow-cooker lid shut with masking tape crisscrossed to the sides.

This will not spoil the pot or burn you when you do this. Nydia G., Los Alamitos, Calif.

* * *

DRY SOAP POWDER — I store dry washing powder in a large liquid soap container. The powder stays dry, pours easily and goes to the laundromat without spilling, as boxes sometimes do. A funnel from a large soda container fills the liquid soap container easily. Lizzie R., Basking Ridge, N.J.

* * *

FAT SKIMMING — Recently, I cooked beef ribs to make stew. They had been trimmed well, but there was still too much fat. In a hurry, I sat the pot in the sink with cold water to set the fat, so I could skim it off. Soon the sink water was tepid, so I decided to put ice cubes into the water.

I accidentally dropped a cube into the beef and it coated with fat immediately. I discarded the fat from that cube and put in about six at a time and discarded the fat the same way.

It was one of my better accidents. Renee B., St. Charles, Mo.

D.A.R.E. GRADUATION - Northern Middle School recently held a graduation event to honor sixth grade students who wrote outstanding essays for the Drug Awareness and Resistance Education (D.A.R.E.) program. The program is included in the curriculum and counts as part of a student's service learning requirement. Pat Kelly, a detective with the Garrett County Sheriff's Office, spent several weeks at the school instructing students on how to resist drugs and violence. Pictured above are the students recognized for their essays. From left, front, are: Michael Guard, Amanda Frantz, and Ryan Morrison. In the back are: Det. Kelly, Kim Wolfe, Sophie Holtschneider, Kellie Wengerd, and Melissa Patterson. Kellie, Michael, Kim, and Amanda had the top essays and were awarded medals, while Ryan and Sophie were awarded honorable mention certificates. A drawing, which consisted of the names of all students who scored 100% on the final test, was held and Melissa Patterson was the winner of the Daren the Lion stuffed animal. Pictured below during a demonstration with Deek, the Sheriff's Office's German shepherd who helps sniff out drugs, are (from left): Deputy Mike Bittinger, Det. Kelly, and Deputy Dave McLaughlin.

Local Student Working Toward Medical Career

Amber Close, daughter of Mr. and Mrs. Eugene Close, Accident, is participating this summer in the six-week Health Careers Opportunity Program at the West Virginia University campus. Ms. Close, a junior at Vassar College in Poughkeepsie, N.Y., plans to become a physician.

The 1995 graduate of Northern Garrett High School has been working toward her goal of becoming a physician for some time. Before going to college, she dedicated the summer of 1994 to strengthening her academics and investigating health professions through a Health Careers Opportunity Program (HCOP), sponsored by the Western Maryland Area Health Education Center (AHEC).

According to Sue Dotson, AHEC coordinator of community education, the Western Maryland AHEC joined forces with West Virginia University (WVU) in 1996 for a three-year collaborative HCOP project, which offers summer programs to high school and college students from Western Maryland and West Virginia. Together, the two regions form the Central Appalachian Health Careers Opportunity Network. The project is funded by the federal Bureau of Health Professions.

Close will join other students preparing to apply to schools of medicine, dentistry, and pharmacy in the program at the WVU campus. Those interested in allied health careers are in similar programming coordinated by the Western Maryland AHEC at the Frostburg State University campus. HCOP enrichment programs include intensive educational experiences designed to facilitate the student's entry into health professional school. The program will provide Close with experience in a clinic or laboratory and assistance in preparing for the Medical College Admissions Test, the medical school application process, and admissions interviews.

At Vassar, Miss Close has been a campus tour guide, art gallery attendant, and member of several campus organizations. As part of her Emergency Medical Technician training, she observed at St. Francis and Vassar Brothers hospitals. She completed fieldwork in the histology department and observed in clinical pathology, which has inspired her to want to specialize in pathology.

Close taught Bible School in Nassau, Bahamas, last summer as a youth service missionary from Zion Lutheran Church in Accident. She also participated in a "Summer '96 Tour of South Korea" with Holt International Children's Services.

During the second semester of her junior year, Close will go abroad to study in London, England. She will be enrolled at King's College in a premedical program for foreign students.

"I will take three science classes at their school of life sciences and a seminar that analyzes the British health care system," Close said. "The exciting part about this program is the opportunity of doing a three week long clinical rotation in various departments of a local hospital."

Alternative May Exist For Bee Sting Sufferers

With the warm weather of the summer months here, insect season has returned to Garrett County. The many people who suffer from allergic reactions to bee and insect stings must take caution and carry an injection kit with them at all times. A possible alternative to customary after-the-sting treatment is being advertised, however.

According to an article that appeared in the April issue of the *Journal of the American Medical Association*, people who have had severe allergic reactions following an insect sting should not rely on treating future reactions with injectable epinephrine (the drug found in bee sting kits).

In the article, Dr. Helen Hollingsworth of the Pulmonary Center at the Boston University School of Medicine explains that reliance on bee sting kits for the treatment of severe reactions is risky because injectable epinephrine alone is not always enough to stop a reaction. For this reason, preventing allergic reactions with venom immunotherapy is strongly advised.

Venom immunotherapy is a vaccination program administered by an allergist that provides protective immunization against future allergic reactions. Dr. Hollingsworth states that the high degree of effectiveness of venom immunotherapy in protecting against life-threatening reactions to insect stings makes this the treatment of choice for individuals with severe sting allergy.

Dr. Hollingsworth also recommends some measures for avoiding insect stings: wear shoes, long pants, and long-sleeved shirts when outdoors; avoid brightly-colored clothing, and scented cosmetics and hairsprays; and when outside, be especially cautious in orchards, picnic areas, and outdoor restaurants.

Persons interested in further information on allergic reactions to insect stings and venom immunotherapy may call 1-800-23-STING for a free brochure.

As with any new medical procedure, patients are urged to consult their family physician before deciding whether or not to try venom immunotherapy.

HOW TO SUCCEED IN BUSINESS - These fifth graders at Grantsville Elementary School started their own company. They created Christmas ornaments and Easter jewelry in art class with their teacher, Carolyn Collen-Dubose. The students named their company "Holiday Warehouse" and sold the products to staff members, family, and community members. The children earned stock certificates in their company and learned about business/economic concepts such as dividends, profit, expenses, and spread sheets in math class with their teacher, Lisa Lantz. They then were able to "cash" in their stock certificates for dividends to be used as pocket money for their annual end-of-the-year class trip to Lakemont Park. The students have decided to donate a portion of their profits to two charities, one local and one international. Some of them even have donated their personal dividends to the charity fund. The student entrepreneurs are, left to right in the first row, J.D. Hardesty, Josh Livengood, Derek Hummel, Shawn Warnick, and Russell Sheppard. In the second row are Daphne Brendle, Jamey Durst, Heidi McMillan, Tiffany Miller, Christy Anderson, Angela Kamp, Sallie Lapp, and Jimmy Swauger. In the third row are Lauren Wiley, Kevin Spiker, Tosha Miner, Sara Weimer, Tammy Jo Garlitz, Kimberly Beiler, Zachary Bruch, Mike Miller, and Andrew Hady. In the fourth row are Kim Durst, Elena Bittinger, Andrea Height, Steven Rounds, Billy Jones, Jaimie Bell, Jacquetta Brenneman, Jackie Logsdon, and Jamie Wilburn. In the fifth row are Crystal White, Ben Sweitzer, Stephen Snyder, Derek Buckel, Terah Sines, Kristin Yommer, Jeffrey Yommer, Travis Klawonn, and Jason Rice.

Local Lutheran Synod Elects New Bishop

The West Virginia-Western Maryland Synod of the Evangelical Lutheran Church in America has elected the Rev. Ralph W. Dunkin as its second bishop. In his new office, the bishop-elect will oversee the synod's 66 congregations, nine of which are located in Garrett County and the remainder in West Virginia.

The election came at the recent synod assembly, held at the Cedar Lakes Conference Center in Ripley, W.Va. In taking his six-year term, Dunkin will succeed the retiring bishop, the Rev. L. Alexander Black, who has held the post since 1987. The installation ceremony is scheduled for September 6 in Wheeling, W.Va., and will be conducted by the Rev. H. George Anderson, presiding bishop of the ELCA.

Secretary of the West Virginia-Western Maryland Synod for the past five years, Dunkin has served the congregation of the Christ Lutheran Church in the Mozart community of Wheeling since 1978, as well as being the current dean of the ELCA's Upper Ohio Valley Conference. Dunkin has been on the camp staff of the synod's Camp Luther, held on the grounds of the 4-H camp in Webster County, W.Va., since 1979, serving as camp director from 1986 to 1989.

Prior to his 1976 ordination, Dunkin graduated from the Lutheran Theological Seminary in Gettysburg, Pa., and Thiel College in Greenville, Pa. His first congregation was the Church of the Covenant in Grafton, W.Va.

Dunkin and his wife of 20 years, Teresa M. Brittingham, have two sons. Russell, 20, is a student at Capital University in Columbus, Ohio, and Eric, 17, is a senior at Wheeling Park High School.

Marjorie Wolf, West Liberty, W.Va., was elected to replace Dunkin as synod secretary. A member of the Edgewood Lutheran Church in Wheeling, Wolf will serve a four-year term.

From left, front row, are: Neil Savage (#13 responder), John Feather (#10), Joe Helbig (#4), Mike Saunders (#3), Carroll Deem (#6), Jamie Ashby (#15), and Dave Spurrier (#14). In the second row, same order, are: Tom Swiger (#11), Ernie Hinebaugh (#9), Sid Friend (#7), Phil Rook (#8), Pat Piper (#12), Chick Ford (#1), and Jim Gnegy (#5). Not present was Dave Turney, the #2 responder. Pictured below left are members who were awarded five-year service stars. From left are: Richard Beeman, 15 years; Jim Feather, 10 years; and Scott Frazee, five years. Not present were Buzz Updyke, 25 years, and Scott Bookout, five years. Pictured above right are, from left, Mark Durst, who retired after 21 years of service; Tom Swiger, honored for having served as captain; and Joe Helbig, recognized for being named the Garrett County Firefighter of the Year. Others who retired last year, but were not present at the dinner, were Randy Shaffer with 15 years of service and Chris Crabtree with 14 years. Below right, Chief Phil Rook and President Fred Callis accepted a framed print from Steve Cox, president of the Maryland State Fire and Rescue Association, who gave the print to the Oakland VFD in appreciation of the organization's support for him when he was nominated for the state president's position. Pictured at right are Mike Saunders, current secretary of the department, who received the Milton Fike Memorial Award for 1996, and Joan Fike, widow of the late Milton Fike, who was the first assistant chief of the department for many years. The winner of the Fike Memorial Award is selected by a vote of the department and based upon a variety of criteria.

GCHD Votes To Sell Facility In Grantsville

During a recent community meeting, a "unanimous consensus" was reached to sell the Grantsville Health Center facility to the Northern Garrett Rescue Squad (NGRS) and to dissolve the Western Maryland Health Care Corporation (WMHCC), following the announcement that the Garrett County Health Department would be terminating its lease there, according to Gerry Beachy, WMHCC secretary.

Beachy stated, however, that the offices of the Family Health Associates and Terry Dornburg, dentist, will remain at that site, as the NGRS agreed to maintain the same leases with the two offices.

"Only the Health Department has terminated its lease there," said Beachy, who added that, since so few community members attended the meeting (only 14), residents with any concerns or questions should send them to: Western Maryland Health Care Corp., Gerry Beachy, secretary, P.O. Box 189, Grantsville, MD 21536.

Another community meeting will be held in the meeting room of the health center basement on Monday, July 16, at 7:30 p.m. A final decision about the sale and liquidation of assets and dissolution of the WMHCC will be made at that time, according to Beachy.

Citizens Respond To Bloodmobile In Kitzmiller

The recent bloodmobile held at the Kitzmiller fire hall succeeded in collecting 32 productive units of blood, ten of which came from first time donors.

"Kitzmiller never ceases to amaze me. This town should be an example to all who want to know what civic pride can do for a community," stated Elizabeth Huxford, Garrett County Red Cross Blood Services Chairman.

"We very rarely get such a high percentage of first time donors unless we're at the high schools. With just two visits to Kitzmiller, 10 new donors have been added to help friends and neighbors by giving blood," she said.

First tine donors in Kitzmiller were Helen Crouse, Connie Harvey, Melissa Harvey, Judy Paugh, Betty Scott, Brianna Shaffer, Melissa Shaffer, Barbara Welch, and Janice Welch.

Canteen supplies were provided by the Kitzmiller Civic Association, the Kitzmiller Volunteer Fire Department, and Carma White.

Volunteers assisting Nancy Brady, coordinator, were Jackie Brady, Mike Brady, and Charlotte Chadderton.

Current blood supplies are extremely low, Huxford said. She urged everyone to make the time to donate at the next scheduled county bloodmobile this Friday, June 20, at the Oakland Elks Lodge from 11:30 a.m. until 5:30 p.m. The next Kitzmiller bloodmobile will be October 27.

To be eligible to give blood, individuals must be at least 17 years of age, weigh at least 110 pounds, and be in generally good health. Individuals can safely give blood every 56 days. Individuals with questions about donor eligibility may call the Red Cross toll-free at 1-800-54BLOOD.

Ag Groups Urge Congress To Keep Ethanol Incentive

The American Farm Bureau Federation and 32 other agriculture groups are urging Congress to oppose renewed efforts by the House Ways and Means Committee to repeal tax incentives for ethanol-blended gasolines.

"Numerous studies have demonstrated that the federal ethanol program is good for the economy, for the environment, and for farmers and rural communities," the organizations stated in a letter to House Speaker Newt Gingrich and House Minority Leader Dick Gephardt.

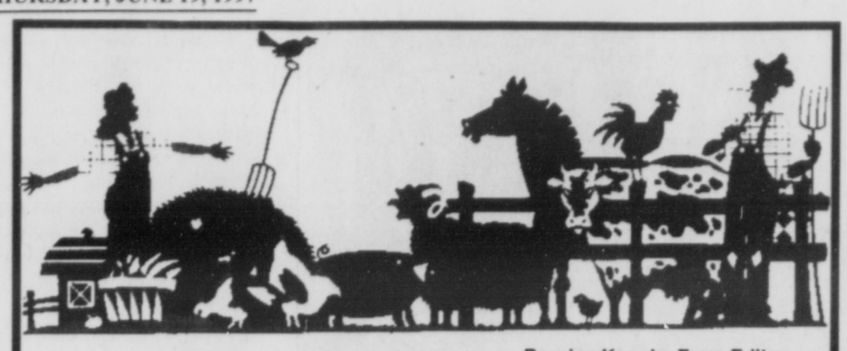

The agriculture groups said removal of the ethanol excise tax exemption would hurt the nation's farm economy. The letter notes that over-all farm income would decline by $120 million the first year and by $1.2 billion per year by 2006, according to a recent report by the Food and Agriculture Policy Research Institute.

The organizations reminded the congressional leaders of the economic benefits of ethanol. A report released by the Midwestern Governors' Conference states that the ethanol industry offers significant economic benefits both to rural communities and the government.

The report credits ethanol with providing 192,000 domestic jobs; increasing farm income by $4.5 billion a year; adding $450 million yearly to state tax receipts; improving the balance of trade by $2 billion; and saving the federal budget more than $3.6 billion.

"Farmers are committed to balancing the federal budget," the groups wrote. "Agriculture accepted elimination of deficiency payments with the promise of a market-oriented farm program with less federal support. The federal ethanol program is an example of the market opportunities that we have to maintain to successfully make the transition from supply control farm programs.

"Tax incentives that promote the sale of ethanol-blended gasolines are building an important, value-added domestic energy industry, just as federal incentives aided the development of the U.S. oil and gas industries," the letter states.

Farming In Maryland.....

Statistics Service Makes Reports On Egg Production

According to the National Agricultural Statistics Service, Maryland laying flocks produced 76 million eggs during April 1997, of which 70 million were table eggs and six million were hatching eggs. The average rate of lay was 74.1 percent. The average number of layers on hand during April 1997 was 3,418,000. On May 1, 1997, 12.5 percent of the layers in Maryland were being molted and 34.5 percent of all layers had been through a molt.

U.S. egg production totaled 6.34 billion during April 1997, up one percent from 6.24 billion produced during April 1996. Production included 5.34 billion table eggs and 998 million hatching-type eggs. Hatching eggs included 939 million from broiler-type flocks and 59 million from egg-type flocks. The total number of layers during April 1997 averaged 303 million, up two percent from the average for April 1996. April egg production per layer was 20.9 eggs, compared to 21.1 a year earlier. On May 1, 1997, 5.3 percent of the layers in the U.S. were being molted and 19.8 percent had been through a molt.

Egg-type chicks hatched during April totaled 38.7 million, up nine percent from April 1996. Additional egg-type hatching eggs in incubators on May 1 totaled 36.4 million, up eight percent from the previous year.

Pullets hatched and intended for future placement in domestic egg-type hatchery supply flocks totaled 316,000 during April 1997, up 25 percent from the 252,000 replacements hatched in April 1996.

The April 1997 hatch of broiler-type chicks, at 691 million, was up three percent from April of the previous year. There were 592 million broiler-type eggs in incubators on April 1, 1997, up four percent from April 1996.

Leading breeders intend to place 6.12 million broiler-type pullet chicks in domestic broiler-type hatchery supply flocks from chicks hatched during April 1997, down nine percent compared to a year ago.

Loss Of Ethanol Tax Incentive Could Mean Jobs

Maryland citizens will lose 217 jobs and pay $99.4 million more for gasoline if an ethanol tax incentive program is eliminated in Washington, according to a nationwide study released recently.

The study, conducted by Dr. John Urbanchuk of AUS Consultants in Moorestown, N.J., for the National Corn Growers Association (NCGA), also found that cutting the ethanol program would cost Americans across the country an additional $500 million in higher federal gasoline taxes, $3 billion in higher gasoline costs, and $2.9 billion in lost household income each year.

America's ethanol industry has come under attack by special interest, including "Big Oil," who wants to terminate the federal ethanol program. The ethanol tax incentive program is a 5.4 cent per gallon exemption on the current gasoline excise tax of 18.4 cents per gallon. Legislation to end the program immediately is being considered this week by the House Ways and Means Committee, where Chairman Bill Archer (R-Tex.) has targeted the incentive as part of the tax legislation coinciding with the recent bipartisan budget agreement.

"Although ethanol is produced primarily in the midwest, it still plays a vital part of Maryland's farm economy. Killing the federal ethanol program will reduce Maryland farm income as much as $30 million and increased gas prices will hit all Maryland's consumers in their wallets," said Melvin Baile Jr., president of the Maryland Grain Producers Association.

Wallie Hardie, a North Dakota farmer and NCGA president, said, "Americans did not vote for higher taxes, higher gas prices or dirtier air. Let's hope Congress can do what's right for all Americans, not just what's right for 'Big Oil.'"

The number of milk cows in Maryland averaged 86,000 head during the year, down five percent from 1995. Milk per cow for 1996 averaged 15,314 pounds, 589 pounds per cow more than in 1995.

Maryland Pork Ambassador Named

The Maryland Pork Producers Association (MPPA) recently announced that Dori Lynne Thompson, New Windsor, is the Pork Ambassador winner for 1997. The ambassador program is to honor young individuals for their expertise in the swine industry and to utilize their communication skills to better the swine industry. MPPA initiated the Maryland Pork Ambassador Program in 1989 to replace the Pork Queen Competition.

"We are looking forward to working with Dori as she helps us promote the swine industry and today's lean pork," said Steve Ernst, MPPA president. Ms. Thompson's first activity will be promoting pork at the National Capital Barbecue Battle on June 21-22. MPPA provides prize money to the winners of this pork cooking event which is to be held on the Mall in Washington, D.C.

Dori Thompson began raising market swine for her 4-H project in 1991 and exhibited at both the county and state levels. She also exhibited animals in the carcass contest, winning the contest twice. She is currently working part-time at the Large Animal Building, Swine Facility in Beltsville. She had demonstrated her leadership skills by holding the positions of president of Wakefield Valley 4-H club from 1990-95, treasurer from 1989-90, and vice-president of Carroll County 4-H Rabbit Club from 1992-93, Ag Ambassador 1996-97, and Ag Council Rep 1996-97. She was nominated and accepted to M.I.C.E. (Maryland Institute of Cooperative Education). She is learning through her classes and her employment and plans to share this knowledge through talks and demonstrations. She will be required to attend the National Pork Leadership Institute as part of her role as Pork Ambassador as well as give a talk at the state meeting. MPPA and the National Pork Producers Council will pay the cost for the Maryland Pork Ambassador winner to attend the institute.

The National Pork Producers Council developed the five-day Pork Leadership Institute Program to allow individuals between the ages of 18-22 years, with an interest in the future of the swine industry to explore key issues; learn about pork promotion, research, and consumer information; examine the industry's future and the role of young adults in it; meet industry and national leaders; improve their speaking skills; and learn how to challenge the issues.

SPRING BLOOMS are adding color in front of the Ruth Enlow Library in Oakland thanks to a donation of brightly colored impatiens donated by Julie Eyler, owner of Julie's Greenhouse, Oakland. The Mountain Laurel Garden Club coordinated the project and planted the pink, red, and white flowers recently. Seen here are the club members at work. From left to right they are Karen Ewing, Betsy Whittelsey, Kiyo Dolan, and, Frances Gnegy.

State "Top Pop" Pork Recipe Contest Underway

The Maryland Pork Producers Association is please to announce the "Top Pop" recipe contest. They are calling on all kids under 18 years of age to nominate their dad's favorite grilled pork recipe and win a Weber grill for Dad and $100 for their own pocket.

"I'd like to see a Maryland family win this national competition," said Steve Ernst, MPPA president. "I know we have lots of fathers in this state who know how to cook today's lean pork," he added.

"There are new rules in pork cooking," said Lynne Hoot, executive director for MPPA. "The internal cooking temperature for pork is 160-180°F, much lower than grandma used to cook it." Lots of fathers know that overcooked pork looses some of its delicious flavor and that pork is safe, healthy, and tasty, especially when cooked on the grill.

MPPA wants Maryland's young folks to mail entries, which need to include their dad's favorite grilled pork recipe, and a one-page essay telling why Dad should be named Top Pop, to Top Pop Recipe Contest, NPPC, P.O. Box 10383, Des Moines, Iowa 50306. Handwritten or typed entries can also be faxed to 515-223-2646 or e-mailed to pork@nppc.org/. The name, address and age of the entrant, as well as Dad's name, address and recipe name should be included at the top of the entry.

Entries will be judged for taste appeal and ease of preparation. Three runners up will receive grilling accessories for Dad and $50 for the entrant. Contest flyers can be obtained by calling MPPA at 410-956-5771.

More information may be obtained by calling Marilyn Moors at 301-746-4057.

The reading club is being sponsored by the Friends of the Ruth Enlow Library and the Friendsville Rotary Club.

MTA Van Will Transport Local Disabled Workers

The Mass Transit Administration (MTA) of the Maryland Department of Transportation is making sure that people with disabilities have access to jobs. The MTA is providing a new $21,999 15-passenger van to the Appalachian Parent Association.

"We are committed to making sure that all Maryland citizens have transportation options available to them," said David L. Winstead, transportation secretary.

The Appalachian Crossroads, the habilitation program of the Appalachian Parent Association, transports people with disabilities from all over the county to work and day programs. Approximately 80 people benefit from this service.

"It's important that we have good vehicles because we have harsh weather conditions and we don't want people to get stranded," said Scott Hollingsworth, day program director at Appalachian Crossroads. "We are serving more people than before, so the vehicles are on the road more. This van will replace one that has more than 160,000 miles on it," he explained.

The van is part of a contract for 10 vehicles to be distributed to private, nonprofit organizations across that state through an MTA grant. The purchase was approved last week by Maryland's Board of Public Works. The vehicles are scheduled for delivery later this summer.

FISCAL YEAR 1998 BUDGET MESSAGE
JUNE 3, 1998

The Board of Garrett County Commissioners is pleased to present the Fiscal Year 1998 Operating and Capital Budget. This year's budget reflects an increase of $4,242,752 over Fiscal Year 1997 without an increase in the property tax rate of $2.49 per hundred. However, this increase requires an explanation that will clearly define the actual financial and accounting method used by the County Administrative Officer and Finance department staff in preparing this budget. Fiscal Year 1996 and 1997 Budgets included revenue under various accounts as an offset to an applicable expenditure resulting in actual operational cost being understated. This difference [or increase] between Fiscal Year 1998 and prior budgets [Fiscal Year 1996 actual revenue and Fiscal Year 1997 approved budget] is detailed in the budget report.

Prior fiscal year budgets did not separate revenue from expenditures on many line items. Revenue was designated as an offset to an applicable expenditure; therefore, actual cost was not reflected in the approved budget. Fiscal Year 1998 Operating and Capital Budget clearly defines revenue and expenditures with all revenue from grants from the Federal Government, grants from State Government, service charges for current services, miscellaneous, and other financing sources reflected in Revenue. Fiscal Year 1998 clearly accounts for revenue and expenditures. Prior budgets consolidated all departmental employee benefits under a designated line account. Fiscal Year 1998 directly allocates this cost to each department for a more direct operational cost analysis of each segment of County Government.

The County has taken additional financial control measures by adopting a Resolution that requires that the General Fund must remain at a balance that will not be less than five percent (5%) of the approved Operating and Capital Budget for any given fiscal year. This policy will assure that the County has a positive cash flow that will follow explicit guidelines. A Debt Affordability Study was completed that will establish a strong framework for the review of County debt capacity/affordability on a continued basis. Debt service policies will allow for debt financing at a level consistent with sound fiscal management principles and which will meet the County's demand for public projects over a five-year period and beyond. The County must assure capital financing flexibility under changing priorities and economic cycles, and which sufficiently focus on long-term relevance. This year's budget shows Debt Service as a distinctive segment.

The Board of County Commissioners continues to meet with all local municipalities to assist with public works projects that may be impossible without an incorporated effort. A tax-differential study that appraises any duplication of public services was completed during the past year. Fiscal Year 1998 Budget includes the County appropriation of funds for the paving of Liberty Street in Oakland and other projects that will be reviewed for approval and subsequent completion on an "as needed basis" for other municipalities.

The Board of County Commissioners will continue to make economic development a number one priority. Plans for Fiscal Year 1998 include an expansion of the Southern Garrett Industrial Park and infrastructure additions to the Northern Garrett Industrial Park. Legislation introduced by the Board of County Commissioners was passed by the Maryland General Assembly that enables the County to decrease Personal Property tax to further attract new businesses and allow existing companies to expand. The Personal Property rate for Fiscal Year 1998 was reduced by ten percent (10%) and long-term plans are to continue to reduce the percentage and completely eliminate this tax over a ten-year period. Long-term commitment to tourism is evident by the appropriation of funds directed to the construction of a new Visitor's Information Center at Deep Creek Lake. This project was a combined effort of the County, Delegate George Edwards, Senator John Hafer, the Chamber of Commerce, and the Garrett County Promotion Council.

The largest expenditure in the budget for Fiscal Year 1998 is Education, which continues to be a significant priority for funding. Forty-one percent (41%) of the total Operating and Capital Budget for Fiscal Year 1998 is designated for education. Public Works continues to be the second highest segment of Fiscal Year 1998 Operating and Capital Budget, with thirty-one percent (31%) of the total budget appropriated for the County Roads Division, Solid Waste and Recycling, and the County Airport. This year's budget also details individual capital projects and equipment purchases that are incorporated in the Five-Year Capital Improvement Plan.

The County is committed to financial and strategic planning that will rely on the statement that good business decisions have to become exceptional and the County must operate exceptionally and more intensely than at any time in the past. The provision of public services to the citizenry of Garrett County will continually be enhanced and improved by our team of many dedicated and proficient employees. We are reorganized, re-focused, and aggressively moving toward better systems, better processes, and better trained employees. The County will continue to prioritize the appropriation of all funds to efficiently serve the citizens of Garrett County.

The Board of County Commissioners has established mutual goals of innovation, growth through knowledge management, open communication, and a commitment to continuously improve the quality of our obligations.

THE REPUBLICAN

VOL NO. 120 OAKLAND, GARRETT COUNTY, MD., THURSDAY, JUNE 26, 1997 PER COPY 47¢ Printed on RECYCLED NEWSPRINT

SUMMER HAS FINALLY ARRIVED in Garrett County, not only on the calendar, but also in terms of weather conditions, as incredibly warm temperatures have been experienced for nearly a week. A delightful way of coping with the heat is a visit to Swallow Falls State Park, where the tall, virgin hemlocks provide both a cool and beautiful environment, and the caressing waters of the Youghiogheny River and Muddy Creek are most inviting. This photo was taken yesterday at the base of Swallow Falls by John McEwen. In this issue of *The Republican* is our annual publication "Summer Sensations," which provides 72 pages of information about all of the wonderful amenities Garrett County has to offer. Copies will be available at many newsstands throughout the county for the entire summer season.

Tuesday Blaze Leaves Local Family Homeless

A Friendsville area family was left homeless Tuesday afternoon with fire destroyed their two-story wood-frame farm house, located along White Rock Road. Investigators from the Maryland State Fire Marshal's Office, who have estimated the loss to be $60,000, have not determined the cause of the fire, but reported that it began in a first-floor utility room.

Volunteer fire fighters from the Friendsville, Deep Creek, Accident, and Markleysburg, Pa., fire departments responded to the residence of David and Wanda Sisler at 12:46 p.m.; however, the 100-year-old structure was fully involved in flames upon their arrival.

Mr. Sisler was at a neighbor's house when a passing motorist discovered the fire and reported it. Mrs. Sisler was at work at the time. There were no injuries in the incident.

Fire units remained on the scene for just over three and one-half hours. Also responding was a unit from the Northern Garrett County Rescue Squad.

The Sislers and their daughter, who are currently staying with relatives, are being assisted by the American Red Cross.

Hiking Injury In Savage Forest Requires Medevac

A hiker's fall in a remote area of the Savage River State Forest necessitated a five-hour rescue operation involving the combined efforts of four different state and local agencies on Wednesday evening. The successful rescue operation culminated in a medevac flight via helicopter to Memorial Hospital of Cumberland.

Diego Ivan Duran, 17, Silver Spring, was hiking with a group of Outward Bound participants near Pea Patch Ridge at approximately 2:30 p.m., when he tripped and fell forward under the weight of his backpack, striking his head and losing consciousness. The Outward Bound staff member leading the expedition, Kenja Griffin of Baltimore, stabilized Duran on the scene and then hiked out to call the Department of Natural Resources

Commissioners Adopt County's First Ordinances Regulating Development

After nearly two years in the making, countywide ordinances regulating development measures were adopted Tuesday by the Garrett County Commissioners. The ordinances pertain to subdivision development and sensitive area stipulations. The creation of these regulations is a result of the comprehensive 1995 Garrett County Development Plan, which came about after the adoption of the Maryland Economic Growth Resource Protection and Planning Act of 1992.

The subdivision regulations involve road development, turning radii and roadway approach rules, plat recording procedures, lot requirements, and design standards, among others.

The sensitive area ordinance is designed mainly to protect very steep slopes in the county as well as stream buffers. The buffer width from "growth area" stream banks is to be 25 feet. The growth areas are depicted on the Garrett County Land Classification Map, which can be seen at the planning office in the courthouse.

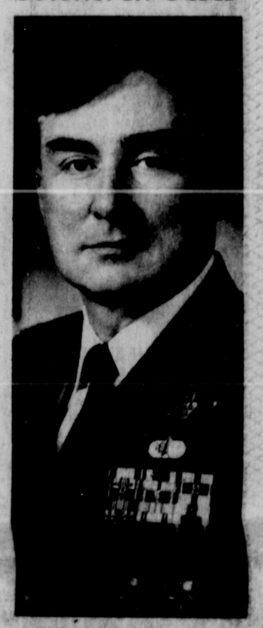

Within these stream buffers, no new buildings will be permitted, expansion of existing buildings will be limited to 1,000 square feet of land area, and most new paving or stone surfaces will be prohibited, except necessary perpendicular crossings.

As for "steep slopes," the ordinance does not regulate development on slopes of less than 30 percent. If a building is proposed on slopes over that percentage, a four-acre minimum lot area would be required.

The ordinances have been developed chiefly through the work of the Garrett County Planning Commission and consultants. Hearings and commission meetings have been attended chiefly by local developers and realtors, who have argued for some loosening of various proposed standards. John Nel-

Oakland Native Promoted To Colonel In USAF

Mike Nichols, former Oakland resident and a graduate of Southern High School, was promoted to full colonel in the U.S. Air Force at ceremonies on Hickam Air Force Base (AFB), last month.

The promotion ceremonies featured the pinning of Nichols's silver eagles, signifying his new rank, by his wife, Barbara, and Colonel Bruce Brown, commander of the 15th Wing, USAF. Full colonel is one of the most senior ranks in the U.S. military, with less than five percent of the officers entering commissioned service attaining this level.

Nichols, currently serving as inspector general at Hickham AFB for the 15th Wing, began his Air Force career as a distinguished graduate of the Air Force ROTC program at West Virginia University in 1974, where has also earned his bachelor's degree with high honors. He was later awarded a master's degree from the University of Southern California in 1982, and is a graduate of Squadron Officers School, Air Command and Staff College, Marine Corps Command and Staff College, and the National Security Management Course and Air War College.

Nichols earned his pilot's wings in 1976 at Columbus AFB, Miss., and went on to become a command pilot, qualified in jet, heavy and light helicopters and turbojet aircraft. Among his many varied assignments during his career, Nichols served as the deputy director of Professional Military Training at the U.S. Air Force Academy, where he later commanded the 22nd Squadron and was also a member of the Management Department faculty. Nichols was a member of the United States Pacific Command Battle Staff during Operations Desert Shield and Desert Storm, and later served as the executive assistant to the

Kitzmiller Youth Injured By Falling Tree Thursday

A young boy was injured in Kitzmiller last Thursday around 6:30 p.m. when he was struck by a limb or a falling tree, according to a report filed with the Maryland State Police, Barrack W, McHenry.

The youth was standing by a dry creek bed when a four-wheeler about 60 feet away from him struck a tree, which fell and injured him, police said.

He was transported to Cumberland Memorial Hospital by state police MedEvac helicopter. According to a spokeswoman at the hospital, he was released June 22 after treatment for his injuries.

Southern Rescue Squad, Elk District Ambulance, and the Garrett County Sheriff's Department also responded to the accident.

Gary R. Sweitzer, 23, Kitzmiller, was operating the '97 Yamaha ATV at the time of accident. He was not charged by police.

GLENDALE ROAD

A one-vehicle accident on Glendale Road Saturday morning, sent the driver to the hospital.

The state police report said that a Mtn. Lake Park youth was eastbound on Glendale Road east of Route 219 around 8:40 a.m. when he lost control of his vehicle. The car left the roadway and traveled onto the right shoulder and struck a tree.

Southern Rescue Squad transported the driver to Garrett Memorial Hospital, where he was treated and released. He was charged by police with negligent driving, driving without a license, driving without a seatbelt, and driving with no registration card.

ROUTE 219

A two-car accident was reported by police on Route 219 at Mayhew Inn Road Sunday at 8:50 a.m.

According to the report, Larry Schenk, Oakland, was driving a truck which was pulling a horse trailer. He was making a left turn onto Mayhew Inn Road when a truck driven by Erroll Jean Pessini tried to pass Schenk

Three More Rabies Cases Are Confirmed

The Environmental Health Services section of the Garrett County Health Department has announced the fourth, fifth, and sixth cases of rabies in Garrett County for 1997.

The fourth case, which involved a raccoon, occurred on a property located along Wayne Harvey Road. The raccoon was killed by a currently vaccinated dog, which was tied to a dog box at the time of the incident. A second currently vaccinated dog, also tied to a dog box, was within a distance to be involved with the raccoon. The raccoon tested positive for rabies at the Department of Health and Mental Hygiene Rabies Laboratory in Baltimore on June 17. Both dogs

TWO HUNDRED YEARS OF HISTORY toppled this week in the backyard of an Oakland home when this giant tree fell to a woodman's saw. The giant oak, estimated to be over two centuries old, is likely an Oakland namesake, dating back to the 1850s when the town was named for the abundance of oak trees native to the area. "We hate to see it go," said the homeowner in whose yard the tree was standing, "but the insurance company said it was getting dangerously weak with age." In this photo, man is put into perspective against the huge tree, as the tree cutter hanging from the 10-story trunk appears to resemble a woodpecker whacking away at its immense girth.

Oakland Woman Dies As Result Of Wednesday Night Car Crash

A motor vehicle accident last night on Gorman Road south of Loch Lynn claimed the life of an Oakland woman.

According to the Garrett County Sheriff's Office, 40-year-old Betty Lou Corby was killed when her vehicle collided with a second vehicle driven by 17-year-old James Brown of Oakland. The accident occurred at approximately 10 p.m., on Gorman Road (Rt. 560) just south of Doc Tolson Road.

Units from Southern Rescue Squad and the Oakland Volunteer Fire Department responded to the scene along with sheriff's deputies, and two patients were transported to Garrett Memorial by the rescue squad.

In unconfirmed reports, witnesses stated that both vehicles were traveling in excess of the speed limit, and at least one of the cars was over the center line of Route 560 when the accident occurred. As of this morning, none of this information had been confirmed by the sheriff's office.

No further information was available from official sources by presstime. The accident is still under investigation by the Garrett County Sheriff's Office.

Youth Injured When Gunpowder Ignites, Flashes

A 16-year-old Friendsville youth sustained second-degree burns on his face Saturday afternoon when he ignited a one-pound container of black powder. The young man was transported to the West Penn Hospital Burn Center in Pittsburgh by Healthnet helicopter for treatment.

According to Deputy State Fire Marshal W. Faron Taylor, the youth was accompanied by two friends, ages 15 and 14, when he took the container of gunpowder, a glass jar, and a cigarette lighter under the Interstate 68 overpass in Friendsville. After lighting the powder and being burned in the process, the two younger boys led the 16-year-old to the Youghiogheny River, which flows under the highway, and they splashed water in his face. They then took him to his residence along Oak Street, where units from the Northern Garrett Rescue Squad and Friendsville Volunteer Fire Department responded. The incident occurred just before 5 p.m.

It was unknown at presstime if the boy had returned home from the hospital, but Taylor said that he was expected to make a full recovery from his injuries.

The incident remains under investigation and Taylor said that charges may be filed.

GCHD Notifies County Of Local Pertussis Case

Last week the Garrett County Health Department received a report from a health care provider that an individual was ill with pertussis, or "whooping cough." As mandated by law, the department has released this information for public awareness, as the illness can be dangerous among babies under 1 year of age.

Persons who have been immunized against the disease have a significantly decreased chance of contracting it. The pertussis vaccine is customarily given to children along with the diphtheria and tetanus immunizations (DPT), and is administered to babies at 2, 4, 6, and 15 months of age. Because at least two doses have to be received for the body to become immune to the disease, babies under 6 months are far more susceptible to the illness, as are premature babies or babies with lung disease.

The disease affects the lungs and throat and is caused by a bacterium (germ) called "Bordetella pertussis." The illness is spread from person to person through close contact, with the germ generally found in discharge from the nose and throat.

A person is communicable (contagious) from the onset of the first symptoms

AMERICAN WRITER F. SCOTT FITZGERALD, in the form of historian/actor Michael McCarthy, will appear in the 1997 Chautauqua "Literary Maryland" event at Garrett Community College, slated for July 2-5. Workshops will be held at various community locations and evening performances will be under the tent on the college campus. McCarthy will perform at GCC on Thursday, July 3, at 7 p.m. He is an American historian with a doctorate from the University of Denver who specializes in 20th century United States history. The author of numerous books and articles on western history, he teaches at the University of Colorado and the University of South Carolina. He will tell the story of Fitzgerald's life -- how the war disillusioned the "lost generation," how he wrote about the great national hedonism that followed the conflict, and how he and his wife Zelda were slowly drawn into the times and destroyed by them. In addition to the evening performance, McCarthy will present samples of Fitzgerald's work in a workshop on July 5 at 10 a.m. in the studio theater of Frostburg State University. The "Literary Maryland" Chautauqua is being sponsored by Garrett Community College and the Maryland Humanities Council with partial funding by the Garrett County Arts Council. All events are open to the public and free of charge.

Police Report Arrests, Charges In Assault Cases

Maryland State Police, Barrack W, McHenry, responded to a domestic assault incident in Grantsville Tuesday.

The police report states that Blair A. Baker, 32, Grantsville, had been drinking when he began arguing with Karen Lee Durst, Grantsville, around 11 a.m.

During the afternoon the argument allegedly escalated to include choking, grabbing, and pushing her causing injury. Baker then is reported to have kicked in the rear panel of Durst's 1986 Mercury.

Baker was apprehended by police, charged with second degree assault and malicious destruction of property in excess of $300, and incarcerated in the Garrett County Jail. He was later released on his own recognizance.

In a separate incident a Grantsville man was arrested after getting into a fight with another man June 23.

Police reported that about 8 p.m. William R. Wilt, 34, Grantsville, was charged with second degree assault after striking Roger J. Tilgner in the face several times and breaking his nose.

Wilt was taken to the Garrett County Jail and was later released on his own recognizance.

State Grants Are Awarded To Local Arts Groups

The Maryland State Arts Council has awarded grant funding in the total amount of $59,751 to three local arts groups, with the approval of Governor Parris Glendening. Those to receive funds are the Garrett Lakes Arts Festival (GLAF), the Spruce Forest Artisan Village, and the Garrett County Arts Council.

Spruce Forest has been allotted a folk arts/heritage grant of $6,467, and GLAF will receive a multi-discipline grant of $5,000. A Community Arts Development Grant of $48,284 has been awarded to the Garrett County Arts Council.

The state arts council has allotted awards throughout the state totalling $6.87 million in matching grants for fiscal year 1998, according to information from the governor's office. This money will be used to support general operations of arts organizations, ongoing arts programs and projects, and community arts development and incentive projects to benefit under-served artists and audiences.

"The arts enrich our lives," Glendening said. "They make our cities and communities better places to live and work. It is important that we create a supportive environment for the arts, one in which we encourage and promote artistic excellence throughout the state."

According to Maryland Department of Business and Economic Development Secretary James Brady, more than 9.6 million people attended arts events in the state last year. The arts have had an economic impact of $634 million on the state's economy, generating $21 million in state and local taxes, Brady said.

Grants to arts organizations from the state arts council are awarded on the basis of artistic merit, administrative ability, financial stability, service to the community, and the involvement of Maryland artists and audiences. Grantees are selected through a competitive process in which applications are reviewed by advisory panels of professionals in each artistic discipline. The amounts of the individuals grants are then recommended for the governor's approval by the state arts council.

ONE-OF-A-KIND IMAGE TO BE OFFERED AT STATION BENEFIT - This photograph/photogram created by staff photographer John McEwen will be one of the items available for purchase at the "Evening at the Station," a fund-raising event for the Oakland Train Station. The benefit will be held at the Fresh Air Pavilion this Saturday, June 28, from 5:30 to 8:30 p.m., and will feature foods from 12 local restaurants as well as musical entertainment. This image is one of a series of three prints created in October 1996 for the Autumn Glory issue of *The Republican*. It was done by first exposing a piece of photographic paper with a negative of the train station, and then placing over it various real leaves, gathered from the streets and lawns of Oakland. A second light beam, without the negative, was then shone on the paper. The latent image of the station remained, protected from the light by the leaves. In the areas the leaves were not touching, however, the photo-sensitive paper was bombarded with light waves, resulting in the black "background." Because this technique involves manually placing the leaves on the paper, it is impossible to exactly replicate the image even one time. Therefore, each print is one of a kind. Each photo is numbered and signed. This and works of art by Jon Boone and Laura Stutzman, popular local artists, will be available for purchase through an auction or otherwise. Tickets for the evening are $10 per person and are available at Proudfoot's Pharmacy, The Book Mark'et, and Rudy's. For more information, persons may call 301-334-9150. All proceeds will go toward the town's effort to purchase the historic train station.

Suspects Sought In Recent Theft At Tack Shop

A local tack shop was the target of a recent theft of merchandise and malicious destruction of property.

According to a report from the Maryland State Police, Barrack W, McHenry, an unknown suspect or suspects broke into the Happyat Hill Horsery Tack Shop, Garrett Highway, McHenry, some time between 9:30 p.m. June 19 and 8 a.m. June 20.

Police describe possible suspects as two white males in their 40s, from 6 feet to 6 feet 2 inches tall, weighing 160-180 pounds, both having brown hair, and one possibly with a mou-stache.

The vehicle police consider possibly suspect in the incident is described as an older model yellow and brown Chevrolet Suburban with Pennsylvania or Maryland registration plates. It may be towing a red Strock trailer with a picture of horse stenciled in white on the front and side of the trailer.

Among items reported stolen from the shop were 11 saddles, Western, English, and Australian; two pair of boots; two silver watches; four Australian oil skin coats; and four or five bridles. The property is reportedly valued at $7,800.

Anyone with information about this case is asked to contact Tfc. A.P. Mason, Maryland State Police, McHenry, 301-387-1101 or 301-895-1101.

Flute, Guitar Duo To Perform At Penn Alps

Music at Penn Alps (MPA) will continue its fifth concert series season with a performance by Karin Leitner, flute, and Beatrix Steiner, guitar -- the "Duo Concertante" from Vienna, Austria. The event will be held on Saturday, July 5, at 7:30 p.m. in the Great Hall of Penn Alps, Grantsville.

Founded in 1992, Duo Concertante follows a long tradition of pairing the balanced harmony of flute and guitar into a seamless unity, a spokesperson said, combining technical brilliance and an enchanting sound.

The program will include Mozart's famous *Sonata in A major*, *Viennese Dances* by Franz Schubert, a minuet by Boccherini, a pavanne by Faure, a Spanish dance by Granados, and several pieces from South America.

The women are both graduates of the Secondary School for Musicians and the Academy of Music and Arts in Vienna. Leitner has performed with the Orchestra Camerata Musica, the Gustav Mahler Youth Orchestra, and the Austrian Ladies' Chamber Orchestra. Steiner has performed with the Vienna State Opera, the OsterreichischeKammerhamonie, and the Vienna Symphoniker.

The duo has won the Musica Juventutis Competition and was chosen to play a concert in the Vienna Concerthouse. They have performed widely in Europe, England, Ireland, and Italy. This past winter they toured the Czech Republic.

Music at Penn Alps is a summer-long series of concerts in the Great Hall. All concerts begin at 7:30 p.m. on Saturday evenings. For information about the concert schedule and ticket information, persons may call MPA at 301-895-3332.

Commissioners

Continued from Page A-1

son, director of the planning office, stated in the commissioners' meeting Tuesday that the final document is the result of good compromising from all those involved.

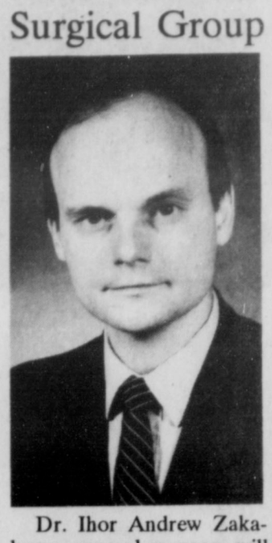

The final draft was presented to the commissioners last week, but the three officials opted to wait a week before voting to accept it. The only individual present this Tuesday at the time of adoption was local civil engineer Henry Moomau, who asked for yet another change in the roads standards. He expressed his opinion that the ordinances are more designed for an urban area rather than rural.

Nelson said that exceptions can be sought by developers even after the document is adopted, as provisions are included for such action, but Moomau said that would be cumbersome. Commissioner John Braskey noted that delaying the ordinance to beyond the July 1 deadline would be more cumbersome.

The vote was two to one, with Commissioner Wayne Wilt going against the ordinance adoption.

"I've always been against zoning and that's just what this is. Big government is always on our back and I just don't like it," Wilt said. When asked what an alternative could be to the state mandate of developing such an ordinance, Wilt only said, "That's a tough question."

McClive's Food For Thought
by Chef Francesco G. Pisano

Wrap extra-large shrimp in slices of prosciutto, with a basil leaf tucked inside each roll. Place on bamboo skewers that have been soaked 30 minutes or so. Grill or broil. Serve with a garlic-mustard vinaigrette dipping sauce.

The new switcheroo—make lasagna with slices of polenta instead of noodles. Prepare your own polenta and let it chill in a loaf pan, or cut slices from a packages roll of polenta.

Pan-roasting starts on top of the stove, but cooking often continues in the oven for more even results.

Add crumbled Roquefort cheese to your home-made vinaigrette. You'll enjoy plenty of flavor with fewer calories than you get in bottled blue cheese dressing.

You can substitute one kind of flour for another. For a cup of cake flour, substitute a cup of all-purpose flour, less 2 Tbs. For thickening, replace 1 Tbs. flour with 1½ tsp. cornstarch.

Sheriff's Office Investigating Finzel Vandalism

The Garrett County Sheriff's Office is investigating vandalism damage that occurred to timbering equipment off Finzel Road last week.

According to the report, a log skidder and a loader truck belonging to Allegany College were parked on property belonging to the city of Frostburg, where they are used as part of the school's forestry education program. On Monday morning school forestry staff discovered the damage to the vehicles, which had occurred sometime over the weekend.

The log skidder's wire caging was removed from the door, the vehicle had been driven around the lumberyard, and the cab's fire extinguisher had been discharged throughout the vehicle's interior and exterior. All windows and a mirror of the loader truck had been smashed as well. Numerous empty beer cans were found on the scene, and the initial damage estimates are upwards of $300.

BPW WINS STATE AWARD - The Garrett County Business and Professional Women's Association received the State Legion Award at the recent BPW state convention held in Ocean City, Md. Pictured above, left to right, are Christine Shaffer, state legion chairman, Joanne Harsh, Garrett County BPW president, and Gloria Gaddes, BPW state president. Below on the left is June Heselbach, incoming BPW president for 1997-1998, with outgoing president Joanne Harsh.

In other sheriff's news, the theft of a stereo and CD's from a boat occurred sometime over the weekend from a South Blakeslee Road residence boat dock. Taken from the boat, which was discovered with the cover still appearing to be intact, was an Alpine AM/FM compact disc stereo player, serial #S70234836, valued at $300, along with $300 worth of compact discs.

The sheriff's office is investigating a burglary at the Body Works beauty salon on Garrett Highway that occurred last week. According to the report, entry to the building was gained through a jimmied exterior door, then a chain was cut on an interior gate to give the burglar(s) full access to the business. Stolen was $250 in cash.

An attempted burglary occurred last week at a Paradise Point Road residence while the owner was not at home. The dwelling's screened back door was pulled off, breaking its lock, the inside steel door was kicked in, with dents from footprints visible, and the wooden door jam was broken to allow entry. Nothing appeared to have been taken from the house, according to the owner. Damage to the doors is estimated at $275.

DWI Arrests

Several arrests for driving while intoxicated (DWI) were made by the sheriff's office last week.

Willie Gibbs Friend, 44, Oakland, was arrested and charged with DWI and resisting arrest late Sunday night. At 11:30 p.m., the sheriff's office received a report of a vehicle laying on its side near the intersection of Sand Flat Road and Pysell-Crosscut Road, with no one in the vehicle. Fire and rescue units were dispatched along with the sheriff's units, but were released when no one was located on or near the scene. The vehicle's tags were listed to Friend, who was subsequently located, and who had not sustained any injuries. He has since been released on his own recognizance.

The other DWI arrests in sheriff's office reports of the past week were: Kenneth Earl Tasker, 30, Oakland, Robert Merle Gindlesberger, 40, Oakland, and James Franklin Burdock, 25, Elk Garden, W.Va.

Other Arrests

The following individuals were arrested on criminal charges last week as well. Arrested on the strength of bench warrants for violation of probation were: David Francis Moon, 41, Mtn. Lake Park, and Kenneth William Hawkins, 30, Oakland. Arrested on a bench warrant for failure to appear for hearing or trial was Steven Ray Thomas, 34, Cumberland, and Michael Wade Jones, 21, Oakland. Arrested and charged with trespassing and failure to obey a lawful order was Lawrence Jesse McGovern, 43, Oakland. Arrested and charged with violation of an ex-parte order, issued by the court ordering him not to have contact or otherwise harass his wife, was Anthony Craig Corby, 42, Oakland.

Rabies Cases

Continued from Page A-1

had been vaccinated against rabies in May of this year at the Gorman Rabies Clinic, which was sponsored by the Garrett County Health Department.

The fifth positive case of laboratory tested rabies was a fox, which came in contact with an unvaccinated dog along Amish Road. Results of the test on June 17 proved the fox was positive for rabies. As the dog was not currently vaccinated against the disease, the pet was euthanized.

The sixth and most current case of rabies occurred on June 17 when a raccoon entered a property near the Gorman and White Church roads. After it tried to get inside the dog pen, the raccoon was shot. Because of possible exposure, the currently vaccinated dog was given a booster shot and will be observed for 45 days.

There was no human exposure in any of the three incidents.

The public is once again urged to verify the rabies vaccination status of their pets in order to keep them current. The health department has concluded the low cost rabies clinics for May and June and will have one more week of clinics in September. Pet owners with animals in need of a rabies vaccination should make an appointment with a veterinarian.

Live and Let Live...

A week of church camp last week took this writer through a relatively small town in West Virginia, and it was downright startling when those of us in the vehicle noticed right downtown, directly across from the county courthouse, the headquarters for the local Ku Klux Klan chapter. There was a large K on the door, above which there was a waving confederate flag.

Meanwhile, in the news lately there has been considerable negative press about the Disney Corporation once again, this time emanating from the recent Southern Baptist Convention, at which it was decided to boycott Disney World, Disneyland, Disney films, Disney-owned networks, and all other Disney products, for the corporation's "promotion of the homosexual lifestyle." Disney is being criticized for including same-sex partners in employee benefit packages, for the Ellen Degeneres television program (owned by Disney) in which the lead character (and actress who plays the role) has "come out" as a lesbian, and even for "condoning" the relationship of the puppet characters Bert and Ernie on the Disney-owned Sesame Street children's show, which conservatives apparently believe is a homosexual one.

We certainly do not suggest that a member of the Southern Baptist Church is no different than a member of the KKK, but we do submit that the behaviors of each group have some distinct similarities. In each case we have human beings judging others, with that judgment based upon race with the former group and based upon chosen lifestyle by the latter. It is bigotry...it is discrimination, in both cases.

Most KKK members claim to be Christians, just as Southern Baptists accept Christ as the Son of God and the true redeemer of the world. Isn't it ironic, though, that Christ taught us to love and accept each other, regardless of our differences, because that's how he loves us? Isn't it ironic that Christ told his followers, on a number of occasions, that judgment of others is the job of God the Father, and not of humans.

It doesn't mean that we have to condone or accept behavior of others that we find distasteful or immoral. Nor does it mean that we should not offer guidance and gentle counseling if the opportunity presents itself. It simply means that it is not our place to jump in and try to force them to change their values and behavior and accept ours instead. In other words, in such matters we are basically to live and let live.

"Love one another, as I have loved you." What great advice.

Letters to the Editor

To the Editor:

Although this letter is addressed to the Board of County Commissioners, I want others to know what has happened.

On June 2, 1997, I picked up from the Animal Shelter a puppy, wanting to take it home as a playmate for the one puppy we already had at home. That same evening the puppy we had just gotten from the Animal Shelter got so sick that it had to be taken to a veterinarian. I then found out that this puppy had hook worms. After spending over $200 we were able to bring home a healthy puppy.

The next problem came when the healthy puppy we had at home became sick and had to be taken to the vet. The hook worms had been passed on to him. The worst part is that this puppy died on June 11.

This has caused a lot of stress in not only the loss of the puppy, but the over $300 in vet bills for both puppies.

How much would it have cost the Animal Shelter to have the animals checked for problems such as this? How much would it cost the county to clean up the Animal Shelter? I know it would be less to find these problems while they can still be treated and another family wouldn't have to go through what mine has over the past several weeks.

I, for one, will not go back to the Animal Shelter to get another pet. I can't afford it, either financially or emotionally.

I wish to thank Dr. Deal and his staff for their help and support through the sickness of one puppy and the loss of the other. I appreciate it.

Diana L. Grubb

To the Editor:

What makes an animal rights activist tick? Damned if I know! It's certainly not a desire to set aside lands so nature can take what they consider to be its "natural course." They'd much rather spend money on flashy advertisements to get even more emotionally wrought funds.

Is it a deep felt caring for animals? No. Most animal rights activists know little about the wildlife they claim to be defending. Many of them have never seen much of the wildlife they think they know so much about.

Although hunters and trappers are relatively few, their license and fee money goes directly toward acquiring and managing wildlife habitat for the benefit and enjoyment of the citizens of the state. Where does the money go raised by these extremists? Prime time TV ads perhaps?

Hunting and trapping are among the most highly-regulated activities in the state. Quotas and other restrictions are imposed based on sound, unbiased data gathered by wildlife experts. Just because the majority of people do not hunt or trap does not make it wrong for others to do so.

Animal welfare requires proper management, population control, disease reduction, and habitat preservation. Animal rights activities do not benefit animals in any way. No animal rights money goes to animals or their welfare. Animal rights is a religious position, worshipping animals at the expense of humans. Animal welfare is based on science, and the real world of human/animal co-existence. Trapping and hunting laws do not change the human/animal interface; they just move it closer to downtown.

To the Editor:

Go figure. You try to imply that a certain individual knows how to enjoy a finely brewed cup of tea with some degree of proper etiquette so as not to cause that individual to suffer public embarrassment, and what thanks do you get? Well, let me tell you the real truth. Not only did Richard Hill GULP TEA, he gulped it from a *mug*! That's right, Mr. Stonham, he did not even consider using a fine china tea cup! But what can you expect from a man who mistakes fried chicken livers for fine chocolates? Yes, it's true. He committed *that* faux pas at a social gathering last Saturday evening.

Consequently, as a result of Mr. Hill's lack of social graces, we have decided to scrap the idea of Sunday afternoon "tea sipping." Instead, we will now be gathering for Sunday evening play readings at "Our Town Theatre." Of course the public is invited to join us and participate if so inclined - every Sunday evening at 7:00 p.m. in July and August. And since Richard Hill has more talent in his little raised pinky (*Oops!*) than most people have in their entire being, I'm sure these play readings will be quite entertaining. So I urge everyone to read *The Republican* for a complete listing of upcoming titles and plan to attend. Then you can discover for yourself just what kind of character Richard Hill is. But that might not be easy, since he'll probably be a different character each time.

One more thing, Mr. Editor. Should the *Sound of Music* ever be a featured production, you can expect some stiff competition from Mr. Hill for the role of Captain Von Trapp. I understand it has always been his secret desire to play that part opposite me as Maria. I've heard his version of the songs from that show! So, *watch out*!

Once again, a big thank you for all the donations and support the public has given us. We hope to make everyone's dreams for community theatre a reality.

Sincerely,
Jann Dehus
Secretary
Our Town Theatre

To the Editor:

Smog was linked with more than 30,000 emergency room visits during the high smog season in just 13 cities last year. More than 40,000 premature deaths are estimated to occur each year due to fine particulate soot from smoke stacks, diesel engines, and other sources. Air pollution can also trigger asthma attacks - the leading serious chronic illness of children in the U.S., up 118% since 1980.

Although air pollution may not seem to be a problem in Garrett County, there are many areas in this country that must issue smog warnings to their citizens during high-pollution days, forcing them to remain indoors. If something is not done to curb air pollution soon, this could soon be a reality here in Western Maryland.

In a matter of days, the Clinton Administration will decide whether or not to protect public health against smog and soot air pollution by supporting newly proposed health protections. However, big polluters have spent more than $10 million making campaign contributions to representatives and senators to convince them to vote down the new standards.

Unfortunately, Representative Bartlett has been silent on this issue. Bartlett has been reluctant to tell his constituents whether or not he supports or opposes the EPA's proposal to protect public health against air pollution.

A recent poll found that 83% of Americans favor stricter clean air health standards. Rep. Bartlett and President Clinton should listen to the public, not the special interest polluters. They should support EPA's update of clean air health standards.

Sincerely,
Lee Collins
McHenry

To the Editor:

How does the old saying go? The more things change, the more they stay the same? This seems especially true in Garrett County and was brought home to me last week.

I always loved Deep Creek Lake and, in the early 1970s, I sought to relocate here. I soon learned that Garrett County was a great place to live but could be a lousy place to work, with low wages being just the start.

My attempts at finding employment were unsuccessful. Word reached me through the grapevine that, in at least one instance, I was being ruled out as a potential employee due to my beard and long hair that I sported at that time, like many young men of my generation. Since I had recently been freed of the Marine Corps dictating my appearance, I wasn't about to allow some minimum wage employer to do the same so I began to look elsewhere.

With a combination of luck, family connections and a good economy, I got a good job with a large corporation in their field service division and went "on the road" to earn my living, working all over the United States in the ensuing twenty-five years.

Over the years, beards came and went and my hair length was as varied as the places I'd been, with it currently being shoulder length again. Maybe I'm trying to recapture my youth, who knows.

Recently I've undertaken a career change and have gone back to college. In between semesters, a summer job was my plan and an ad in *The Republican* appealed to me. The job involved entry level mechanical work at a local shop that I had done business with in the past. The owner always impressed me as a gentleman and seemed like he'd be a fair man to work for. I approached him, resume in hand, whereupon he advised me that he was looking more for a younger person that he could work into the business, kind of as an apprentice. He indicated, though, that he may be able to use me until he found a suitable young man and referred me to the office to fill out an "app."

As the woman in the office handed me a xeroxed standard employment application form, she said "I have to tell you that, if you want to work here, you'll have to get a haircut."

A haircut?, a haircut?, A haircut!?! The words rang in my ears.

Suddenly, thirty years disappeared. I felt like I had just stepped out of a time machine after being transported from 1997 Maryland into 1967 Mississippi. I was speechless. I think that I may have asked: What? Why? Safety around machines was the excuse and OSHA was even

HAYMAKING AGAIN

Seven years had passed since I last fired up the old baler, a New Holland Super Hayliner 68. There are two acres of meadow behind my house which I have been endeavoring to turn into pasture. I seeded it two years ago, and there is now a fair stand of mostly orchard grass. By the end of last month it looked like it had good potential for hay.

My mother had sold her mower and rake sometime between the last time I made hay and today. I thought about whom I could ask to cut my field. A cousin was in his own field one day as I was driving by. He readily agreed to cut the hay, and I was committed.

I visited another cousin, and asked to borrow his tedder and rake. This time I would be on the tractor. In between the mowing and the tedding there was rain (of course). Because I hadn't disturbed the hay, what had dried on top acted as a thatched roof and shed the water. Underneath, the grass was as green as the day it had been cut.

So I tedded the hay, and raked it the next day. Then we had two days of cloudy weather. That was, however, providential, because the baler had not been in a hayfield much more recently than I had. I worked on the timing and just could not get it in time. I phoned my uncle from whom we had bought the baler years ago.

He was likely to help me if he could because he held this particular baler in the same high esteem and affection as did I. She is a sweet little baler, and you just have to know her to understand. He readily agreed to come over the next morning, which he did. My aunt and my wife visited the morning long while Uncle Sam as well as my nephew Grant and I worked on the baler.

Uncle Sam fulfilled my every expectation as we followed the steps in the baler book--as inerrant as scripture for every aspiring baler mechanic. We got the baler in time. Uncle Sam then proceeded to sharpen the various knives on the apparatus and, in short, to fine tune this splendid machine.

That was a cloudy Saturday followed by a magnificent Sunday, sent, no doubt, to try my faith. Monday came, and it too was a glorious, hot, clear, brilliantly sunny day. And we made hay.

I borrowed the rake again, and turned the hay one last time. The baler worked like a charm. I baled in a waterway without a wagon. There was just no place to turn. After I stacked 46 bales of hay off to one side, I hooked up the wagon and started in the main field.

My nephew was to come at 2:30, but I knew that to get finished that afternoon I had to start without him. The Super Hayliner 68 is very much a lift and stack kind of a baler. I am not sure that a thrower was even a twinkle in an inventor's eye when this baler was made. I was up and down, off and on the tractor, quite a bit, baling a few bales and stacking a few bales.

What a relief when Grant arrived--then we started making good time. His father also came around and hauled the bales from the waterway up to our mother's barn. Another boy joined us, a friend of Grant's, and away we went. We took the first wagon to the barn with something like 170 bales on it. This was a big wagon.

A neighbor came over and helped unload, so we were back in the field in short order. We baled another full load, and then I baled onto the ground the corners I had missed. We put up 400 bales of hay that afternoon, right at eight tons.

When it goes well few things are more satisfying than making hay. It is honest work in which the energy of man and machine transforms the growth of nature into a sweet smelling feed, with all the corners squared. I knew the day was truly a success, however, not by the number of bales or by the hay's quality, rather when Grant said to me, "You know, Uncle Jeffrey, this is a sweet baler."

CONFESSIONS AND SOLUTIONS

Peggy Santamaria

It is time to step boldly forward and admit I have a problem. It is something like a dependency or addiction thing. It has to do with books and libraries.

Over the last several years I have come to the realization that I would rather read than eat. Yes, it has gone that far. Next to my bed currently are five books and a magazine.

I have difficulty passing a library without going in. And once inside, oh my, it is not a pretty picture. I greedily move about pulling books from shelves and clutching them against me. I move about with a frantic sense that there may be something even better in the next aisle and someone else may get there before I do. I will go so far as to confide in you that at one time I carried cards to four different library systems in the state.

Others have shared with me their experiences with this "disability." Some admit they have gone beyond my boundaries. They whisper that they will pick up cereal boxes to read them, so desperate are they for the written word.

I can say proudly, I am not in that very sad category. I do have standards. What I read must be well written; the characters, if fiction, must come alive and pull me into their world or at least to the brink of suspending my disbelief. I am partial to historical settings over futuristic. And so on.

When finding an author I enjoy, I will obsessively grab all his or her works. I cling to them like intimate friends and revel in spending time in their company.

The hours spent bent over printed pages are often those that should be spent getting the tires rotated or washing the kitchen floor. Perhaps I shall say "could be spent," rather than "should be spent." In either case, they are not.

But fellow sufferers, do not grow faint of heart. I have a solution. We will form a support group. This is how it will work. Meetings will be scheduled two hours weekly; then the meetings will be canceled. Each member of the group will then have two extra hours freed up each week that can be spent...of course, READING.

Martin Throws Hat In Ring For Sheriff's Race

Garrett County's first declared candidate for sheriff in the 1998 election is David Junior Martin, Crellin, owner and operator of Martin's Auto Body shop.

Martin stated that his primary goal in running for sheriff is to improve police-community relations. "We need to be more proactive and less reactive in responding to community needs," he said, listing foot patrols, crime prevention clinics, and citizen contact programs as tools he would use to foster stronger bonds of trust between officers and communities.

A proponent of community policing, Martin said he supports the concept involving close cooperation between the department and local residents "because it helps in crime-proofing neighborhoods. Making it easy for community residents to get to know the officers who patrol their neighborhoods is the best way of letting them know that the deputies are caring and available," Martin stated.

Addressing a related issue, Martin said that "one of my main concerns is crime being committed by young people. With no direction in life, no place to go, and nothing to do, young people commit crimes. I would like to use the office of sheriff to convey general knowledge of the law to young people in Garrett County communities."

Martin went on to say that he would make sheriff's office personnel available to "visit local schools on a regular basis, getting to know the students and developing programs of sports and other activities. I believe every child should have an opportunity to have fun, as well as to learn responsibilities in life...Teaching children to respect the law and the rights of others can be a strong crime deterrent, helping them to become happier and more valuable citizens of Garrett County."

Citing a proposal he would implement to increase involvement of the sheriff's office in the lives of area youth, Martin described a program called "Participate in the Lives of America's Youth," or P.L.A.Y. He said we would back the the creation of a Police Athletic League, a successful program in other communities which he feels "could easily be brought to Garrett County," adding that "not all kids who do bad things are bad kids. Kids who get involved in community organizations are less likely to get involved in crime."

Proposing to rely on private donations to fund such programs, Martin said that "we shouldn't burden taxpayers more than they're already burdened. Getting the sheriff's department to work in cooperation with churches and other organizations in each community will promote people caring for each other, loving each other, and helping each other," he said.

Martin listed the hiring of some female deputies, as another goal, envisioning their role in working more effectively with the female population and working as closely as possible with other departments.

Quoting from a job description for the position, Martin stated that "the office of sheriff is no longer totally directed at law enforcement but is one of diversity, demanding good management - managing a million dollar budget and upwards of thirty staff, not to mention hundreds of thousands of dollars in equipment. The sheriff must be able to create programs which help fight crime in our communities, to make public presentations, to create support for these programs, and to be a role model to the county citizens."

Martin went on to quote the sheriff's job description further. "This person need not have law enforcement experience but must possess the abilities to surround himself with qualified employees knowledgeable in daily operations of the detention center and police functions. The sheriff needs to hear the concerns of the citizens he serves and find ways to answer these concerns. Management of resources and wise decision making are the keys to the success of a sheriff in the twenty-first century. At times, a fresh look by a citizen uninfluenced by a background in law enforcement will bring new direction to the office," he said.

Although Martin has successfully completed the law enforcement course at Garrett Community College, he stated that "a law enforcement background is not needed to be sheriff now, nor has it ever been; if it were, it would be a requirement by law, which it is not."

Born and raised in Crellin, Martin has owned and operated Martin Auto Body there for the past 15 years. He and his wife Ann have been married for more than 25 years. They have two children, Tammy Gnegy and Jeff Martin, as well as two grandsons.

A graduate of Southern High School, Martin described himself as taking an active role in encouraging young people through church, school, and sports activities. He coached baseball for eight years and is currently in his twelfth year coaching football. He has been a member of Crellin Methodist Church for 40 years and currently serves there as Sunday School superintendent and as a teacher.

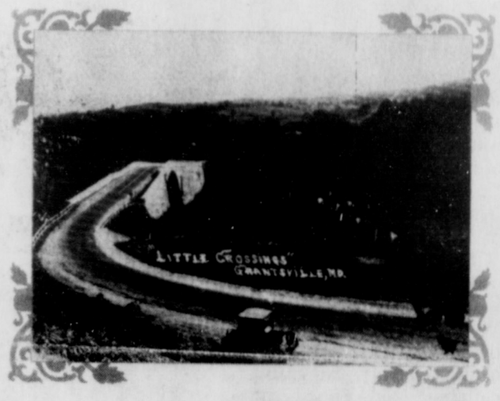

Martin has named Michael Allen Mudge, also of Crellin, as his campaign treasurer. Donations may be sent to "David Junior Martin for Sheriff," 37 Otterbein Street, Crellin, MD 21550-5334.

Fire Marshal Warns Against Fireworks Use

Maryland State Fire Marshal Rocco J. Gabriele is reminding Marylanders that the 4th of July is a time to celebrate the founding of the nation with family and friends. "But, illegal fireworks are dangerous and can lead to tragic consequences which will mar an otherwise wonderful holiday," he said. Gabriele suggests to Marylanders that the safest way to enjoy fireworks is at one of over 80 licensed, supervised public fireworks displays.

The fire marshal cautions people against using a variety of illegal fireworks which may be brought into Maryland from the District of Columbia, Virginia, West Virginia, Pennsylvania, North Carolina, Ohio, Florida, or other areas.

Maryland law prohibits the shipping or transportation of fireworks into the state if the fireworks are to be possessed, used, sold, or distributed by citizens of Maryland. "Illegal fireworks found in Maryland will be subject to seizure by deputy state fire marshals or other law enforcement authorities," emphasized Gabriele.

Gold-labeled sparklers, "Snap-N-Pops," "Black Cobra Snakes," and "Party Poppers" are allowed to be used and possessed by citizens in Maryland without a license. Local ordinances in Baltimore City, Prince George's County, and Montgomery County prohibit *all* fireworks, including sparklers.

Gabriele urges Marylanders to avoid using what are referred to as common "Class C" fireworks during the 4th of July holiday. These types of fireworks often result in severe burns, eye injuries, and amputations. National data estimate as many as 5,000 eye injuries from the use of fireworks each year.

Persons found possessing illegal fireworks with the intent to use them run the risk of criminal charges and confiscation of the fireworks. Fines for possession of illegal fireworks total $250 and those found selling or distributing illegal fireworks may be fined $1,000.

For further information regarding fireworks safety, persons may contact the Office of the State Fire Marshal or any local fire prevention bureau.

Two tired eyes are sleeping,
Two willing hands are still,
For one who suffered too long
Is resting in 'God's will."

In tears we saw you suffering
We watched you fade away.
Our hearts were almost broken,
You fought so hard to stay.

But when we see you sleeping
So peacefully free from pain,
We could not wish you back
To suffer that again.

May you always walk in sunshine
And God's love around you flow.
For the happiness you gave us
No one will ever know.

It broke our hearts to lose you
But you did not go alone.
A part of us went with you
The day God called you home.

Southern High Stock Market Team Finishes Fifth In State

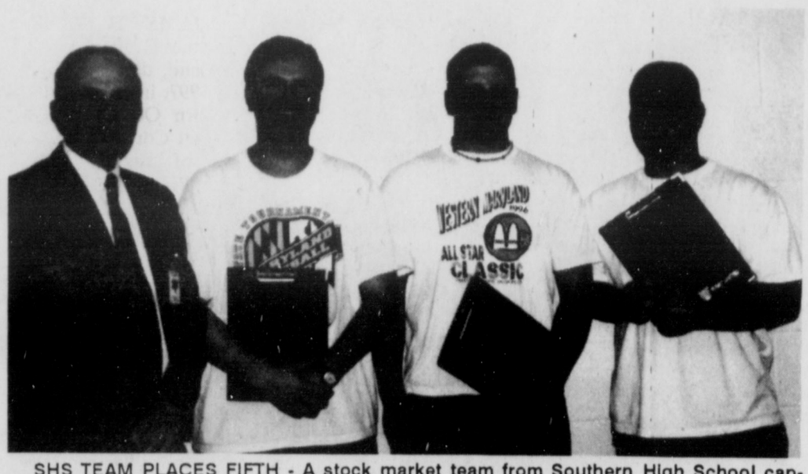

A combination of shrewd investing and a little bit of luck helped students from Southern Garrett High School post a gain of 24.5% in just 10 weeks, and place fifth in the state of Maryland to finish this season's Maryland Regional Stock Market Game competition. Teachers Lisa Bender and Athena Taylor used the game as a learning tool in marketing and accounting classes at the high school.

Winning team members Jay Ferguson, Aaron Newcomb, and Jason Bernard started with an imaginary $100,000 and over a 10-week period invested in corporations on the New York, American, and NASDAQ markets in an attempt to increase the value of their portfolio. This particular team invested in IBM and Microsoft corporations. After a very slow start over the first several weeks of the game, the stocks finally took off, and the team ended up finishing first in the region and fifth in the state of Maryland out of over 700 high school and middle school teams.

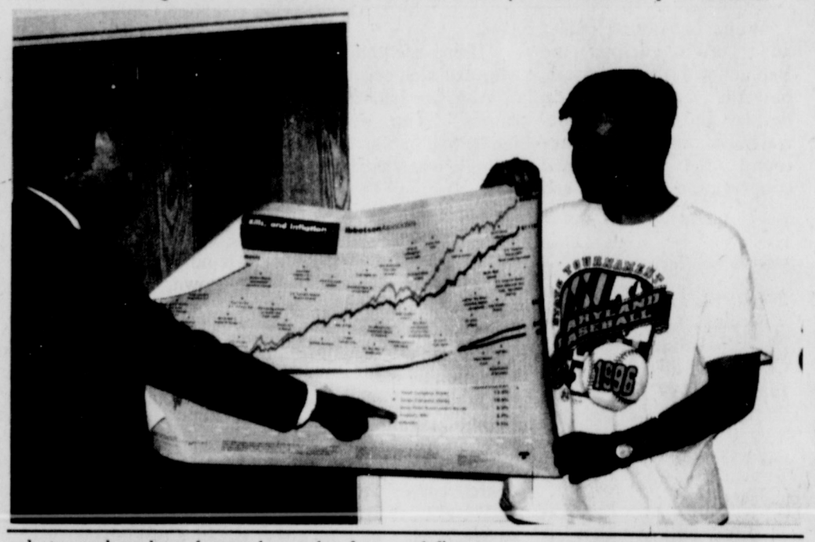

Jason Bernard, a junior class member and member of the winning team, said, "The Stock Market Game gives students the chance to experience real-life decision making. As accounting students, our class enjoyed the opportunity to spend and make money. This game gave Jay Ferguson the chance to make amends for his last try at the game, which did not turn out as well!"

The Stock Market Game requires student teams to formulate daily or weekly decisions about the direction of the markets, make choices about buying or selling corporate stocks, and then mail or e-mail their transactions to Washington College in Chestertown. From there the transactions are computed using the actual closing prices from the exchanges. The prices received are based on the closing prices of stocks on the day after the transactions are mailed from the school. The excitement builds during the competition when students receive their team's printed portfolio statement each week which shows how their team ranks compared to all of the other teams in the Maryland Region, and their school system, as well as the current value of their stocks.

Robert Sharps, investment executive with PrimeVest Financial, is the financial advisor for the game for the Garrett County region. This is the third year that PrimeVest Financial and First United National Bank & Trust have sponsored Southern High and Southern Middle teams. In the Garrett Region there were eight high school teams and 12 middle school teams taking part in the spring competition this semester. Teacher Athena Taylor stated, "The students really get involved in the competition, and it is a good feeling to see them take an interest in the stock market. Every week they would wait for the results to arrive with team standings for the region and state. At the finish of the game, each team writes an analysis on what members have learned from the game and evaluates what they could have done differently. It was a great learning experience for them and for me."

SHS TEAM PLACES FIFTH - A stock market team from Southern High School captured fifth place in the state recently by earning a shopping 24.5% on an imaginary investment of $100,000 in the stock market. There were some 700 high school and middle school teams involved in the competition across the state. The financial advisor for the local team was Robert Sharps, of Prime Vest Financial. Pictured above, from left, are: Sharps and team members Jason Bernard, Aaron Newcomb, and Jay Ferguson. Sharps and Bernard are pictured below with a chart that shows the progress of the Southern High team's investment over a 10-week period. See story for details.

During the past two summers, the participating teachers, Athena Taylor and Lisa Bender from Southern and Mary Jane Fike and Louis Newcomb from Southern Middle, spent one week at the New York Stock Exchange in a "Teach the Teacher" training program. All four described the experience as "exciting, intense, and extremely beneficial in using the Stock Market Game as a "real-life" application and as an enriching activity in their classrooms.

Local Musician To Perform At New Germany

Three-time Mid-Eastern Hammered Dulcimer Champion Greg Latta will be the featured musician at New Germany State Park's "Campground Coffee House," scheduled for Saturday, June 28. The two-hour program gets underway at 7 p.m. at the New Germany Lakehouse, and there will be no admission charge for the event.

Latta, a western Maryland resident, is an award-winning multi-instrumentalist and singer/songwriter who plays a wide variety of traditional and contemporary folk, bluegrass, Irish, Broadway and original music. A master of a wide variety of acoustic instruments, including guitar, banjo, and harmonica, Latta is best known for his hammered dulcimer playing. In addition to his three mid-eastern hammered dulcimer championships, he has also placed second twice in the National Hammered Dulcimer Championships, held in Winfield, Kansas. Latta also placed second or third for four consecutive years of the Friendsville Banjo Contest, from 1990 to 1994.

Latta, who is currently working on his second album, is a physics professor at Frostburg State University, and host and producer of the acoustic music radio show "Just Plain Folks," heard every Saturday afternoon on WFWM 91.7, FSU's public radio station.

For more information, interested persons may call New Germany State Park at 301-895-5453.

Persons Urged To Report Natural Resource Violations

At this time of year, Maryland Natural Resources Police (NRP) encourage people to report natural resources incidents such as lake and fishing violations, and boating violations and accidents by calling 1-800-628-9944. Callers are urged to give as much detailed information as possible concerning the violators.

In addition to the NRP 800 number, NRP boats have dispatch capabilities through Maryland State Police (MSP), McHenry Public Safety Building. Citizens may also call MSP at 301-387-1101 or 301-895-1101 to report these violations.

The NRP hopes this cooperative effort will encourage people to report violations more readily and continue to make Deep Creek Lake a safe and pleasurable place for families to enjoy.

Bio. Professor To Visit, Teach About Snakes

Dr. Martin Rosenberg, biology professor at Case Western Reserve University, Cleveland, will be at the New Germnay State Park campfire program next Wednesday, July 2, at 8 p.m. at the Nature Center.

His program will begin by "debunking" some of the myths that often cause people to fear snakes. He will show slides of the fascinating aspects of snakes and his travel throughout the United States studying snakes in their natural habitats. In addition, Dr. Rosenberg will display live specimens of the venomous snakes native to Maryland and discuss field first aid and recommended hospital treatments for snakebite.

The public is invited to all state park programs.

Beahm Couple, Former Residents, Faring Well With Athens Ministry

RAY AND BECKY BEAHM
Athens, Greece

by Mary Sincell McEwen

"Every time we drive in downtown Athens traffic, we get a little homesick for Oakland," wrote Pastor Ray Beahm in a recent e-mail message from across the ocean. A former Crellin resident, the minister is now located in Athens, Greece, where he and his wife Becky are about 20 months into a four-year mission in the ancient country. The couple leads a 50-member parish at the Athens Assemblies of God Bible College.

"The common ground that draws people to our church is that we are all foreigners and we all speak English," Rev. Beahm explained. About 17 different nationalities are represented at the small church on any given Sunday. Two representatives of Garrett County were present some weeks ago, as Clifford DeWitt, Crellin, and Tim Miller, Mountain Lake Park, had a sudden opportunity to visit their former pastor and his wife. Both are members of the Crellin Assembly of God, Pastor Beahm's charge before moving to Athens. After hurriedly completing the proper paperwork and obtaining passports, the two men, somewhat reluctant to leave their families behind, departed for a one-week adventure.

The local men found the Beahms to be faring quite well in their new home, where they are learning the Greek language and becoming well-practiced in city driving.

"It's sure not for the faint-hearted," DeWitt said, noting that there are no speed limits or road rules, and that stop signs are "just a suggestion." But he added that both Ray and Becky can well manage a car in the city of four and a half million. They shop at the fresh market each Tuesday, getting their week's worth of goods and taking in the sights and sounds of the bustling metropolis. (They do avoid the daily "platka" market, where huge pieces of raw meat are hung outside all day.)

At the church, the Beahms lead two services each Sunday and one on Tuesday evening. Becky works with the children of the parish each Sunday. Both Beahms have offices on the Bible College campus.

Individuals who attend their church are from the Philippines, Ecuador, England, Ireland, Ethiopia, and several other locales.

"English is a second language to most of these people," Ray wrote in his e-mail message. "That creates a great challenge for us. We have to leave out all idioms when preaching and many of our American illustrations just don't work here."

WALKING IN THE FOOTSTEPS OF PAUL - These Thessalonica ruins are said to be the remains of a church where Paul first began speaking in Ancient Corinth. Ray Beahm and Clifford DeWitt are pictured as they climb about the ruins, located on the azure waters of the Corinthian Gulf.

MILLER TAKES HIS SEAT AT COURT - Miller, a deputy clerk with Garrett County Circuit Court, is pictured here after climbing up to take his traditional position in the "court room." He and Rev. Beahm are actually shown in Ancient Corinth, where Apostle Paul testified to the court in about 50 AD. (Mr. DeWitt clicked the shutter on this picture.)

LAYERS UPON LAYERS OF HISTORY make up the huge city of Athens, Greece, now home to former Crellin residents Ray and Becky Beahm. The two are mid-way through a four-year mission with the International Christian Fellowship (ICF), pastoring a church where no fewer than 17 nationalities are represented. This photo and the remaining pictures in this feature were taken by Mtn. Lake Park resident Tim Miller during a recent visit with the Beahms. See story. Visible in the photograph are the ancient Greek ruins as well as the coliseum (left of center) where the first modern-day Olympic Games were held in 1896. Both Miller his traveling companion, Clifford DeWitt, said the city was rather dirty, with litter lying everywhere. But that fact did not take away from their awe of the great city and the ancient ruins that are strewn about the countryside.

While in Athens, Miller and DeWitt helped the Beahms with three services, basically leading one on Sunday and providing special music on Tuesday. They found the international congregation warm and kind.

"There are some people who are well-off, but most of them are real 'hard luck' stories," Tim said. One family had just arrived from Albania when the local men were visiting. "They were fleeing their country," he said, "and because he had been a government employee, they were actually fearing for their lives." Tim's lasting impression of the experience was one of humbleness.

"I realized how spoiled we are here in this country, even in our churches," he said. "One man at Ray's church carves little crosses and sells them on the streets. That's what he does for a living, and he's really very cheerful despite all his troubles. We have so much here -- and so many others have next to nothing. It was a real eye-opening experience. I would love to go back."

Both Miller and DeWitt said that the church is a comforting place for many.

"You can sense the love Ray and Becky have for these people," Tim said.

While in the great city, the Garrett Countians and their hosts toured various points of interest, including Ancient Corinth, where the Apostle Paul spoke on many occasions. They visited the Acropolis and Parthenon, Roman baths, the coliseum where the first modern Olympic Games were held in 1896, and Thessalonica.

"It's a fantastic place of history," Tim said. Both men were surprised at the freedom one has when touring the areas.

"There are no signs, no people -- nothing telling you to stay off the ruins," said Tim.

"You can walk all over the place," Clifford said. And the foursome did indeed "walk all over the place," as evidenced in the accompanying pictures.

The Beahms are the parents of four children, who, for now, are spread out across the United States. Nathan is in New York, Alana in Kingwood, Todd in Silver Spring, and Lance in Connecticut. The latter two young men are in the military. The Beahms' two grandchildren are who they miss the most, Tim said, but added that son Todd is currently planning to visit his parents next summer, and other family members may try to arrange trips as well.

Local friends who would like to correspond with the Beahms may do so either electronically or by post. The e-mail address is as follows: 75553.23@CompuServe.COM

The mailing address is Ray and Becky Beahm, Aiolou 68-70, 8th Floor, 105 59 Athens, Greece.

The pair welcomes correspondence.

"We thank God daily for the privilege of doing his work in this great city," Ray wrote. "We miss Garrett County and the great people there -- greetings to all our many friends."

JUST A FEW OF THE MEMBERS OF REV. BEAHM'S INTERNATIONAL CHURCH are shown here, standing with their newest friends, Tim Miller (second from left) and Clifford DeWitt (fourth from left). The countries represented just in this photograph are the Sudan, Philippines, Ethiopia, and England. Beyond these four countries are 13 more in Becky and Ray Beahm's Greek church.

Reception Honors Graduates, Others Finishing Courses

The Western Maryland Consortium held its annual reception to honor graduates and completers of programs. The reception was attended by Peter Thomas, executive director of the consortium, and the Garrett County Commissioners John Braskey, Roger Glotfelty, and Wayne Wilt.

Among those present was Timothy Gift, former Bausch & Lomb employee, who attended Advanced Computer Tech, Reedsville, W.Va., and has opened his own business.

Todd Slaubaugh, also laid off from Bausch & Lomb, attended Advanced Computer Tech and was hired at the training site as an instructor.

Tom Bajas from Bausch & Lomb attended Fairmont State College and received a degree in criminal law. He has a position at the new FBI Center in Clarksburg, W.Va.

Roger Kitzmiller graduated from Frostburg State University, Frostburg, with a degree in earth science.

Sandy Wiles completed her GED and is presently on work experience in Oakland as a meter maid.

MDDA Offers Old Building Rehab Program

The Maryland Downtown Development Association (MDDA) has devised a plan to aid in the rehabilitation and revitalization of an old commercial building in one of Maryland's towns.

Through a campaign called the White Elephant Round-up, MDDA is collecting white elephant buildings from across the state. The group is taking a fresh look at under-used structures whose rehabilitation could improve their own, and their downtowns', economic viability.

Through the roundup, which is designed as a competition, applicants will make their cases for the retention and reuse of specific buildings which have fallen into disuse and are a hindrance rather than a help to the economy of an older commercial district.

A panel of judges experienced in revitalization will select one white elephant from those submitted. The building chosen will win a comprehensive consult with a team of specialists enlisted to devise a redevelopment plan for it.

Among the professions represented in the consult team are architecture, community planning, engineering, finance, and landscape design. They will review all aspects of the chosen structure, recommending a use, and designing a plan specific to the building and its site.

The MDDA is a nonprofit organization committed to the health of Maryland's older commercial areas. Offering technical assistance, conferences, workshops, and information on topics relevant to improving economic vitality, the MDDA welcomes inquiry and participation in the current White Elephant Roundup, and in its ongoing support of Maryland's downtowns.

The White Elephant Roundup is open to any existing structure located in a Maryland town or community. Application forms and additional information are available from the office of the MDDA and may be requested by calling Dani Duniho, MDDA executive director, at 410-514-7264. The closing date on applications is July 9.

The plan designed for the chosen white elephant will be the centerpiece of the MDDA's 1997 fall conference, scheduled for Sept. 25-26 in Oakland.

Bloodmobile Nets 134 Units At Friday Visit

One hundred and thirty-four productive units of blood were collected at the Oakland bloodmobile visit last Friday. Of those units, six were collected from first-time donors George Beckman, Kimberly Ours, Andrew Swartzentruber, Connie Virts, and James Virts, all of Oakland, and Dan Coburn, Accident.

The gallon milestone was reached by: Lisa Durst, Betty Eaton, Eric M. Malcolm, Gordon Williams, and Mary Lou Wilson, all of Swanton, and Eilaine Glotfelty, Rebecca L. Glotfelty, Rose M. McRobie, and Shirley Sisler, all of Oakland. The two-gallon mark was reached by Roger Uber of Oakland. Lori Malcolm of Swanton topped the three-gallon mark, while John C. Yoder of Oakland hit the four-gallon mark. Top donor for the visit was Butch Miller of Oakland, who donated for the 72nd time to reach the nine-gallon milestone.

Volunteers making the bloodmobile possible were: Rose Baker and Artie Dixon, greeters; Don Forrester, Elizabeth Huxford, and Barb Sweitzer, registration; Beverly Beard, Junior Ferguson, Patricia Powels, Freda E. Quintero, Josh Rodeheaver, Mary Rodeheaver, and Jonathan Wildesen, canteen; Anne Forrester, June Ours, and Joyce Ridder, walkers; and Harold Wildesen, teardown.

The canteen was sponsored by the Deep Creek Lioness Club. Sodas were donated by the Coca-Cola Bottling Company of Cumberland. Junior Ferguson provided homemade cookies.

The next Garrett County bloodmobile will be July 25 at the American Legion in Oakland from 11:30 a.m. to 5:30 p.m. "We are holding another Oakland drive so soon because of the light turnout Friday and the critical need we have for O negative blood right now," stated Elizabeth Huxford, Garrett County blood services coordinator. "Hopefully this supplemental drive will boost shortages when we seem to need it most--during the summer months. So please make plans to join us if you missed the drive last Friday."

To be eligible to give blood, individuals must be at least 17 years of age, weigh at least 110 pounds, and be in generally good health. Normally, individuals can give blood every 56 days.

Local residents and patients are among those served through the American Red Cross Blood Services, Johnstown Region. The Johnstown Region directly serves hospitals, patients, and donors in a 63-county area in Maryland, Ohio, Pennsylvania, Virginia, and West Virginia, and also supports blood needs experienced by patients elsewhere in hospitals served through Red Cross Blood Services.

Garrett Legion Team Falls To 1-5 In League

It's becoming a long season for the usually strong Garrett County team in the Mountain District Junior American Legion program, as the local team dropped three more games this week and fell to 1-5 in league play. Garrett County dropped a 14-9 decision to visiting Fort Cumberland Post 13 last Wednesday, was blanked by Petersburg, 7-0, in the non-league Hillbilly Hardball Classic over the weekend, and then dropped a 16-6 game to host Fort Cumberland Post 13 Tuesday evening.

In the first loss to Fort Cumberland, J.R. Cross led the visitors' offensive effort with a three-run homer and a double, while Brian Powell finished with a triple, a double, and a single. Jeremy Boyer had two doubles and two singles, and also scored four runs, while Angelo Bascelli doubled and singled and Jeremy Boyer added two singles. The win was the fourth in five starts for the Cumberland team.

A RARE OCCURRENCE is when three brothers all play on the same Little League team, but such is the case right now with Dennis, Corey, and Joey Tressler, children of Bob and Carmen Tressler, Mtn. Lake Park. All three are members of the Oakland Little League 9-12 division team sponsored by A&A Realty. Dennis, 12, pictured above standing, is in his fourth season on the A&A team, while Corey, 10, kneeling right, is in his second year and Joey, 9, kneeling left, is in his first year with the team. Dennis is a starting pitcher and also plays shortstop, Corey is the third baseman and also plays other infield positions, and Joey is an outfielder.

Oakland Takes Lead In Pen-Mar With Three Wins

The Oakland Oaks had no problem getting back on the winning track this week in the Pen-Mar Baseball League, as they recorded three lop-sided victories over Zembower Construction and upped their season record to 9-1. Oakland blanked Zembower in a single game in Cumberland on Saturday, 10-0, and then swept the same team in a Sunday doubleheader on the Garrett Community College diamond in McHenry, 13-1 and 16-2.

Ryan Folk smacked a two-run triple and a pair of singles for five RBI for the Oaks in Saturday's win, while Jason Lantz earned the win on the mound by going the distance and allowing only four hits. He struck out seven and walked just one.

Don Reeves also had three hits for the Oaks, a double and two singles, while Jeremy Fitzwater recorded two singles and a stolen base. Finishing with three singles, one RBI, and scoring three times was Bill Phillips. Dale Ridenour had two singles in Oakland's 15-hit afternoon.

Bill Lippold was the only multiple hitter for Zembower's, as he finished with two singles. Bill Davis added a double.

The Oaks' bats just kept connecting in Sunday's twinbill sweep, as the Oakland team finished with a total of 29 hits and 29 runs.

Josh Woods, a Southern High graduate and a player for West Virginia Wesleyan, had an incredible day at the plate, as he recorded a total of eight hits on the afternoon, scored six runs, and drove in two. Fitzwater added two doubles and a single, plus two RBI, while Aaron Taylor drove in four runs with a pair of singles in the first game.

Jason Sweitzer also singled twice in game one, and Reeves doubled and drove in a pair of runs.

Getting two hits apiece for the Oaks in game two were Reeves, Bill Phillips, and Folk. Mark Elliott added a double.

Goldworthy had two singles and Mike Bowman had a double for Zembower's in the first game. Bowman accounted for both of his team's runs in the second game with a solo homer and a bases-loaded walk. Bill Davis added a double.

Oakland will meet Stangel's for a single game this Saturday, and then host the same team on Sunday for a doubleheader. Zembower will play three games with Fairmont, Hyndman will meet LaVale in the same three-game format, and Romney will get a bye for the week.

Applications For Soccer Camp Being Accepted

Applications for a week of soccer day camp are still being accepted by the Mountaintop Soccer Association for youngsters from age 5 to 18. The camp, which will be taught by British coaches from Major League Soccer Camps, Inc., is slated for the week of July 28 to Aug. 1.

There are three age divisions in the camp, each of which meet at a different time during the day. The "munchkin" camp for children ages 5-6 meets from 4:30 to 6 p.m. or 6:30 to 8 p.m. Camp for elementary school children will be from 5 to 8 p.m. each day, and camp for middle and high school students will be from 9 a.m. to noon each day. Cost is $60 for the "munchkin" division and $93 per camper in the other two divisions. Each camper receives a t-shirt and a ball.

"We chose to sponsor the MLSC camp because of the company's commitment to developmental soccer," stated MSA president Ron Petrella. "MLSC spend $50,000 annually on the recruitment and training of the top player/coaches the world has to offer. The result is a comprehensive curriculum designed to bring out the best in the individual player, from the beginner to the advanced."

Players of all abilities are invited to attend the camp, and family discounts are available. Parents wanting to register their child(ren) and/or desiring more information may contact Nancy Pagenhardt at 301-334-1021.

Sisler Lumber Wins A Pair, Still Unbeaten

Sisler Lumber Company captured two more victories this past week in Hot Stove League action to remain unbeaten on the season and up its record to 10-0. Sisler's whipped Westvaco on Friday, 10-3, in Westernport and then rolled over Grantsville Post 214 yesterday, 11-1, on the Northern High School diamond.

Jeff Carr earned the win on the mound in Friday's game with Westvaco by scattering six hits, and he also led his team's offensive effort by rapping a double and a single to drive in two runs. Paul Beitzel had a pair of doubles, Josh Hook had a three-run double, B.A. Sisler and Levi Schmuck each had run-producing doubles, Adam Brenneman smacked three singles, and Trey Brenneman contributed a two-run single, as Sisler's finished with 11 hits.

Jeremy Stafford doubled and singled for Westvaco. The loss dropped Westvaco to 2-7.

Sisler's recorded 17 hits in yesterday's easy win over Grantsville Post 214, as Adam Brenneman led the way with four hits - a double and three singles - to knock in three runs. Schmuck added two singles and three RBI, Ryan Brenneman provided a double and a single for two RBI, and Hook contributed two singles that also plated two runs. Carr finished with three singles and Beitzel recorded two singles.

Hook worked the first three innings for Sisler's to earn the win, as he combined with Adam Brenneman on a one-hitter.

The loss dropped Grantsville to 3-6. Sisler will play again this Friday at Friendsville against Western Garrett, and Grantsville is slated to host Keyboard World next Tuesday.

Post 214 Tops Boal's Before Losing A Pair

Grantsville Post 214 edged Boal's Funeral Home, 5-3, in Hot Stove Baseball League action last Thursday in Westernport but then dropped an 11-2 decision to Barton Mining on Monday and fell to undefeated Sisler Lumber Company yesterday, 11-1 (see other story). The 1-2 week left Sisler's with a 3-5 record.

The score with Boal's was knotted at 2-2 after four innings, but Post 214 took the lead for good with a run in the top of the fifth. The Garrett County team added two more runs in the sixth and held Boal's to a single run in the bottom of the seventh to preserve the win.

Roy Holliday led the Post 214 offense with a double and a single, while teammate Jeremy Layman had two singles.

Josh Glass and Scott Lee each singled twice for Boal's.

Grantsville managed just two hits, both singles, against Jeff Baker of Barton Mining on Monday. Barton put the game away early by scoring two runs in the first inning and seven in the second.

Baker, who struck out six, aided his own cause at the plate by stroking a double and two singles, and matching that effort were Dave Goff and Nathan O'Haver. It was the seventh win in nine starts for Barton.

Grantsville Post 214 will attempt to get back into the win column next Tuesday at home against Keyboard World.

BUCKEYES JOIN LEAGUE - First United National Bank is sponsoring a new team in the Oakland Youth Flag Football League for the 1997 season. The nickname of the new squad will be the Buckeyes. Above, First United's Kathy Knotts, Oakland community office manager, presents a sponsor check to Fred Gregg, league president. "Our league greatly appreciates the involvement of sponsors like First United in both the community and area sports," Gregg said. "Without such involvement, organized youth sports would not exist in Garrett County."

Western Garrett Rips Fort Ashby, Edged By Barton

A grand slam, two singles effort by Ryan Savage highlighted a 12-2 Hot Stove League victory over Fort Ashby on Friday in Friendsville. Western Garrett then dropped a close contest to host Barton Mining yesterday, 7-6. It was just the second loss of the season for the local team, which is now 6-2.

Behind Savage's grand slam in the first inning of Friday's game, Western Garrett scored all 12 of its runs in the first three innings. The game was called after five frames because of the 10-run rule.

Mark Wolf also had a three-hit day with a double and two singles, while Tim Umbel added a double.

Grant Green went the distance on the mound to record the win, as he scattered three hits and struck out eight.

Western Garrett took a 4-0 lead in yesterday's game with Barton Mining, but allowed the home team to score six runs in the bottom of the fifth. After Barton scored another run in the sixth, Western rallied for two runs in the top of the seventh, but could score no more.

Wes McCutcheon led Barton's six-run fifth with a three-run double after Luke Morten, Dan Clark, and Dave Goff all reached on errors. Zach Bittinger followed with a run-producing single and Jeff Baker singled home two more runs.

After Western Garrett scored two runs in the seventh, the bases were still loaded, but Barton's Jeff Baker made a diving catch of a blooper to end the game.

Western Garrett out-hit Barton (6-2) by a 7-5 margin, with Wolf recording three singles.

The Western Garrett players will be tested again this Friday when they attempt to halt Sisler Lumber Company's unbeaten streak (10-0) at Friendsville.

Sailboat Racing
On Deep Creek Lake

SAILORS HAVE GREAT RACING WEEKEND; SAILING SCHOOL UNDERWAY

by Dan Muss

It was a fine weekend of racing in general, but just as I was hoisting sail for the third race on Sunday I looked up at the western sky and it looked black with a tinge of green! The only other time I'd seen that kind of sky at Deep Creek Lake was when we experienced a mini-tornado. I dropped my sails, tied everything down and headed for the clubhouse to get out of the expected storm. Well, the big storm never came, but there were just four boats from each class brave enough to venture out for that race. I wasn't the only one deterred by the threat.

On Saturday the team of Mike Verkouterin and his father Bob placed third in the first race and were doing well in the second when their traveler strap on the rudder head broke and they had to be towed in.

RACE RESULTS

First race: Flying Scot A - John Meredith and Charles Buffington, first; Dave and Jane Mahan, second; Mike and Bob Verkouterin, third. Flying Scot B - Lauren and Bruce Spinnenweber, first; Gary and Rachael Schubert, second; Susan Meehan and Ken Gib, third. Laser - Keith Spinnenweber, first; Tom Johnson, second; Chris Drury, third.

Second Race: Flying Scot A - John Meredith and Charles Buffington, first; Dave and Jane Mahan, second; Mark and Jim Morey, third. Flying Scot B - Lauren and Bruce Spinnenweber, first; Susan Meehan and Ken Gib, second; David and John Frank, third. Laser - Tom Johnson, first; John Coolidge, second; Keith Spinnenweber, third.

Third Race: Flying Scot A - Bruce Drury and crew, first; Mark and Jim Morey, second; Mo and Vicky Willey, third. Flying Scot B - David and John Frank, first; Lauren and Bruce Spinnenweber, second; Bob and Gail Givan, third. Laser - Keith Spinnenweber, first; Nate Coraor, second; Kevin Rissell, third.

Men's Christian Softball League Results Noted

There were many games played in the Garrett County Area Men's Christian Softball League this past week, with the top winners being Cornerstone with four victories and Glade with three.

Glade split a doubleheader with Deer Park last Tuesday, June 17, as Glade won the first game, 16-3, behind the pitching of Todd Brenneman, and Deer Park won the second contest, 15-9, with Jeremy Crosco on the mound. Crosco aided his own cause with a pair of home runs, including a grand slam, while Terry Brenneman had a round-tripper for Glade.

In a twinbill last Thursday, Cornerstone took a pair of games from St. Mark's, as Rick Durst was the winning pitcher in both. Jerry Durst rapped a pair of homers for the winners and Bill Roszell had one for St. Mark's.

Cornerstone swept Oakland Nazarene on Saturday, 12-11 and 30-7, with Rick Durst again earning both wins on the mound. Greg Forney and Herman Arndt each had a home run for Cornerstone and Steve Shaffer recorded one for Nazarene.

In another Saturday match-up, Cherry Glade took a pair from Mt. View, 11-3 and 6-5. Beryl Moser was the winning pitcher in both games, while Terry Beal smacked two home runs to lead the Cherry Glade offense. Kevin Miller added a grand slam and Melvin Schrock also had a homer.

St. Mark's dropped a pair of games to Maranatha on Saturday, 10-3 and 13-7, as Skip Lapp was the winning pitcher in both contests. Gary Hay and Tony Bittinger each had home runs for the winners.

Sunday's doubleheaders saw Glade sweeping Cornerstone, 15-8 and 8-6, and Mt. View taking a pair from Maranatha, 25-3 and 20-19. Rick Brenneman was the winning pitcher in both games for Glade, while Herman Arndt and Jerry Durst each had home runs for Cornerstone.

Brad Yoder was the winner on the mound in both games for Mt. View, while Dave Tice led the offense with three home runs. Meryl Beachy and Maynard Schrock each had one homer for the winners. Hitting home runs for Maranatha were Paul Edwards with three, Gary Hay with two, and Seth Brownlee with one.

League standings as of this week show Cherry Glade on top with an 11-3 mark, Glade and Mt. View tied for second at 10-6, Maranatha with a 9-7 record in third place, St. Mark's and Deer Park even at 6-6, Cornerstone and Crellin tied with 5-9 records, and Nazarene at 2-12.

Broadford Park Fields To Host Baseball Camp

"Diamonds in the Rough," a baseball camp from the Hagerstown area, will hold a satellite camp at the Oakland little league complex at Broadford Park early next month. Running from Monday, July 7, through Wednesday, July 9, from 9 a.m. to 1 p.m. daily, the camp is open to boys and girls ages 7 to 15.

The camp is directed by Phil Caruso, recently named head baseball coach of the Frostburg State University Bobcats. Caruso, a former head coach at Southern High School, Garrett Community College, and Garrett County Junior American Legion, is also a former assistant head coach at Northern High School, as well as a long-time player and coach for Oakland in the Pen-Mar Baseball League.

Caruso's most recent head coaching position was at Frederick Community College, where the Cougars played in three region XX Division II final fours under his tenure, finishing third in 1994 and reaching the finals in 1995 and 1996. Last year the Cougars set a school record with 29 wins, and was ranked 13th in the nation's final poll. Coach Caruso was recognized by the Maryland Baseball Coaches Association as Maryland's College Coach of the Year in 1996.

Also providing instruction at the camp is John Lowery, head coach of West Virginia's Jefferson High School. Coach Lowery's teams have captured five West Virginia titles and finished second in the state

Area Speedway Review

Interstate 79 Speedway

It was Mid Season Championship Night with double points at Interstate 79 Speedway on Friday as Morgan Auto Parts presented trophies to the top three finishers in each feature event. All of the current points leaders held onto the first spot in the chase for the end-of-the-year title.

The late model feature was a dandy as four drivers diced for the lead during the 25 laps. Nolan Dalton, Frank Wilson, Chuck Harper and Gary Dalton spent most of the race running side-by-side and swapping positions. The lead changed several times but the cars never touched. At the checkered flag, it was Chuck Harper grabbing his first win of the season over Wilson, Gary Dalton, Denny Chamberlain and Nolan Dalton. Rounding out the top 10 were Mike Hawkins, Dave Groves, Mack Haessly Jr., Scott Hartley, and Chad McDougal. Heat winners were Harper and N. Dalton.

The semi lates had a tough time during the caution-filled 20 lapper. Doug Horton was victorious for the fourth time this year and was followed to the line by Scott Miles, Birch Hare, Greg Lemley, and Kevin Hamrick. Mark McGill, Paul Wilmoth Jr., and Horton took heat wins.

Mike Lewis of Oakland, drove a flawless race to capture his first pure stock win in '97. Second through fifth went to Gary Yost, Jim Shaffer, Doug Thompson, and Jim Byers. Heat winners were Larry Yanero and Troy Frazier.

Kevin Nicholas, a radio personality from WVAQ in Morgantown, won the celebrity race, with cars loaned to the celebrities by the pure stock drivers.

Terry Hall broke the four-week win streak of Steve Mason in the little dwarf cars. Robert Stackpole was second while Mason had to settle for third. Butch Summers and Greg Shingleton rounded out the top five. Heats went to Hall and Mason. These two drivers have dominated the class with two and five wins respectively.

Garrett County Outdoors

By Robert Yonke

Anyone who enjoys activities and spends much time in the outdoors should be aware of disease born by ticks and transferred to humans. Most people have heard of Lyme disease, spread by the deer tick, as there has been significant publicity over the last few years. However, there are other tick born diseases, not as widespread as Lyme, that people should protect themselves against.

In Maryland, the other disease we must be aware of is human monocytic ehrlichiosis (HME). HME has symptoms similar to Lyme disease, that is, fever, chills, headache, muscle pain, and fatigue. The symptoms tend to be more severe and the tell-tale bull's-eye shaped rash may not be present. But if you suspect that you may have been infected by a tick, see your doctor quickly, as the cure is easier if treated promptly.

Importantly, if a tick is removed quickly, your chances of getting a disease are less as it takes 24 to 48 hours to infect a human. The best way to remove a tick is to grasp its mouth parts with tweezers as close to the skin as possible and pull the entire tick out slowly and steadily.

REDUCED RECOIL FOR HUNTERS USING SLUG GUNS

Deer hunters who use slug guns but don't like the recoil will be happy to know that Harrington & Richardson has introduced a 20-gauge called the Model 928. This 20-ga. Ultra Slug Hunter Deluxe is built on a 12-ga. action. It uses a 12-ga. barrel blank that is under bored to 20-ga. and then fully rifled with a 1 in 35" twist. This process allows for the extra heavy barrel profile, and the use of the 12-ga. action provides extra weight and strength to further moderate recoil. Interested hunters can get more information from H&R, Inc., at 60 Industrial Rowe, Gardner, MA 01440, or ask their local firearm retailer.

PEACOCKS IN GARRETT COUNTY

Has anyone else seen any peacocks roaming the county roads? I saw a big, bright one strutting down Spring Lick Road recently. Let us know. And, speaking of sightings, it seems that the bears are back with several being reported in the last few weeks. If you have a bear sighting story, let us know.

RIVER REPORT

Both the North Branch and Yough have been fishing well recently. The green drakes are still coming off in some quantity on the Yough and should continue through the end of the month. An overcast evening with just a touch of rain brings a harvest of these big flies that really gets the trout going.

If you ever wondered what kind of a resource we have here in our trout streams, consider this. Two gentlemen, Simon Rushde of South Africa and Dave Wallach of Baltimore, spent last Father's Day on the North Branch with Allen Noland and were quite impressed both with the fishing and the scenics. Mr. Rushde has fished all over the world and, to paraphrase him, "it just doesn't get any better than this."

Running high and looking like chocolate milk is how Allen Noland described the Yough two Saturdays ago when I called and asked him where we might find some decent trout fishing that afternoon. And, the North Branch is "up and ugly," he said.

What he suggested was trying the Savage. He said it is running just a bit high and it usually fished pretty well like that. So, I took his advice and had a great afternoon of fishing and photographing others doing the same. The Savage has always seemed to be a tough river for me. But, on this particular day, I saw more fish caught there than I ever had, and I caught some myself.

I met Phil Nussdorfer, who lives close to the Yough on Oakland Sang Run Road, pulling browns from the pool just above the concrete bridge with a size 22 Blue Wing Olive. He said he was fishing the Savage because he could hear the Yough from a mile away. And, later met Bob Lancaster of North Huntingdon, Pa., who seemed to be picking up a trout on nearly every cast in the fast water downstream from the lower suspension bridge. On Father's Day, Eric Yonke netted a fat 19-inch rainbow using a weighted bead head nymph, also on the Savage.

MD BASS FEDERATION TOURNAMENT

The annual Maryland Federation Tournament will be held at Deep Creek Lake this Friday, June 27. This tournament showcases some of the best bass fishermen in all of the northeast and carries a nice purse for the winner. Interested spectators should show up at Deep Creek State Park at 3:30 p.m. for check-in.

This year 87 boats are registered. Locally based participants include Ray Wharton, Bill Teter, Don Uphole, and Jimmy Iden, who won it two years ago. Ray Wharton hopes the lake stays high as it has been even though it has been fishing tough this year. Ray says he likes to fish the grassline and to do that the lake has to be high. He added that, as tough as fishing has been, his success has come when he has gone back to what he calls "the old way of fishing" with weighted grubs, floating Rapalas, and the like.

Ray also will tell you that he knows there is a 12- to 15-pound walleye in the lake because he had it on the line but broke it off. He got it close enough to get a good look at it and he said it is every bit of 32 inches. Where he hooked it and what he was using, he won't say.

SAYING GOODBYE TO JOHN BRASKEY - A reception was held Tuesday in honor of Commissioner John Braskey, who will officially leave his elected post on June 30. Several local officials as well as staff members and friends attended the get-together, presenting the commissioner with balloons and well wishes. Earlier that day in the county staff meeting, Braskey thanked the staff, praising the county agency representatives as excellent leaders. "Here in Garrett County, we have some of the best administrators in the state," he said. Braskey also recognized his two fellow commissioners, Roger Glotfelty and Wayne Wilt, noting even though they have not always agreed, they have been able to remain friends. Various agency leaders, staff personnel, and media representatives are pictured above with the commissioner, who is standing right of center (in the dark suit). Gary Fratz, Accident, will be sworn into Braskey's position on July 1.

Man Accused Of Arson Threat To Serve Jail Time

An Oakland man charged with threatening arson to a structure was sentenced to time in jail by Garrett County Circuit Court Judge James L. Sherbin. David W. Welch, 35, pleaded guilty to the charge in proceedings last week. Sherbin ordered Welch to five years in the Maryland Department of Corrections, with all suspended except six months. He will be on three years of supervised probation upon his release from jail, according to a court spokesperson.

A trailer in Crellin owned by Linda Burgess was declared a total loss after a fire was extinguished there on Dec. 1, 1996. Investigations by the State Fire Marshal's Office and the Garrett County State's Attorney's Office indicated that Welch, who had resided with Burgess until the December date, had set the fire. He was charged with the threat as well as with arson and reckless endangerment, the spokesperson stated. The last two charges were dismissed after Welch entered his plea.

"The witnesses who had originally implicated Welch as the culprit, including the victim, have become uncooperative with the state," said Assistant State's Attorney Daryl Walters. "In documents provided to our office and in telephone calls, they [the witnesses] expressed their unwillingness to talk to us about the case as we prepared for trial. They have also indicated they will give testimony different than the statements they made to officers back in December. Given all of these difficulties with the case, we determined the plea taken was the best we could expect. The fire marshal is in complete agreement."

The defendant has been lodged in the Garrett County Jail since being charged. He has not yet been released because the State Parole Commission has a warrant filed against him for violation of parole in a prior case, the spokesperson said.

In another circuit court case, Dwight H. Clary, 19, Swanton, pleaded guilty last week to burglarizing the home of Robert and Marjorie Gnegy on January 31 of this year. Sherbin accepted the plea and ordered a pre-sentence investigation. The state's attorney dismissed less serious related charges after the defendant entered his plea. He remains lodged in the local jail.

The Gnegys returned to their home along Jasper Riley Road that evening to discover a basement door forced open and property -- including currency, coins, and personal documents -- missing. The total loss exceeded $9,000, according to reports.

Investigation by the Garrett County Sheriff's Office, with assistance from Oakland City Police Officer C. Feller, led to the indictment of Clary and two others by the March Term Grand Jury. Jeffrey R. Henderson is also awaiting sentencing after pleading guilty to the burglary.

The case of a man charged with second degree assault was placed on the stet docket last week. Marvin E. White Sr., 49, Oakland, had been charged with the violation following a domestic altercation in January, during which he allegedly pushed a teenager down. The case will remain on file and can be reopened any time during the coming year, after which the case will be dropped.

Town Hall

KITZMILLER

A public hearing was held on the town budget Monday, June 23. This was followed by a town council meeting.

- The council agreed to purchase a tarp to be used by the civic association and other groups for town events.
- The council accepted the bid from Keystone Paving to pave Main Street and repair the area which was disturbed when the culvert was installed.
- The town budget was approved and accepted.
- A vote taken was in favor of proceeding with the sale of property on which town taxes are not paid.
- Mayor James Barrick announced that he had received approval from Mike Sines of the Garrett County Board of Education to proceed with replacement of trees in the town park. The property belongs to the school board and is maintained by the town through Program Open Space funds.

The next meeting will be held Monday, July 28.

fieds had much difficulty getting through their heats but when it came feature time, they were the only class to go caution free. Mike "The Bird" Wilson won impressively over Kenny Rogers, Cliff Cochran, Louie Krushansky, and Vic Vandergrift. The three heats were won by Charles Cochran, Dave Defibaugh, and Vandergrift while Greg Wilt won the consi.

Racing continues this Friday evening, June 27, when racing in five divisions will be presented by Video World. There will also be a candy rush for the children. Coming Sunday, July 6, the MACS series will return to I-79 for their second visit of the season for a $5,000-to-win late model feature presented by Roy's Travel Trailers. This will be the third race of the West Virginia State Championship Series.

For information on any events at I-79, those interested may call the office at 304-592-3200 or the speedway at 304-592-0916. I-79 is located at Exit 125 just north of Clarksburg, W.Va.

Somerset County Speedway

Heat winners at the Somerset County Speedway for the evening of June 20 included Jamie Kemp of Confluence, Pa., Denny Lowery of Salisbury, Pa., and John Valentine of Stoystown, Pa. All three winners led all 10 laps of their heat. Tom Humberson of Grantsville was the winner of the Pro Stock heat.

GUBERNATORIAL CANDIDATE VISITS COUNTY - Ellen Sauerbrey, who recently announced her candidacy for governor of Maryland, visited Garrett County this week. She attended a public breakfast at the Point View Inn sponsored by the Southern Garrett County Republican Women's Club. Later Sauerbrey took a walking tour of Oakland and talked with merchants and county residents. In 1994 Parris Glendening narrowly defeated Sauerbrey in the gubernatorial race.

The "B" Main feature saw Craig Breegle of Rockwood, Pa., make his way to Victory Lane for the first time since totaling his car earlier in the season. Breegle led 14 of the 15 laps. Following Breegle were Charlie Bittinger, Greg Herring, Bill Nolf, Dale Wilt, Roger McKenzie, Bob Downton, Carl Arnold, Dan Delancy, Don Shaffer, and Mike Jones.

An exciting "A" Main feature was won by John Valentine. The caution flag came out several times in the race after several spin outs. Glenn Pritts led the first two laps and then surrendered the lead to Kenny Lowery. Lowery held on until lap 14 when he got caught up in a spin out. Bobby Smith took over and maintained the lead for three laps until the caution flag came out again. As the green flag was dropped, Smith headed to the pits with a flat tire. Valentine took the lead in lap 18 and held on for the win. This was Valentine's first win of the year. Lowery finished second, followed by Glenn Pritts, Greg Cornell Sr., Brad Reckner, and Doug Shaffer.

Ed Kemp of Confluence was the winner of the Pro Stock feature. Kemp led all 20 laps of the race. Only four cars were able to finish the race after several drivers headed to the pits with car problems. Duane Horning finished second after moving up from the Stock Class. Joe Donaldson finished third, and Tom Humberson rounded out the field.

The next scheduled race is Saturday, July 5. This will be a double points stock car race and will also include an enduro race. The green flag will drop at 7:30 p.m.

Tucker Chorus To Present July 4th Musical Review

The Tucker Community Chorus will bring back the famous sounds of the 1930s and '40s on Friday, July 4, by presenting a musical review concert titled "As Time Goes By." The program will be presented at the Thomas Community Center, Thomas, W.Va., beginning at 3 p.m.

Director of the chorus is Yvonne Youngblood, Mabel Gross is the accompanist, and Jana Kinkaid is the chairperson for the concert. John Cook will be the narrator. The program will be augmented with photographs projected on a screen beside the stage.

Among the 1930 numbers to be presented are: "On the Sunny Side of the Street," "It's Only a Paper Moon," "Walkin' My Baby Back Home," "Where the Blue of the Night (Meets the Gold of the Day)," "On the Good Ship Lollipop," and "Three Little Fishes." Soloists will include Sandy Shaffer, Tena and Don Black, and Hannah Shaffer (as Shirley Temple), while a male quartet will be comprised of James Leard, Don Black, Paul Poerschke, and Sam Goughnour, and a women's sextet will consist of Elizabeth Beall, Jenny Reed, Katie Beall, Carrie Samuels, Susan Beall, and Corrin Evans. Mabel Gross will play a piano medley which will include such hits as "Deep Purple," "Fools Rush In," and "In the Mood."

Choral numbers from the '40s will include ""This is the Army, Mr. Jones," "Bewitched," "Sentimental Journey," and "I'll Be Seeing You." One number will feature Ian Howell-Clarke, the men's chorus will sing "Don't Fence Me In," and a trio consisting of Diane Bell, Lois Lipscomb, and Kathy Supak will sing "Boogie Woogie Boy."

The concert will conclude with patriotic numbers "This is My Country" and "Salute to the Armed Forces."

Admission to the program is free; however, donations will be "greatly appreciated," according to Ms. Kinkaid.

FIRST PHASE OF ENHANCED COUNTY 911 SYSTEM COMPLETE - Brad Frantz, director of Garrett County Emergency Management, announced this week at the county staff meeting that the first phase of the enhanced 911 emergency system, called ANI (automatic number identification), is now up and running. The new equipment allows the dispatcher to view the caller's number as the call is received. The second phase, to be installed in the next few weeks, will give the dispatcher the name and address of the caller as well. The process to update the local system has been a long one, and Garrett County is lagging in comparison with the rest of the state. However, Frantz said that has actually helped the county in some ways. "We've seen what works and what doesn't," he said. "We have a much better idea of what kind of system we need because of observing other areas." The local system is unique because of the county's expansive size. Each number in the rural addresses is actually a code as to how close the home is to a certain intersection (i.e., "3500 Johnson Road" would be approximately 3.5 miles from the nearest intersection). Frantz thanked several individuals who have lent helping hands in the completion of this project. Shown standing left to right are Mike Ireland, representing Motorola; Tom Offut, Bell Atlantic, and Frantz. The commissioners, seated left to right, are Roger Glotfelty, Wayne Wilt, and John Braskey.

(DNR) at New Germany State Park for assistance.

The remote location of the accident made it necessary to mount an extensive rescue operation coordinating the efforts of DNR State Forest and Parks personnel, Grantsville Volunteer Fire Department Company 60, and the Northern Garrett Rescue Squad. Steep, rocky terrain and heavily wooded forest made for a 2-hour journey by responding units to Duran's location, who in the meantime was being tended to by his expedition mates.

Rescue personnel had to transport Duran over one mile, mostly uphill, by stretcher to a waiting DNR all-terrain vehicle, which then transported him another two miles to the helicopter landing site. At 6 p.m., Duran was evacuated on the Maryland State Police medevac helicopter, Trooper 5, to Cumberland Memorial Hospital, where he was treated and released.

The heat and humidity took its toll towards the end of the incident, as one of the rescue personel was overcome by heat exhaustion and dehydration in the near 90-degree weather. The firefighter was taken by Northern Rescue Squad to Sacred Heart Hospital, treated and released.

Overall, the operation was deemed nearly flawless by participating personnel. "This rescue operation was an excellent team effort on the part of all the departments and personnel involved," said DNR's Mike Gregory, manager of the Savage River State Forest.

"Our extensive mutual-aid training in different search and rescue techniques in varied conditions and terrain paid off," Gregory continued. "Everyone did a great job, including the Outward Bound staff and clients. Their excellent handling of the situation until our rescue units arrived, and full cooperation and assistance throughout the incident, were invaluable," he said.

Director for Operations.

The recipient of numerous awards during his 22 years of active duty, Nichols has been named the Honolulu-Pacific Military Officer of the Year, Air Force Hawaii Military Officer of the Year, and the USAF's nominee as one of the Ten Outstanding Young Men in America. As a rescue pilot and mission director, he has participated in some of the longest over water helicopter rescues in history, including two that set Air Force distance records. The USAF officially credits Nichols with saving 18 lives.

Nichols is married to the former Barbara Graham, daughter of Clara E. Graham of Oakland. Both Colonel and Mrs. Nichols are 1970 graduates of Southern High School.

Pertussis Case

until three weeks after the uncontrollable bursts or spells of coughing (paroxysmal) onset. Symptoms to look for are a low grade fever, a mild cough at first, then more severe with periods of deep rapid coughing and a "whoop." Coughing may be worse at night and vomiting may follow a coughing episode.

Symptoms start seven to 10 days after exposure and can last for six to 10 weeks. Although most people recover, complications of pertussis can be severe, a health department spokesperson said. Pneumonia, seizures, and nerve problems are common, and death can occur. Anyone can get pertussis who has not already had the illness or who has not been vaccinated against it.

The spokesperson said half of the cases occur in children less than 1 year old. While older children and adults can carry the germ and spread it, they may have only mild symptoms.

Persons who suspect the illness should consult their doctors. Pertussis is usually treated with erythromycin, according to the spokesperson. Some children may need to be hospitalized, and people in close contact with anyone who has pertussis usually also need erythromycin, even if they have been vaccinated.

At the determination of the local pertussis case, an investigation was promptly initiated by the health department based on the report and will continue until test results, which are pending, are completed. The management of the infected individual's household as well as any persons who may have come into close contract with the sick person are being treated according to the Maryland Department of Health and Mental Hygiene's guidelines and recommendations, the spokesperson explained. Apparently, 114 contacts have been identified and all are currently being treated with erythromycin.

Persons who have questions or concerns about the illness may call the Garrett County Health Department at 301-334-8111.

might be walking by a small lathe or mill! Who did she think she was kidding? Certainly not me. I realized that this situation was hopeless so I just walked out of that office astounded that something like this could still be taking place in 1997.

Now, I didn't need that job but many young people in this county do need a job. It is for them that I feel sorry and have a little advice.

Your generation may be expressing its individuality with dyed hair and earrings instead of long hair, but the principle remains the same. If you don't want to spend the rest of your lives having your values dictated and compromised by some minimum wage employer, get an education and get out, at least to work, for, if this is an example of all the progress Garrett Co. employers have made in the last thirty years, the next thirty probably won't be much better.

Radio Amateurs Set Up Field Day Stations

On Saturday North American Radio Amateurs will set up stations all over the United States and Canada and operate for 24 hours. Each will try to contact as many other stations as pos-sible. This exercise is called Field Day.

Both a contest and an emergency communications exercise, Field Day provides an opportunity for members of the public to participate in the contest and get a taste of amateur radio operations. It is sponsored by the ARRL (American Radio Relay League).

Locally, GCARES (Garrett County Amateur Radio Emergency Service) will be operating a three-transmitter station running on emergency power at 735 Winston Road near Gorman.

Radio amateurs are licensed by the federal communications commission after successfully completing examinations. Each class of license increases operating privileges.

Radio amateurs may operate in a number of narrow bands. Power levels up to 1500 watts may be used with many modes of operation to transmit information in the form of voice, data fax, or amateur TV. Signals may be relayed by other operators, mountain top repeaters, satellites, and even moon bounce.

For more information on the event persons may call 301-334-1892.

New Grantsville Senior Center To Serve Residents Of All Ages

Garrett County Community Action Committee (CAC) and the Area Agency on Aging (AAA) say they are poised to respond to the social and recreational needs of the entire Grantsville community. "CAC's new Grantsville Senior Center was designed to accommodate a wide variety of functions, not only for senior citizens, but the community as a whole," stated an AAA spokesman.

The center is open for senior citizen meals and activities Monday through Friday and the AAA hopes to incorporate some evening and weekend events to attract "new" participants. Ideas for these special events include dances, dinners, educational opportunities, and special craft classes. The facility lends itself well to introducing many new opportunities.

CAC and the AAA also wish to make the center available to other groups, regardless of age. The center may be rented for meetings, reunions, wedding receptions, etc. A fee schedule has been developed and prices were established dependent on planned usage of the facility. Additionally, the AAA is developing a selection of menus in order to assist groups wishing to host luncheons, dinners, receptions, etc.

"CAC and the AAA welcome the opportunity to provide these services to the community," stated the spokesperson. "We can meet two needs: offering a nice setting for functions and obtaining needed operational funds."

Persons wishing additional information (i.e., menu selections & fee schedule) may contact the Center, 301-895-5818, or the Agency, 301-334-9431, ext. 140.

Real estate, real easy.

THE SIGN OF AN EXCEPTIONAL SALES ASSOCIATE.

SOLD

Mr. Huebner,

My husband and I just recently purchased a home from Esther Friend of Coldwell Banker Deep Creek Realty. . . We want to express that the service we received by Esther and her office was exceptional. Our situation was very difficult because we wanted to be placed in a home within 30 days. . .

Our first meeting with Esther was great! She explained explicitly what we could afford, what banks to pursue, and gave us a general idea of the area . . . Esther worked with us and helped us find our dream home. We then went to contract and Esther handled everything. It was amazing, kind, and above her call of duty. When the closing came it was within 30 days and the cooperation was so appreciated. . . Esther made the transition of looking, buying, and getting into our home much easier and most enjoyable.

Thank you to Esther Friend and the team at Coldwell Banker.

Sincerely, Suzanne Clark

Esther Friend, Sales Associate

"HELP SAVE A CHILD TODAY"

Although the use of containers that cannot be easily opened by children has cut down considerably on accidental poisonings. There are still far too many unnecessary deaths and injuries caused by carelessness. If every one of us made it a point to eliminate just one potential danger, think how many more children's lives might be spared.

How about checking in your home today to be sure that prescriptions and other medicines are out of a child's reach and are away from where little hands can get at them.

To Be A Butterfly

Oh, to be a butterfly...to descend gracefully on gossamer wing to the beauty of a garden...to be covered in velvet design patterned by the Creator of all beauty.

Yet, lest we forget, this creature of beauty evolved from the caterpillar, created by God as well; that creature which crawled in the dirt to look up to the flowers of the garden, a not so beautiful creature to the human eye, yet not questioning its lot in life.

In God's Word we read, "For I know the plans I have for you, says the Lord, plans for welfare and not for evil, to give you a future and a hope." Jeremiah 29:11

Worship God and learn more of His plans for your life as you learn of His message to humankind. Begin by visiting His House each Sabbath. "Then you will call upon me and come and pray to me, and I will hear you." Jeremiah 29:12.

You can be a butterfly.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

SELF-CONDEMNED

June 29, 1996

Background Scripture:
Titus 3:1-11
Devotional Reading:
Romans 13:1-10

Hardly a week goes by that I don't receive a form letter, newspaper article, or magazine piece chronicling the growing animosities between Christians of various stripes. Very often, when I see religious groups depicted on television, the faces are angry, the words bitter, and the atmosphere depressingly negative.

Interestingly enough this is generally not a matter of Methodists against Presbyterians, or Episcopalians against Baptists. The conflicts, it seems, rage within each of these and other denominations: Methodists against Methodists, Lutherans against Lutherans, and Baptists against Baptists.

What I am bemoaning here is not conflict within the churches. Conflict is normal and healthy within all groups. It is the atmosphere that surrounds and pervades these conflicts that disturbs me most. This anger grows and the bitterness continues to escalate and spiral. Christianity is often defined in the media by the things Christians are against, rather than what they are for.

INQUISITIONS & CRUSADES

Unfortunately, most, if not all of these people believe that it is for God's sake that they are being militant and they regard their emotions as righteous indignation. They defend a God who doesn't need or ask for their defense. For those outside the church, there is little or nothing that is compelling about this kind of Christianity. It was this same kind of Christian anger and fear that gave birth to the devilish Inquisition and spurred the bloody Crusades.

Perhaps all of us need to commit to memory—and heart—Paul's words to Titus of Antioch: "...to speak evil of no one, to avoid quarreling, to be gentle, and to show perfect courtesy toward all men" (3:2). Four simple requests, but these could change the current atmosphere within the churches. I'm not saying there is no place for righteous anger within Christianity, but it should be the exception at most, not the rule.

Paul makes it clear that this kind quarreling is definitely pre-Christian. It is what we are to give up when we become followers of Jesus Christ. "For we ourselves," says Paul, were once foolish, disobedient, led astray, slaves to various passions and pleasures, passing our days in malice and envy, hated by men and hating one another" (3:3). "Hated" and "hating" are too often descriptive of Christians today.

WITNESSES, NOT JUDGES

Paul also reminds Titus that we are saved by Christ, not because we ourselves have achieved moral acceptability, but only because of the grace of God—"...but when the goodness and lovingkindness of God our Savior appeared, he saved us, not because of deeds done by us in righteousness, but in virtue of his own mercy...so that we might be justified in his grace and become heirs in hope of eternal life" (3:5-7). We are, all of us, as dependent upon the undeserved grace of God as those whom we judge. In fact, we are called not to judge, but to witness to the love of Jesus Christ.

And then, just in case Titus is not getting the point, Paul says again: "But avoid stupid controversies, genealogies, dissensions, and quarrels over the law, for they are unprofitable and futile" (3:9). And to underline the seriousness, Paul goes on to say: "As for a man who is factious, after admonishing him once or twice, have nothing more to do with him, knowing that such a person is perverted and sinful; he is self-condemned" (3:11).

And so are we all if we continue to divide the Church that is not ours, but his.

In all there were 37 presenters who volunteered their time to give the students insights into the world of work and some possible ideas of choices for the future. State Tax On Snack Food To Be Eliminated

Maryland State Comptroller Louis L. Goldstein said effective July 1, 1997, the sales and use tax does not apply to snack food items sold at grocery stores and other businesses with substantial grocery business. The Maryland General Assembly also repealed the tax on snack food items sold through vending machines.

The snack items on which the tax was repealed include: potato chips and sticks, corn chips, pretzels, cheese puffs and curls, pork rinds, extruded pretzels and chips, popped popcorn, nuts, edible seeds, and mixtures which contain any of these items.

The comptroller noted that snack food items sold with meals and food prepared for immediate consumption will continue to be taxable. Food obtained from salad, soup or dessert bars, party platters, heated food, sandwiches suitable for immediate consumption and ice cream, frozen yogurt, and other frozen desserts sold in containers of less than one pint also remain taxable.

In 1992, as part of the most sweeping sales and use tax law changes in a generation, the Maryland General Assembly levied the sales and use tax on specific snack food items sold in grocery stores. At its 1996 session, the General Assembly repealed the tax on snack foods, but delayed the effective date of the repeal until July 1, 1997.

Neubert Listed In *Who's Who*

For the third consecutive year, Eric Neubert, a junior at Northern High School, has been named to Who's Who Among American High School Students. His English teacher, Lynn Coburn, nominated and recommended him.

Since 1967, Who's Who has been recognizing students for their achievements in academics, athletics and extracurricular activities. Five percent of all high school students receive this award each year.

Neubert is a distinguished honor roll student, was named Northern's male Outstanding Student of the Year in the junior class, and was selected for the National Honor Society. He also won the Bausch and Lomb Science Award and the Leadership Award, was a member of Northern's 3200 meter relay team, was third in the engineering category at the regional science fair, and placed second in a tri-state mathematics competition.

He is a member of Northern's competition marching band and the varsity soccer, basketball, and track teams. He is on Northern's Science and Academic Bowl teams and is a member of the Sysop Club.

Eric Neubert resides in Grantsville and is the son of Cathy and John Neubert.

Undelivered Refund Info Now On Web

Maryland State Comptroller Louis L. Goldstein says state income taxpayers who expected a refund from their 1996 tax return and did not receive one in the mail should check the new undeliverable refund section of the agency's website.

"Each year several thousand income tax refund checks are returned to us by the United States Postal Service marked "undeliverable." This happens frequently when taxpayers move during the filing season, change their last name, or provide an incomplete or illegible address. Our new, secure, and searchable database contains approximately 10,500 separate accounts representing checks returned to us, this year and in years past, as undeliverable refunds."

Taxpayers may search for their name on the undeliverable refund database through the "What's New" area of the comptroller's website at www.comp.state.md.us. Taxpayers will be asked to enter their name and social security number into the secure network system. If the taxpayer's name and social security number match a record in the database, he or she will complete an electronic form. Goldstein pointed out that it is useful for taxpayers to have their tax returns with them when they complete their forms. The brief information on the form will generate the automatic release of the previously undeliverable check or a telephone call from the Comptroller's Office requesting any additional necessary information.

Goldstein noted that the online undeliverable refund information is updated once a week, with fresh data appearing on Tuesday mornings. "While we will continue to release the names of undeliverable refund owners to the media annually in cooperation with the IRS, the online searchable database is just one more way to serve our customers, 24 hours a day, seven days a week," said Goldstein.

The comptroller's website also contains a searchable unclaimed property database listing 40,000 recently reported unclaimed funds. The accounts represent monies reported to the state by financial and other business entities as unclaimed property. The website also contains 1996 individual and business tax forms and publications which can be downloaded for use, as well as answers to frequently asked tax questions and e-mail access to every major division of the Comptroller's Office.

"Olympic Spirit" License Tags Are Available

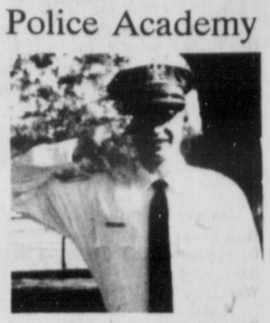

The United States Olympic Committee has announced the sale of specialty "Olympic Spirit" license tags designed by the U.S. Olympic committee. Proceeds will go to supporting U.S. athletes who will compete in the 1998 Olympic Winter Games in Nagano, Japan, next February, and in the 2000 Summer Olympic Games in Sydney, Australia.

"Maryland citizens are proud to assist our athletes as they compete in the Olympics," says Maryland State Olympic Chairman John Dillon. "Now all can share in the Olympic dream with this very visible and attractive show of support."

Olympic Spirit license tags are available for a $25 donation to the U.S. Olympic Committee. The funds help defray costs of competing in the Olympic Games and develop programs to assist future Olympic athletes in Maryland and across the country. An additional $15 administrative fee is assessed by the Maryland Motor Vehicle Administration.

To receive an application for the specialty tag, or more information about the Maryland Olympic license plate program, interested persons may write the U.S. Olympic Committee at 1150 Eighteenth St., NW, Washington, D.C. 20036.

Let's Get Down To Business!

This is a feature of *The Republican* to better acquaint our readers with various area business establishments.

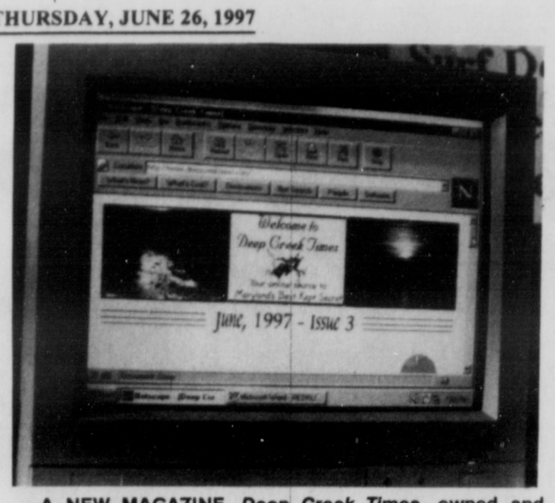

Deep Creek Times

Deep Creek Times, a new magazine, is now out on the internet at *http://www.-deepcreektimes.com*. It centers on Deep Creek Lake and Garrett County. With feature pages such as "Food & Wine Monthly" sponsored by McClive's Restaurant and The McHenry Beverage Shoppe, advertisers can feature their services and attract business.

"The Internet is just loaded with information and individual pages don't always get the coverage that they need. By starting this magazine we have provided a central spot for local businesses to get needed exposure," said Mike Schroyer, editor.

Articles include: Showcase Home Tour, updated weekly movie listings, entertainment schedule, upcoming events, what's new, cover story, money matters, just for kids, gardening page, classifieds and much more. The magazine also features a Business & Information Directory with listings of advertisers and their prospective categories.

"Research shows that the best way to keep traffic to your site is to keep it changing. That is why we chose to put it in a magazine format. Not only do we get new readers as they learn of the site, but people return every month for the new articles and information," said Marta Schroyer, designer and editor.

A NEW MAGAZINE, *Deep Creek Times*, owned and edited by Mike and Marta Schroyer, can be found on the internet at *http://www.deepcreektimes.com*. The office can be reached by phone at 301-387-5898.

The first issue of *Deep Creek Times* was released April 1 and the magazine has seen phenomenal growth since its inception.

"The feedback has been incredible. We've heard from a lot of different people, from a lot of different places sharing one thing in common--a love for Deep Creek Lake and Garrett County. They really seem to appreciate the opportunity to keep in touch," said Mr. Schroyer.

For additional information, interested persons may contact *Deep Creek Times* at 301-387-5898 or e-mail to *mschroyer@miworld.net*. The company's mailing address is P.O. Box 753, McHenry, MD 21541.

May Bird Count Results Tallied; Top Ten Noted

The Garrett County May Bird Count results have been released including the top 10 birds counted.

The report states that 46 observers spent a total of 88.25 hours watching bird feeders and 101 hours traveling a total of 539.95 miles by foot and by car to record 10,897 birds of 148 species.

This becomes the fourth highest total of species ever recorded for a Garrett County May count. The highest count was 155 species in 1989.

This year's participants in the event were Virginia Beitzel, Chuck and Sharon Bowman, Dessie Bowman, Gwen Burkhardt, Lisa Crawford, Carolina and Kevin Dodge, Gary Felton, Charlotte Folk, Colton, Conor, John, and Liz Forrester, Lejay Graffious, Dave and Maureen Harvey, Frances and Harold Hoecker, Sheila Hughes, Pam and Randy Humberson, Edith Jack, Jan Janssen, Margaret Kaiser, Hillar Klandorf, Annette, James, Jessica and Shane Livengood, Jean McConnell, Cheryl Newcomb, Jeff Opel, Bill and Fran Pope, Greg Reams, Bob Ringler, Frank Ross, Connie Skipper, Kathryn Speicher, Darlene and David Terlizzi, Barbara and Charlie Thorne, David Walbeck, and David Winner.

The top ten birds by numbers counted were: 1. Barn Swallow, 1979; 2. Tree Swallow, 879; 3. American Robin, 728; 4. Myrtle Warbler, 530; 5. Red-winged Blackbird, 358; 6. (tie) Cliff Swallow and American Crow, 3454 each; 7. American Goldfinch, 342; 8. European Starling, 297; 9. Chipping Sparrow, 272; 10. Common Grackle, 255.

Weather for most of count day was a challenge for birdwatchers with temperatures in the 30s and some form of precipitation all day. In response to the weather, many birds were actively looking for food, although not in habitats where they usually do so. For example, tree-top insect-eating warblers were found on the forest floor looking for insects among the fallen leaves.

Many birds were not calling that day, which made locating and identifying them more difficult. Most of the count participants felt this year was one of the most challenging May counts they have ever done. In spite of all the difficulties, the total number of individual birds reported (10,897) is the highest number of individual birds counted on a Garrett County May count in the past eight years.

This is the twenty-sixth consecutive year for the Garrett County May Bird Count, and results will be published by the Maryland Ornithological Society in its journal *Maryland Birdlife*. Maryland's May Count was the inspiration for the North American Migration Count as well as the International Migratory Bird Day, both of which are now observed annually on the second Saturday of May.

COVER STORY

Nothing shocking about success of *Goosebumps*

By Diana Dawson
©TVData Features Syndicate

R.L. Stine

On a dark and overcast day, Josh and Amanda Benson (Ben Cook, Amy Stewart) move with their parents to the eerie town of Dark Falls, where the pale neighbors draw their shades at the first hint of sunlight.

This newest *Goosebumps* special follows the same axiom as the other wildly successful episodes: Nothing is as it seems. "Welcome to Dead House," based on the first and best-selling book in the series, premieres Sunday, June 29, on Fox.

"That was the book that launched the Goosebumps phenomenon," executive producer Deborah Forte says. "We saved it for something special. It established real, believable kid characters who ultimately are responsible for saving the day on their own."

During the recent May ratings period, *Goosebumps* was the highest-rated TV series among children ages 2 to 11 (though it's not recommended for children younger than 7).

What would naturally follow a children's program with that sort of popularity? Stuff. Lots of stuff. Enough *Goosebumps* stuff to permanently permeate a culture. The fervor over tales of the walking dead, snowmen with lives of their own and ghosts from the future has spawned a merchandising crush.

Goosebumps products spew into stores quicker than kids can earn lawn-mowing money to buy them. There are already products ranging from stickers to videotapes to jewelry. Soon there will be audio books, CD-ROMs and action figures.

"The demand came from the kids," Forte says. "They are accustomed to being able to have the things they love be a part of their lives. Merchandising is part of the world right now in children's entertainment properties."

Toy stores and children's television can develop relationships in two different ways, Peggy Charren, founder of Action for Children's Television, says. A popular show can create the demand for products, as it has with *Goosebumps*. Or a television program can be created to sell a toy, a symbiosis that Charren says should concern parents more.

In the early 1980s, according to Charren, more than 70 series on the air were associated with toy companies. "In some cases, the program animators had the toy on their wall and could not put clothes of a different color on the character," she says. "If the whole goal of a program is to sell junk, there's not much lower that you can go. The best news is to turn it off."

But *Goosebumps* started with books and leads children to reading, Charren says. Each piece of merchandise contains the slogan "Reading Is a Scream," gently directing children to the books.

Once a month, Scholastic Inc. publishes a new Goosebumps book by the prolific R.L. Stine. For the third season of the TV program, Scholastic Productions Inc. is producing 22 new episodes, including a miniseries.

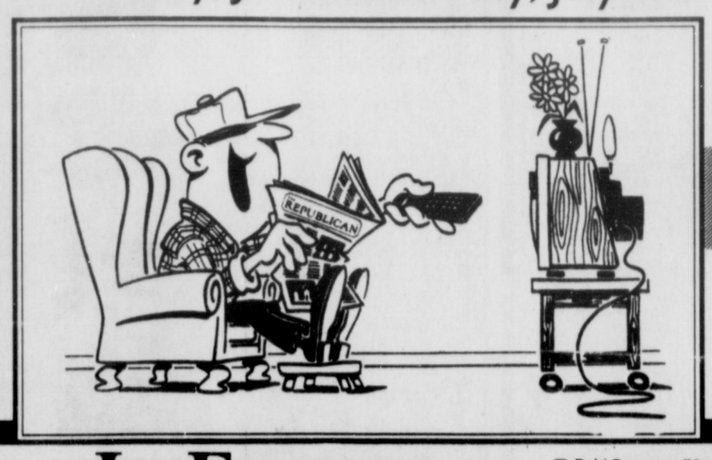

"Kids love *Goosebumps* because they know they'll be scared, but it's a safe scare like a roller coaster ride," Forte says.

"They know there will be moments when they will be scared and when they will laugh, but like a roller coaster ride, they will get off safely at the end."

Now if somebody could just tell that to the snarling dog with the glowing eyes.

FISCAL YEAR 1998 BUDGET MESSAGE
JUNE 3, 1998

The Board of Garrett County Commissioners is pleased to present the Fiscal Year 1998 Operating and Capital Budget. This year's budget reflects an increase of $4,242,752 over Fiscal Year 1997 without an increase in the property tax rate of $2.49 per hundred. However, this increase requires an explanation that will clearly define the actual financial and accounting method used by the County Administrative Officer and Finance department staff in preparing this budget. Fiscal Year 1996 and 1997 Budgets included revenue under various accounts as an offset to an applicable expenditure resulting in actual operational cost being understated. This difference [or increase] between Fiscal Year 1998 and prior budgets [Fiscal Year 1996 actual revenue and Fiscal Year 1997 approved budget] is detailed in the budget report.

Prior fiscal year budgets did not separate revenue from expenditures on many line items. Revenue was designated as an offset to an applicable expenditure; therefore, actual cost was not reflected in the approved budget. Fiscal Year 1998 Operating and Capital Budget clearly defines revenue and expenditures with all revenue from grants from the Federal Government, grants from State Government, service charges for current services, miscellaneous, and other financing sources reflected in Revenue. Fiscal Year 1998 clearly accounts for revenue and expenditures. Prior budgets consolidated all departmental employee benefits under a designated line account. Fiscal Year 1998 directly allocates this cost to each department for a more direct operational cost analysis of each segment of County Government.

The County has taken additional financial control measures by adopting a Resolution that requires that the General Fund must remain at a balance that will not be less than five percent (5%) of the approved Operating and Capital Budget for any given fiscal year. This policy will assure that the County has a positive cash flow that will follow explicit guidelines. A Debt Affordability Study was completed that will establish a strong framework for the review of County debt capacity/affordability on a continued basis. Debt service policies will allow for debt financing at a level consistent with sound fiscal management principles and which will meet the County's demand for public projects over a five-year period and beyond. The County must assure capital financing flexibility under changing priorities and economic cycles, and which sufficiently focus on long-term relevance. This year's budget shows Debt Service as a distinctive segment.

The Board of County Commissioners continues to meet with all local municipalities to assist with public works projects that may be impossible without an incorporated effort. A tax-differential study that appraises any duplication of public services was completed during the past year. Fiscal Year 1998 Budget includes the County appropriation of funds for the paving of Liberty Street in Oakland and other projects that will be reviewed for approval and subsequent completion on an "as needed basis" for other municipalities.

The Board of County Commissioners will continue to make economic development a number one priority. Plans for Fiscal Year 1998 include an expansion of the Southern Garrett Industrial Park and infrastructure additions to the Northern Garrett Industrial Park. Legislation introduced by the Board of County Commissioners was passed by the Maryland General Assembly that enables the County to decrease Personal Property tax to further attract new businesses and allow existing companies to expand. The Personal Property rate for Fiscal Year 1998 was reduced by ten percent (10%) and long-term plans are to continue to reduce the percentage and completely eliminate this tax over a ten-year period. Long-term commitment to tourism is evident by the appropriation of funds directed to the construction of a new Visitor's Information Center at Deep Creek Lake. This project was a combined effort of the County, Delegate George Edwards, Senator John Hafer, the Chamber of Commerce, and the Garrett County Promotion Council.

The largest expenditure in the budget for Fiscal Year 1998 is Education, which continues to be a significant priority for funding. Forty-one percent (41%) of the total Operating and Capital Budget for Fiscal Year 1998 is designated for education. Public Works continues to be the second highest segment of Fiscal Year 1998 Operating and Capital Budget, with thirty-one percent (31%) of the total budget appropriated for the County Roads Division, Solid Waste and Recycling, and the County Airport. This year's budget also details individual capital projects and equipment purchases that are incorporated in the Five-Year Capital Improvement Plan.

The County is committed to financial and strategic planning that will rely on the statement that good business decisions have to become exceptional and the County must operate exceptionally and more intensely than at any time in the past. The provision of public services to the citizenry of Garrett County will continually be enhanced and improved by our team of many dedicated and proficient employees. We are reorganized, re-focused, and aggressively moving toward better systems, better processes, and better trained employees. The County will continue to prioritize the appropriation of all funds to efficiently serve the citizens of Garrett County.

The Board of County Commissioners has established mutual goals of innovation, growth through knowledge management, open communication, and a commitment to continuously improve the quality of our obligations.

EAGLE SCOUT HONORED - Aaron Miller recently received the Eagle Scout award, the highest achievement in scouting. Del. George Edwards presented the award at a ceremony at Zion Lutheran Church hall. A member of Boy Scout Troop 82, Aaron is a resident of Accident. He is pictured here with his parents Ralph and Anna Marie Miller.

Accident Scout, BSA Troop 82, Earns Top Rank

Aaron Miller of BSA Troop #82, of Accident, was recently presented with the highest rank in scouting, that of Eagle Scout.

The award ceremony was held at Zion Lutheran Church Fellowship Hall, Accident. The invocation and benediction were led by Rev. Wilfred Karsten, Pastor of Zion, and the guest speaker was William Robinson, teacher and band instructor at Northern High School.

The Eagle Award was presented by Jim Stewart, Deep Creek District advancement chairman. The "Voice of the Eagle" was provided by Jeff Folk, Eagle Scout from Troop #49, Grantsville. Scouts from Troop #82 participating were Sean Miller, David Higdon and Chad Stallman.

Del. George Edwards presented Aaron with a House Resolution from the Maryland House of Delegates congratulating him for the accomplishment of attaining Eagle rank and a U.S. flag which had flown over the State House in Annapolis. A congratulatory card was received from President and Mrs. William Clinton.

Aaron's Eagle project was to construct a cemetery directory for Zion Lutheran Church to help individuals locate specific graves within the cemetery. The project included researching grave identification, compiling information, and designing and constructing a display case. Aaron also erected a sign at the corner of Cemetery Road and N. South Street to show the location of the cemetery.

Aaron has been active in Scouting since 1990 and he has learned many skills in order to earn the merit badges necessary to advance through the ranks to Eagle Scout. Through the years he has earned 35 merit badges.

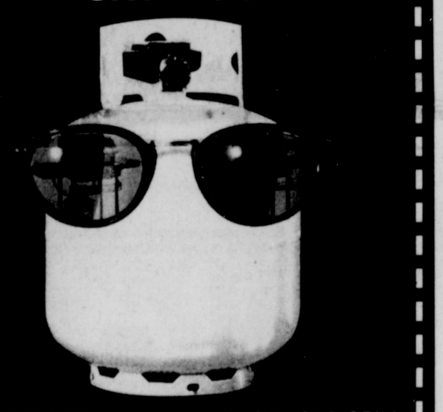

He worked at Camp Potomac in Oldtown as a lifeguard, attended the 1993 National Jamboree at Fort AP Hill in Virginia, and was in the 1996 crew from Potomac Council that attended Philmont Boy Scout Ranch in Cimarron, N.M. Aaron is also a member of the Order of the Arrow and is a member of Zion Lutheran Church and the Young People Society.

A 1997 graduate of Northern High School, Aaron has been named to Who's Who Among High School Students for the past three years and was a member of the band for three years. He is the son of Ralph and Anna Marie Miller of Accident.

Correction Noted

In the June 5 issue of *The Republican*, a story appeared on page C-9 about Northern High School graduate Amy Fickes. It was stated that she was given the Hazel "Frantz" Wright Scholarship, but it should be noted that the correct title is the Hazel Fratz Wright Scholarship. The error is regretted.

GOBA Meets, Minutes Noted

The Greater Oakland Business Association held its regular monthly meeting recently and several issues were discussed, including an report on the circus event, the approval of a grant, and an update on summer activities.

Connie Margison (Water Street Market Place/Decorator's Nook) presented the group with an update on the circus, which was held on May 28. Members decided to approach another non-profit organization next year to assist with the project and split the proceeds.

Mikal McCartney (Garrett County Memorial Hospital) informed the members that the Garrett County Arts Council recently approved a $500 mini-grant, and Ken Perrin (Oakland Post Office) gave an update on the Street Fair and the Summer Concert Series.

David Lee (C.I.S.) noted that the GOBA homepage is complete. It contains events lists and has the potential of including a homepage for each individual member. The address is www.garrett.NCIN:COM/-Lee/GOBA:HTM.

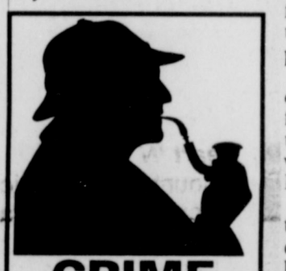

Businesses represented at the meeting, in addi[illegible] those mentioned, were United Bank & Trust, Radio F/X, Wisp Resort Hotel, Rudy's, and Appalachian Crossroads. The next GOBA meeting will be held July 9.

SENIOR FASHION REVIEWS - In conjunction with the National Healthy Aging Campaign, 15 seniors from various parts of the county recently participated in a "fashion for fun" skit. It would not surprise most observers of these photos that the theme of the senior fashion review was "What the Well-Dressed Woman Will Not Wear from Morning to Night." Costumes included a coverall bathing suit, a nylon box jacket suit, and a stunning (and low-calorie) 24-carrot gold gown. Above, left to right, are Helen Schroyer, Bette Teets, Ellen Zimmerman, Ireta Switzer, Betty Ellen Schaffer, Caroline Lake, Jackie Brady, and Laura Harvey. Below, left to right, are Cora Bowser, Maxine Ross, A.B. Faulk, Catherine Gibhard, Holly Bartlett, Edna Rollo, and Ruth Fell. The events were sponsored by the Area Agency on Aging, in partnership with the health department's Community Outreach office. AmeriCorps members Bette Jo Hudnall and Michaela Minnick organized the fashion show, with fellow member Chas Rittenhouse acting as master of ceremonies. Photos by Bernie Ravitz.

CRIME SOLVERS

The case of the week for the Garrett County Crimes Solvers concerns the theft of a four-wheeler.

Someone stole a 1987 Honda 250 all-terrain vehicle on May 6 at about 9 p.m. The vehicle was parked in a shed located near the intersection of Sand Spring and Fearer roads close to Friendsville. The four-wheeler is valued at $1,500.

Persons who have information about this or any other unsolved crimes are urged to contact Crime Solvers at 334-1975. Callers do not have to give their names, nor do they have to appear in court. Rewards of up to $1,000 are available to persons who provide tips that lead to arrests.

ELCA WOMEN MEET

Women of the ELCA, Zion Lutheran Church, Jennings, held their monthly meeting in the church on June 17.

The study - Passover: Celebration in the Midst of Sorrow - was led by Leota Baker. The lesson emphasis was on how Isreal's captivity was brought to an end by the final plague, and Passover was compared with Christian celebration.

Devotions closed with the group singing the hymn "Just As I Am, Without One Plea."

Judy Stanton presided over the business meeting.

Correspondence received included the church-wide unit periodical *Interchange* and letters from the Mission Growth and Mission Action committees of the synodical women's organization.

Tribute to the memory of Frances Durst was made through offerings received from the group and family relatives. These offerings were sent to Women of the ELCA church-wide specific ministries and designated for children at risk under the women and children in poverty program.

A gift offering was received from Viola Meyers, a former member of Zion's unit. A birthday offering was presented by Leota Baker.

It was announced that the synodical unit has requested each unit to send a love offering for the annual assembly on August 8-9.

4-H Club News

Grantsville Celebrates!

By Jerry Beachy

A celebration in this small town of nearly 600 residents might mean an afternoon of good food cooked on a barbecue with games and fun for all. But in Grantsville, over the past 19 years, one weekend has evolved into a weekend of fun beginning with a fireman's parade on Friday night and ending with a horse pulling contest on Sunday af-ternoon. But why do over 14,000 people now attend Grantsville Days? It could be the locally prepared, absolutely non-commercial foods centered around the Grantsville Lions Club chicken BBQ. Or, it could be the 2 great nights of fireworks. More importantly, it could be the variety of free entertainment that is continuous from Friday night at 8:30 p.m. to Sunday afternoon at 4 p.m. that draws residents and vis-itors to the Town Park the last weekend of June.

This year is the 20th anniversary of the local homecoming weekend. The Grantsville Lions Club, which coordinates Grantsville Days, recently announced several new sponsors and events to mark the special anniversary to be held on June 27-29 in Grantsville.

Critic's Corner
by Rick Wilson

Men in Black is a sci-fi adventure comedy wherein **Tommy Lee Jones** and **Will Smith** are men who wear black and work in secret. They work for a highly funded, but unofficial government agency. At all times, they are on the watch for things alien to earth. While investigating a series of close encounters, they uncover a deadly plot by an intergalactic agent. This creature is on a mission to assassinate two ambassadors from opposing galaxies who live in New York City. In order to keep the worlds from colliding, the agents must track down the terrorists before earth is also destroyed. I won't tell you how it ends, but I guess you can figure it out for yourself BECAUSE we're all still here, aren't we? **Steven Spielberg** is the executive producer, and the film is directed by **Barry Sonnenfield. Linda Fiorentino, Vincent D'Onofrio** and **Rip Torn** are also in the cast, and now that you know what it's all about, it's your choice.

Terence Stamp is simply super as Baltazar, a most mysterious and unconventional sex therapist in "BLISS." The movie itself is a deeply sensual story about love, relationships, and self-discovery. It stars, besides Stamp, **Craig Sheffer** and **Sheryl Lee** as Maria and Joseph who are trying to resolve the conflicts they are experiencing in a rough marriage. They go to Baltazar (Stamp) for help. After many sessions, Joseph finds himself on a journey that reveals unexpected truths about himself AND his wife, AND their relationship. If I told you what they are, it would ruin the film for you. However, may I just say, at the risk of being corny — "It's sheer bliss. I recommend it. Go, Relax. Enjoy. And if you're having marital woes, mayhap this will help you solve them."

Q: A print hangs in my doctor's office with the title, " A Friend in Need." It shows dogs playing poker, with one dog slipping another an ace. I've seen these before. Who did them?

A: Cassius Marcellus Coolidge (1844-1934) painted the famous poker-playing dogs. Between 1868 and 1872, Coolidge worked as a druggist, was a sign painter, founded a bank and a newspaper and then moved from Antwerp, N.Y., to Rochester, N.Y., where he started painting dogs in human situations.

His poker-playing dogs are the most famous, but others show up on a commuter train and in a ballpark. Coolidge's first customers were cigar companies that printed copies of the paintings for giveaways. Coolidge eventually signed a contract with Brown & Bigelow to turn out hundreds of thousands of copies of his dog paintings for advertising posters, calendars and prints.

A print is worth about $75.

Q: I have an 8X12-inch cast-iron cooking stove with the name "Jewel Range Jr." on the door. The doors open and close. The oven rack even comes out. Is it valuable?

A: The Jewel Range Jr. was made at the turn of the century by the Detroit Stove Works.

The small stove was a combination toy and advertising gimmick.

It sold for about $14 originally. Yours is worth about $700.

An American Hero
by Dr. Robert B. Pamplin, Jr. and Gary K. Eisler

ALFRED FULLER

Many of us still remember when a knock on the door meant the smiling, helpful Fuller Brush man had arrived. These enthusiastic, polite and persistent sales people became an icon in American life.

But few of us realize that the man behind it all, Alfred Fuller, became an American hero in the process of realizing his own dream.

Fuller did not start out as an American. He was born in 1885 in the Annapolis Valley of Nova Scotia _ the apple belt of that Canadian province. He was the 11th child of 12 to grow up on the family farm and received what formal education he had in a one-room school house.

He could see that his parents' farm could not support everyone, and when he was 18, his parents made it clear to him that he was to fend for himself. With $75 in his pocket, a few clothes and no job, he did what millions before him had done _ he came to America and lived for a while with an older sister and her husband near Roxbury, Mass.

He was fired from a number of jobs, such as conductor on a trolley, gardener, and driver for a delivery business. He applied for a job as salesman with a small brush company that sold door to door, dealing with the middle-class housewives of Roxbury.

He learned that Americans got a kick out of his strange Canadian accent. He also learned Americans appreciated his demonstrations.

"I washed babies with a back brush, swept stairs, cleaned radiators and milk bottles, dusted floors _ anything that would prove the worth of what I had to sell," he once said.

At the age of 21, he went into business for himself. He didn't need venture capital because he took orders early in the week and delivered the brushes on Saturday. By 1906, he took the business nationwide. This immigrant became a role model not only for those new to this country, but for everyone.

Arthritis Advisory Board Formed In Garrett County

The Garrett County Arthritis Foundation Advisory Board has recently been established as a branch of the Maryland chapter of the Arthritis Foundation.

This statewide network is committed to actively raising and distributing funds to be used for public information, education, and patient services related to arthritis.

Prior to organization of the local chapter, Garrett County was represented on the Allegany County board of the association. Some of the members felt that interests specific to Garrett County could be more fully addressed through a local chapter.

Charlotte Garner, who had served as vice president of the Allegany County board, joined with others from the area to draw up the by-laws and charter and found a local chapter. "The Garrett County board is made up of representatives from health care organizations and people who have arthritis, so we have providers and consumers," Garner said. Those who serve on the advisory board do so as volunteers.

The percentage of older Garrett County residents who have arthritis probably is 75%-80%. Garner said. These people have the disease, she explained, in one form or another.

"Our main focus is on education," Garner explained. The goal is to inform people about the disease and encourage them to seek medical attention.

There are several programs that will be used to achieve this end. There are support groups for people with arthritis, and two annual forums. There is also an information source available by phone, Garner said.

GARRETT ARTHRITIS BOARD FORMED - Local residents have come together to found the Garrett County Arthritis Foundation Advisory Board. It is the local chapter of the Maryland Arthritis Foundation. Representatives of health care organizations as well as members of the community who have arthritis make up the new board. With about 75%-80% of the Garrett County population having arthritis in one form or another, the local board will focus its efforts on public education and support groups. Seated at a monthly meeting, left to right in the front row, are board members Marcia Simmers, vice president, Rae Ellen Finn, Helen Heath, Carla Lipscomb, and Debbie Friend. In the back row are Maureen Melienz, Laurel Grant, and Charlotte Garner, secretary. Absent from the picture are Vickie Insley, president, and Joanne Harsh.

The program is G.A.I.N., Garrett Arthritis Information Network, and it has a toll-free number, 1-800-571-6761, and a local number, 1-301-334-4089. A person may dial either number and request information on arthritis.

"We have also set up a speakers bureau," she said. Group members will attend functions to present information. They speak at senior centers and other gatherings.

Garner emphasized what the organization does not do. "We do not give medical advise or financial assistance," she explained.

Among projects before the group are the development of a forum to be held in September and the establishment of an aquatic clinic. But more members would certainly be helpful in the efforts currently under way, she said.

Garner also stated that anyone who is interested in assisting in the work of the board, may contact her for further information at 301-334-2155, ext. 492.

The arthritis support group meetings are held the first Tuesday of each month in the board room of Garrett County Memorial Hospital at 6:30 p.m.

Dairy Bills Fail In 1997 Legislature

The Fairness in Milk Marketing Bill, as well as the bill making milk the official Maryland drink, both failed in their final vote in Annapolis this term. The official drink bill failed in the Senate after passing in the House because supporters of making topaz the official state gem could not get support for their bill. They amended the milk drink bill to include topaz as the official gem. This killed the bill.

The Fairness in Milk Marketing legislation was supposed to have been the most-discussed legislation in Annapolis this year. Although the legislation lost on the very last vote, everyone in Annapolis said an excellent effort was put forth by the Maryland dairy industry and friends of agriculture, according to the Maryland Dairy Industry Association.

The association thanked Governor Glendening for allowing the Maryland Department of Agriculture to support the bill, Secretary Riley and Pat McMillan, who worked hard on all the details, the legislators who supported the proposed legislation, the dairy farmers who went to Annapolis, the Farm Bureau, the milk cooperatives, the processors who supported the bill, the teamsters, the lobbyists, and Ed Fry for being chairman of the coalition committee.

The Maryland Dairy Industry Association said they also appreciated those who served on the Task Force to Study the Maryland Dairy Industry, and spent 13 months attending meetings discussing dairy industry problems.

By the end of the year, the task force realized the Maryland dairy industry needs to be supported by the University of Maryland in the following ways: development of a Business and Management Team Initiative, a Fairness in Milk Marketing Act, Milk Sell-by date regulations, a land use task force, a Milk Futures Education and Training Program, and implementation of an educational and marketing program for on-farm processing of value-added dairy products.

The Maryland Dairy Industry Association will be working with the University of Maryland, the Maryland Department of Agriculture, the Division of Milk Control, and the Maryland Department of Health and Mental Hygiene to address the recommendations of the Dairy Task Force.

In The Bahamas, The Ketch "Beyond" Spreads The Gospel Of SoyDiesel

The ties that bind international sailors into friends include a thirst for adventure bridled by longings for home and the inevitable cycle of maintenance and repair that comes with life on the seas. Now in month eight of a two-year cruise, the Maryland-based ketch "Beyond," with sailors Capt. Jim MacNeil and Rebecca Payne, both of Salisbury, prepares to enter the Caribbean after a long stretch in the Bahamas. Since the start of the journey, Beyond's engine has been burning a blend of petroleum diesel and biodiesel, a soybean oil-based fuel that burns cleaner and increases lubricity.

During the cruise, the sailors have been spreading the word about "BioBooster," as the product is marketed, on behalf of the Maryland Soybean Board and Florida-based biodiesel manufacturer NOPEC Corp. It's been a long voyage already. There have been repairs. Beyond's mainsail was recut in Charleston, S.C., and a failed coupling on the drivetrain stalled them in Florida until parts arrived from overseas. Earlier this month, it was a blessing to consider routine maintenance.

In several weeks at Georgetown, MacNeil and Payne have enjoyed the local hospitality. During winter months, the town of about 800 swells in rank to host almost 500 cruising boats at the height of its season. Daily volleyball matches pit "snowbirds" hailing from the United States and Canada in friendly competition, and a Sunday bonfire and sing-along bond friendships among yachtsmen. Beyond's anchorage, in "Hole No. 1," introduced the crew to many new friends.

One of those was Robert Hailey, who has a 41-foot Morgan Out Island sloop, "Elan," out of Greensboro, N.C.

"We met Robert while island hopping to Georgetown, along the string of small cays in the Exumas," MacNeil said. "He's a mechanic who owned a garage specializing in European cars, especially diesels. He had spent many afternoons volunteering to help other boaters in Georgetown who had encountered myriad problems with their diesel engines. He took a keen interest in biodiesel, and several evenings found us discussing the benefits of this clean-burning additive and alternative to petroleum diesel fuel.

"One night, I was nearing my normal oil change interval and decided to ask him if I was waiting too long to change my oil," MacNeil said. "When I told him I was considering extending the interval because the oil on the dipstick still looked clear, like fresh oil, not thick and black like the oil I had seen on the dipsticks of many engines on which he was working, Hailey couldn't believe Beyond's oil was still clear. He was so skeptical he had to boat over to check the oil for himself, MacNeil says.

"The oil on it was perhaps only a shade darker than fresh oil in the can, and it was definitely transparent. He could not believe that he was looking at oil that had not been changed in over 100 hours of running on an engine no less than eight years old," MacNeil continued.

Because of the high compression under which diesels operate, "blow-by" - when the force of combustion causes exhaust to force past the piston rings and into the crankcase - is inevitable and soon blackens lubricating oil. With biodiesel, cleaner combustion results in cleaner oil, longer. "In the case of an engine burning straight petroleum diesel, the exhaust will make the oil look like roofing tar eventually," MacNeil added.

Farm Safety Day Camp Set For July 26

The third annual Farm Safety Day Camp will be held on Saturday, July 26, at the Garrett County Fairgrounds. The event will be presented by the Agricultural Care and Education (ACE) program of Garrett County Memorial Hospital, the Garrett County Health Department, and the Maryland Institute for Emergency Medical Services Systems (MIEMSS), in conjunction with *Progressive Farmer* magazine and the University of Maryland and West Virginia University cooperative extensions.

The camp will target children and teenagers ages 9-18 who are involved in farming or the timber industry. The day-long event, which will be held from 8:30 a.m. until 4:30 p.m., will teach participants to be aware of safety hazards on farms. Students attending or assisting with the camp may earn credit toward their service learning requirements.

Classes will be age appropriate and will feature interactive activities, according to Mikal McCartney, ACE program director. This year's topics will include a visit through a fire safety house and basic first aid, as well as tractor, highway, and small animal safety.

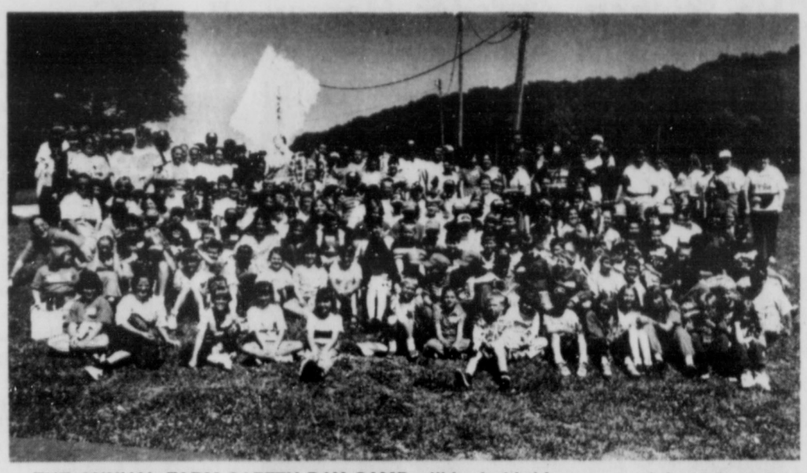

A mock farm accident drill will be held at the end of the day. The public will be invited to this portion of the day. The drill will feature demonstrations of rescue techniques performed by local fire department and emergency squads.

McCartney noted that the continued success of Garrett County's camp is a result, in large part, of community support.

"It takes a lot of people to make the camp become a reality and to keep it operating efficiently throughout the day. This camp would not be possible without the support of our community," she said.

Progressive Farmer is published by the Southern Progress Corporation, which also publishes *Southern Living*, *Southern Accents*, and *Cooking Light* magazines, among many other publications.

The deadline to register for the Farm Safety Day Camp is July 18. A fee of $5 per participant will cover the cost of lunch, snacks, a t-shirt, and a packet of safety materials. For more information or to register or assist with the camp, persons should call Garrett Memorial at (301) 334-2155, ext. 411; the Garrett County Health Department at (301) 334-8111; or the local cooperative extension service.

THE ANNUAL FARM SAFETY DAY CAMP will be held this year on July 26 from 8:30 a.m. until 4:30 p.m. at the Garrett County Fairgrounds. Nearly 200 children and teenagers attended last year's camp, as shown above. The purpose of the event, which is chiefly sponsored by the Agricultural Care & Education (ACE) program, is to teach the young people about the safety hazards of farming. See story.

Hunting Lease Liability Insurance Coverage

I know several landowners who are reluctant to lease hunting privileges because of the potential liability consequences if an accident would occur. The Forest Landowners Association has the most reasonable insurance rates I have found. If you are a member of the association, you can buy a commercial general liability policy for $0.19 per acre. The membership dues are $40 per year. The policy features a $1 million limit per occurrence and a $2 million general aggregate. Also, there is $50,000 fire damage liability coverage. If you would like more information, contact the Forest Landowners Association at 800-325-2954. I have a simple annual hunting lease form available.

Crop Notes

* I have been in three corn fields where wireworms have caused moderate damage to corn plants. Wireworms occur randomly throughout the field. There may be a whole bunch of perfectly healthy plants, then you find a few plants that are much smaller with the leaves dying back. The roots will appear healthy but right at the base of the plant you will find a hole through the plant. Wireworms normally will only damage the young seedling.

* There is quite a lot of root rot in beans this year. If you have plants that are very small and the leaves are very poorly developed you probably are going to find root rot. Pull up a plant. They normally will pull easily because the roots are completely gone. If your loss is at the point that replanting is necessary, use Ridomil PC at 12 oz. of 11G/1000 row ft.

* Are you spraying your tomatoes and potatoes for late blight prevention? Late blight must be prevented. Spray every seven days with Bravo 720 or Manzate 200.

* The Colorado Potato Beetle is already active. As most of you are aware, the beetle has developed a resistance to many of the old insecticides. The insecticide Admire is a new one that is somewhat effective on the beetle. I would alternate Admire with Ambush and rotenone. I would suggest treating the strip around the potato field with the insecticide. Many times the beetle will colonize in the field edge before moving in the potatoes.

In The Bahamas

white T-shirt pinned above a Mack truck next to the thick, black exhaust you see pouring out of the stacks as the 18-wheeler pulls into traffic. That's how diesel oil blackens. If my oil stays so much cleaner while burning biodiesel, imagine how much cleaner the air is."

Thoughts of home emerge upon the sailors even as they relax in the foreign ports.

"During our final days in Georgetown, we enjoyed the frenzy of the annual Family Islands Regatta," MacNeil reported. "People from all over the Bahamas come to enjoy the sailboat races. The colorful Bahamian smacks - small, wooden, traditionally built sloops - from all over the Bahamas participate in these races. The colorful boats carry a huge amount of sail and remind me of a wider version of the log canoes which race in Cambridge and Oxford, Md.

"As with the log canoes, the crew must scurry far outboard on narrow planks, dangling over the water rushing past, in order to keep the boat from capsizing as they heel over in the wind." Almost anything goes in these races, MacNeil added.

"Hard-core yacht-racing enthusiasts from Annapolis would likely find it difficult to adjust to the rules in Bahamian sailboat racing . . . or the apparent lack of rules. No problem, mon, eh?"

The races begin with boats anchored and sails down, he explained - an improvement over years ago when the crew was required to start from shore and swim to the anchored craft.

"When the boats capsize and sink, and some do, the crew will dive down and remove the ballast so the boat swims to the surface," MacNeil said. "If the masts and sails are still up, they sail away, bailing, after marking the spot to return later to retrieve the ballast. The week ends with fireworks and junkanoo, a Bahamian performing art dating from slave times that includes colorful costumes, music and dance."

In mid-May, Beyond left Georgetown bound for the Turks and Caicos, Dominican Republic, and Puerto Rico.

Installation services were conducted by the Rev. Peter Leddy, district executive for the West Marva District Church of the Brethren.

Funeral services for Maud Judy Feather, 90, who died Tuesday, June 17, were at the Maple Spring Church of the Brethren, with Brother Earl McCombs conducting the service. Home for the services were her son, Carl Junior Feather, his wife, and their son Carl, all of Ohio; her daughter, Dorothy Burroughs, Valparaiso, Fla., and her daughters, Nancy and Joann.

Home during the illness of their sister, Janet DeWitt, and for her funeral service, were her brothers, Wendell Waybright of N. Attleboro, Mass., and Glenn Waybright of Leesburg, Fla., and their spouses.

Linda Lewis and her daughter Sara, Eglon, spent Friday to Sunday visiting daughter Emily Lewis in South Charleston, where she moved last week from Dunbar.

Mrs. Marie Teets of Silver Lake went Thursday to the home of her daughter and family, Mary "Bitsy" Shepherd at Salem, Va. Mrs. Shepherd's husband Don has reportedly improved enough from the injuries he received in an automobile accident on June 14 to be at home, and he expects to be a bit more able to get around following the removal of a cast from his leg this week. In addition to head and neck injuries, he also had a broken left arm and an injured hand. Their son John reportedly remains in critical condition in the Roanoke hospital.

The story chronicles the relationship of a mother and daughter from the daughter's childhood through the mother's old age.

The play *Ever After* will be given July 19 and 26. It is the story of a romance between a middle-age man and a younger woman, written by Wheeling playwright Tom Stobart. The actors will be Phil Schenk and Francene Kirk. Both plays are about 45 minutes long.

Preservation Tax Credit Workshop Set In Kingwood

West Virginia's State Historic Preservation Tax Credit coordinator will be in Kingwood on June 30 to provide a workshop on tax credits. Historic buildings can be eligible for preservation tax credits of 20% from federal taxes and 10% from state taxes.

"This little known program can have a big boost to people who restore historic income-producing properties," stated Main Street Kingwood director Bryan Ward. "To be eligible for the tax credits a building must be eligible for or listed on the National Register of Historic Places; it must be used for income producing purposes; rehabilitation work must be $5,000 or more than the adjusted basis; and the project must follow the Secretary of the Interior's Standards for Rehabilitation."

The Standards for Rehabilitation are a general set of guidelines developed by the National Park Service to help the general public and federal agencies with historic properties. "The Standards are established to keep the historic integrity of a property intact. They focus mostly on exterior architectural elements," Ward said.

The credits can be used for exteriors and interiors. Heating systems, roofs, and other interior elements can be used for the credit. "This process is not as difficult as people may think and 30% of the cost can be saved from your tax bill," Ward added.

The workshop will be held on June 30 at 2 p.m. at Mary's Restaurant. For reservations to the workshop, persons may contact Ward at Main Street Kingwood, 329-2717.

Birders Group Co-Sponsoring Mgt. Guidelines

The Maryland Ornithological Society (MOS) Board of Directors voted overwhelmingly on June 14 to co-sponsor the printing and distribution of a Maryland Partners In Flight publication, *Land Management Guidelines for the Benefit of Birds in Maryland*, with a $2,000 grant.

The booklet, designed for owners of medium- to large-sized tracts of land, presents a series of suggestions for wise stewardship of the land for wildlife. A chapter is included in the monograph for each of the following types of habitats: forests, emergent wetlands, grasslands, scrub, and urban/suburban. This groundbreaking work, prepared by the Management Committee of the MD Partners in Flight organization, is currently in final stages of preparation for printing. MOS President Bob Rineer said, "The loose-leaf book will be distributed free of charge to wildlife management professionals and others involved with large-scale habitat management issues."

For further information on this booklet and to put one's name on a list to receive it as soon as it is printed, persons may contact the chairman of the MD Partners In Flight Management Committee, Fred Fallon, at 301-249-1518.

MD Partners In Flight is a local chapter of the international Partners in Flight organization, a group oriented to the preservation and conservation of neotropic migrant songbirds through a comprehensive program of habitat preservation, education, and community activism. Rineer further noted, "The Maryland Ornithological Society is proud to join forces with the U.S. Fish & Wildlife Service, the Patuxent Wildlife Research Center, the Maryland Audubon Council, and the Maryland Department of Natural Resources in supporting the printing and distribution of this comprehensive and well-documented work."

For further information on the Maryland Ornithological Society, an organization which promotes the study and enjoyment of birds, persons may call the sources noted above, or visit the MOS's website at: http//www2.ari.net/saunderf/mos/mos.html.

NOTICE TO PUBLIC
OF FINDING OF NO SIGNIFICANT IMPACT
AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS
TOWN OF DEER PARK

The purpose of this Notice is to identify two separate but relater actions to be taken by the Town of Deer Park.

On or about July 14, 1997, the above named town will request that the Maryland Department of Housing and Community Development release funds under the Small Cities Community Development Block Grant Program to be used for the following project:

Project Title: Town of Deer Park Sewer Project MD-97-CD-19

Project Purpose: Assist income eligible residents with the cost of connecting to the new sewage system

Location: Scattered sites throughout the corporate limits of Deer Park.

FINDING OF NO SIGNIFICANT IMPACT

Notice is hereby given that the above named municipality has prepared an Environmental Review Record on the project described it this notice and has determined that said project will have no significant effect on the quality of the human environment. No further review of said project is proposed prior to requesting the Release of Funds.

The Finding of No Significant Impact is based on the following:

The project involves providing financial assistance to eligible residents of Deer Park for costs associated with connecting to the public sewer system presently under construction in the town. All construction activities are being performed by the Garrett County, Sanitary Commission by contract to a private contractor. Construction standards will be regulated by various permit requirements, and no negative environmental impact is anticipated.

The Environmental Review Record, which documents the Environmental review of this project is available for public examination at the Town Hall during normal business hours or by request.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments respecting the environmental impacts of the described project to the offices of Deer Park and to the Department of Housing and Community Development. All such comments must be received no later than July 14, 1997. All comments will be considered and the Town will not request the release of funds nor take any action on the project prior to this date.

REQUEST FOR RELEASE OF FUNDS

The Town will undertake the project described above with Small Cities Community Development Block Grant Funds. This Notice also certifies that Gary R. Hinebaugh, serving in the official capacity of Mayor, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision making and actions; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the Town may use the CDBG funds and the Maryland Department of Housing and Community Development will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

OBJECTIONS TO RELEASE OF FUNDS

Objections to the release of funds will be accepted by the Department of Housing and Community Development only if it is on one of the following bases: (a) that the certification was not in fact executed by the certifying Officer; or (b) that the Town's Environmental Review record for the project indicated omission of a required decision, finding, or step applicable to the program in the environmental review process; or (c) no opportunity was given to the Advisory Council on Historic Preservation or its Executive director to review the effect of the project on a property listed on the National Register of Historic Places or found to be eligible for such listing by the Secretary of the Interior, in Accordance with 35 CDR part 800; (d) Objections by a Federal Agency. Summer of '97 Is Here!

There are few places in the country that offer any more than Garrett County does in the way of recreation, entertainment, and beautiful scenery, and with the arrival of the summer of 1997, we have published another issue of our Summer Sensations. This publication will appear not only as an insert in *The Republican*, but also on newsstands all over the county throughout the summer months, particularly for the benefit of our visitors.

These 72 pages also offer valuable information about fine dining, real estate, shopping, historical locations, state forests and parks, and numerous goods and services that are available on the Mountaintop, not only to our guests, but also to our fulltime residents.

Some of our information was gleaned from the pages of the Deep Creek Lake-Garrett County Promotion's Council's Vacation Guide, and we extend our appreciation to that staff for providing it. We believe that the promotion of our county must be a team effort, for the economic proceeds from tourism, our number one "industry," benefits each and every resident of our county.

To the fulltime residents of Garrett County, we wish you a healthy and prosperous summer season; and to our visitors, we extend a hand of friendship, hope you thoroughly enjoy all our county has to offer, and trust that you will come back and see us again real soon!

Plans Finalized For 20th Annual Grantsville Days

A celebration in this small town of nearly 600 residents might mean an afternoon of good food cooked on a barbecue with games and fun for all. But in Grantsville, over the past 19 years, one weekend has evolved into a weekend of fun beginning with a fireman's parade on Friday night and ending with a horse pulling contest on Sunday afternoon. But why do over 14,000 people now attend Grantsville Days? It could be the locally prepared, absolutely non-commercial foods centered around the Grantsville Lions Club chicken BBQ. Or, it could be the 2 great nights of fireworks. More importantly, it could be the variety of free entertainment that is continuous from Friday night at 8:30 p.m. to Sunday afternoon at 4 p.m. that draws residents and visitors to the Town Park the last weekend of June.

This year is the 20th anniversary of the local homecoming weekend. The Grantsville Lions Club, which coordinates Grantsville Days, recently announced several new sponsors and events to mark the special anniversary to be held on June 27-29 in Grantsville.

Farmer's and Merchants Bank of the Cumberland area is donating $1,000 to become a major contributor and sponsor of the Grantsville Days Parade. It is also sponsored by the Grantsville Volunteer Fire Department, which coordinates the parade, and the Grantsville Lions Club. According to Duane Stein, parade chairman, "this year's parade should be bigger and better than ever" with nearly 200 entries. Applications have already been sent out, but if you haven't received one yet, call him at 301-895-4337. Trophies and cash prizes will be awarded to fire trucks, floats, and bands. Events at the park after the parade will include the Perry Kamp Band sponsored by Hilltop Delite, midway games by the Grantsville VFD, craft and novelty vendors, and foods prepared by local non-profit groups including Lioness Club, church groups, scouts, and others. A new moon bounce is one of the features this year for kids. The grand finale for the evening will be a huge fireworks display at 10:30 p.m. sponsored by Grantsville Foodland.

The events on Saturday begin with a Grantsville Days Breakfast being served at the new Grantsville Senior Center from 8-11 a.m. The Lions Chicken BBQ starts at 11 a.m. and the entertainment blasts off at noon with bluegrass music, sponsored by Beitzel Corporation, a new sponsor this year.

Also new this year will be the A-B Jazz Combo, which starts at 3 p.m. and is sponsored by Newman Funeral Homes and Hilltop Fruit Market. A Western Line Dance Demonstration sponsored by Summers Auto Parts will be held at 5 p.m. by the Back to Country dancers of Grantsville. The final entertainment for the day will be Heart 'N Soul from 7-10:30 p.m., sponsored by Yoder-Hershberger Insurance, Billy Bender Chevrolet, Hey, Pizza!, and Grantsville Market/Keyser's Ridge Truck Stop.

The biggest fireworks display ever held during Grantsville Days will start at 10:30 p.m. and is sponsored by several new sponsors: Brant's Home Sales, Keystone Lime Co., and New England Truss & Joist Co. Also sponsoring the fireworks are annual sponsors Diehl Ford Sales and Tom and Pat Schroyer. Games during the day include a tennis tournament at 10 a.m. sponsored by the Grantsville Holiday Inn. Entries can be made by calling Linda Wengerd at 301-895-3440.

A basketball tournament sponsored by Phenix Services Corp. is scheduled for 1 p.m. Information can be obtained by calling Paul Edwards at 301-895-4255. Children's games sponsored by Northern

A Great Place to Spend an Afternoon!

"HEY, YOU TWO, YOU'RE BREATHIN' DOWN MY NECK HERE," says the mini mini-golfer who seems to be somewhat crowded by his two companions as he takes a swing. Miniature golf is a popular pastime in Garrett County, with at least four courses available around Deep Creek Lake. There are several regular golf courses (the ones with no windmills) in Garrett County where the novice can learn and the pro can be challenged. Check the Yellow Pages for more information.

Garrett Lakes Arts Fesitval Again Hosting Top-Notch Entertainment

Building on an 11-year history of celebrating the arts in the local area, the Garrett Lakes Arts Festival (GLAF) is once again presenting a summer of wonderful and varied events for the entire family. The series is well underway, with the tunes of the Tommy Dorsey Orchestra still echoing in the guests' memories, as well as the laughter elicited by the musical *Nunsense*. Several events are yet to come, including the well-known Chautauqua, a unique celebration of local heritage, a performance of barbershop music, an evening with an African ensemble, the renowned Symphony at Deep Creek, and the Navy band "Country Current." Various writing workshops are also on the agenda.

Tickets for the events are generally $8 for adults and $4 for those 17 and younger. The Navy band event will be free, and the symphony series tickets will be priced at $12 for adults and $6 for youth. Tickets are available prior to the events at the GLAF box office, located at Garrett Community College (GCC), phone number 301-387-3082, as well as at the following pharmacies: Beachy's (895-5177), Englander's (334-9455), Gregg's (334-2197), and Deep Creek (387-5300).

A Variety Pass may be purchased at $40-adult and $20-youth which will be good for six admissions to the generally priced events. A Symphony Pass will be available for $35-adult and $18-youth, which purchases four admissions to the classical music series. All events are handicapped-accessible (persons should call for special needs). The events have been sponsored individually by area businesses and individuals, and have also been funded in part of the Maryland State and Garrett County arts councils.

Schedule Of Events
"Literary Maryland"
Chautauqua

IT TAKES A TALENT TO APPRECIATE TALENT - The look of admiration in this young woman's eye says it all. Although the object of her attention may have more experience, she must be a pretty good fiddler too, judging by the company she keeps. Garrett County summers are rich in the music of the mountains, as our rural heritage is as much bluegrass as it is blue sky. One way to enjoy the best of bluegrass is at the annual Friendsville Old-Time Fiddlers' and Banjo Contest, just one of the many activities that will make the 1997 Friendsville Days Celebration, scheduled for August 1-2, one to remember. This year's festival will include music, games, contests, and a parade.

Summerfest, Quilt Show Slated At Artisan Village

Spruce Forest Artisan Village of Grantsville, has scheduled its activities for the 20th Annual Summerfest and Quilt Show, which will be held Thursday, Friday, and Saturday, July 10-12.

There will be a nominal admission charge per person and children ages 13 and under will be admitted free. All proceeds from the festival benefit the artisan village, which is a nonprofit organization celebrating its 30th anniversary this year.

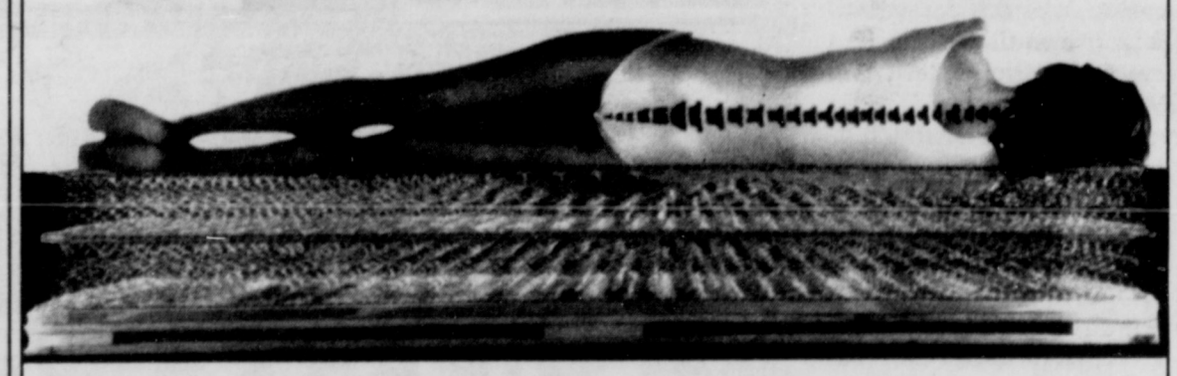

Once admitted to the festival, participants are entitled to a casual stroll through the 75-year-old spruce forest, door prizes, self-guided tours through the log cabins of the village, continuous entertainment in the village church, strolling musicians, food concessions and nonalcoholic beverages, and shuttle bus transportation around Grantsville.

The shuttle bus will make stops about every twenty minutes, with drop-off and pick-up spots at Spruce Forest Artisan Village, Penn Alps Restaurant and Crafts Shop, Four Seasons Stitchery, and Yoder's Country Market, all

Some of the events on tab for the day include a Beautiful Baby contest, a Barbecue Cooking contest, a Biggest Fish contest, a Watermelon Eating contest, and everyone's favorite, the Greased Watermelon contest.

Schools To Become Summer Rec. Centers

Drop-in recreation centers will open in July at several schools around the county. Though most of these sites will offer activities for students, two locations will be accessible to adults as well.

The summer activities at each school will be supervised by board-certified instructors. Open playgrounds will be held at Accident, Broad Ford, Kitzmiller, and Route 40 elementary schools. The Route 40 school will also provide an open library. Grantsville Elementary School will offer computer studies.

Both Northern and Southern high schools will have open weight rooms available to adults as well as students.

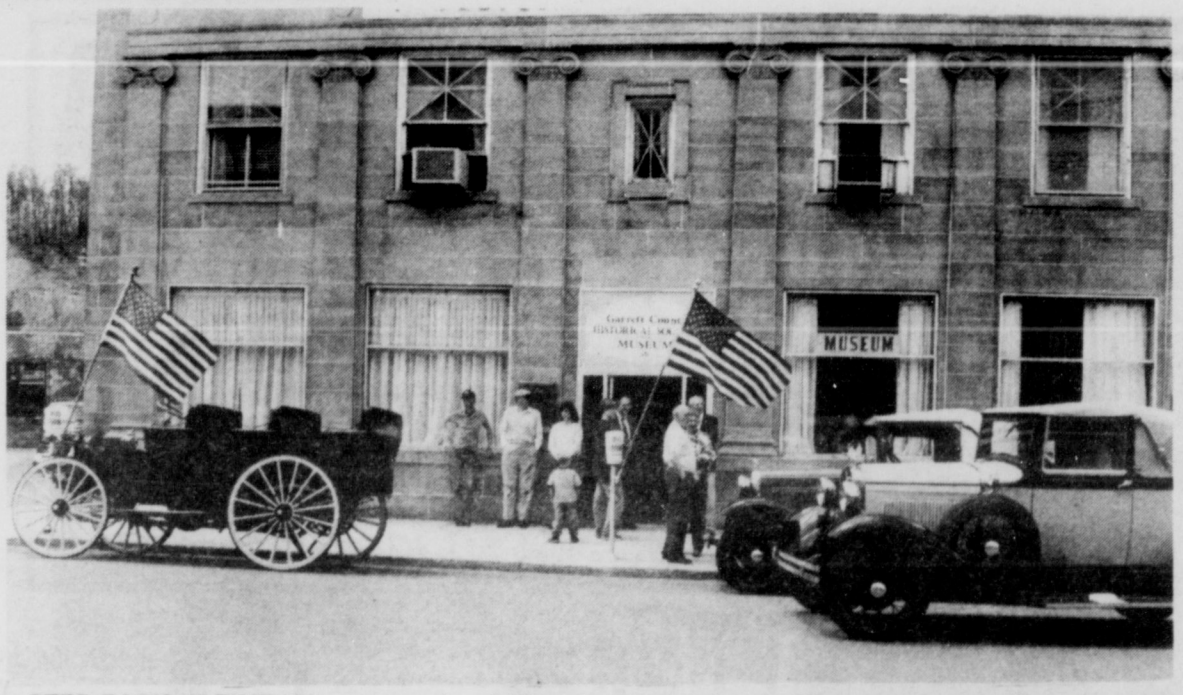

All these programs are offered free of charge to county residents. Those attending will be required to fill out registration forms providing emergency information.

Dates and hours of the programs will be available soon.

ERICK FRIEDMAN
Violinist, Conductor

Symphony at Deep Creek enters 11th season

Garrett Lakes Arts Festival's ever-popular Symphony at Deep Creek will return to the area again this August, presenting four programs to delight lovers of classical music as well as newcomers to the genre. Grammy Award winner Erick Friedman, world renowned violinist and Symphony at Deep Creek musical director, has announced that pianist Dr. Robert Blocker, dean of the Yale Department of Music, will appear as a soloist during the series, which is slated for August 15, 16, 22, and 23 in the Garrett Community College theatre.

Friedman will also perform as soloist, as will violinist and concertmaster Boris Kucharsky and euphonium maestro Dr. Neal Corwell. Additionally featured for the second consecutive year will be Lanfranco Marcelletti Jr., conductor of the Naugatuck Youth Symphony in Waterbury, Conn., as guest conductor. Several "regular" members of the symphony will return as well, performing the music of Mendelssohn, Bizet, Stravinsky, Haydn, Beethoven, and others. A commissioned work by Corwell, titled *Black Moon Rising*, will be premiered.

"We are very excited about this year's series, and are especially thrilled to welcome Dr. Blocker," said Mountain Lake Park native Kathryn Sincell, executive director of the Symphony at Deep Creek. "We've been encouraged over the past several years as the audience

size has grown exponentially."

Indeed, according to a GLAF spokesperson, the audience size has increased from around 30 to 40 guests for the first year's concerts to a sell-out crowd last summer. The musicians are housed with families each year and many true friendships have been born. The assistance of local residents has increased over the years, too, with many helping to feed the performers each day of their stay, or offering to entertain the group in some Garrett County fashion.

"We could certainly never do this without the people of the county," Sincell said. "Or without the fantastic work of Erick Friedman, who consistently attracts world talent right here to the GCC stage."

World talent will certainly be present in the form of Dr. Robert Blocker, who will present Beethoven's *Piano Concerto No. 3 in c minor, Op. 37*, during the August 22 concert.

Blocker began his musical studies with Louise Mathis in Charleston, S.C., at the age of 5. His debut came 10 years later with the Charleston Symphony Orchestra in the historic Dock Street Theater. In the ensuing years, he has presented concerts throughout the United States, Europe, Mexico, China, and several Pacific Rim countries.

Blocker has received critical acclaim for his performances, with recital appearances and orchestral engagements winning him a large and devoted audience. According to critics, he possesses a range of artistry that moves from poetic introspection to bold virtuosity.

The recipient of numerous prizes and scholarships, Blocker completed his undergraduate studies at Furman University. He earned both the master of music and doctor of musical arts degrees at the University of North Texas, under the tutelage of the eminent American pianist Richard Cass.

Dr. Blocker's honors include South Carolina's Order of Palmetto, Baylor University's Outstanding Professor Award, the National Piano Foundation's Artist Teacher

Dean of the Yale School of Music since September 1995, Blocker was previously dean of the University of California in Los Angeles's School of the Arts and Architecture. He has served as a consultant to major educational institutions and agencies, is a frequent speaker at professional conferences for the arts and higher education, and has published articles in several national journals.

Erick Friedman is dubbed a virtuoso and a genius among his colleagues. He is an instructor at Yale and was himself a student of world celebrated violinist Yasha Heifitz. Many of the musicians who return each year come mainly for the purpose of playing with such a remarkable talent. During the festival weeks, Friedman also shares his famous technique with some of the younger players in master's classes. the 1997-98 season. He earned a master of music degree from Yale in 1996, and an Artist Diploma this spring.

This festival will mark the fourth consecutive appearance of composer/performer Neal Corwell, who recently earned his doctorate of musical arts from the University of Maryland. Commissioned to compose a piece especially for the Symphony at Deep Creek, Corwell has responded with his work *Black Moon Rising*, which will be performed by several members of the orchestra on Saturday, August 23.

After nine years as a featured soloist with the United States Army Band "Pershing's Own" and seven years as an adjunct faculty member at two colleges teaching low brass and electronic music, Corwell now freelances as a composer and euphonium soloist. He is a member of *Symphonia*, a professional tuba-euphonium ensemble chosen from the nation's finest low brass performers. He has toured Japan and most of the United States as a guest euphonium artist. He will be featured as both soloist and composer at several international music conferences this year, to include an appearance in Riva del Garda, Italy.

The Symphony at Deep Creek concert schedule is as follows, with each show beginning at 8 p.m. in the GCC theatre:

THE WAY WEST passed right through Garrett County for decades, as the old National Highway, now known as U.S. Route 40, has traversed the northern end of the region since colonial times. Short, white, obelisk-shaped mileage markers can still be seen in several places along the road, and travellers such as these hardy souls pictured above would have marked the miles by their black cursive lettering denoting the distance to Wheeling, W.Va., and the free-flowing waters of the Ohio River. If the day was growing late, or they were getting hungry, the old-timers may have stopped for rest and refreshment at the Casselman Inn, on Route 40 in Grantsville. The historic hotel still hosts weary travelers today, providing hardy home-cooked meals and gracious accommodations for all, from these horse-drawn wagon masters to Streamline trailer skippers.

There's only one thing more important than service.

The ability and desire to maintain it throughout the years.

Some banks think that's old-fashioned. We don't.

At The Terra Alta Bank, we believe that the better we know our customers, the better we can serve their individual financial needs. Although we have one of the newest banking facilities in the area, we still believe in the old-fashioned way of doing business. You get fast, friendly, personal service at The Terra Alta Bank.

We don't treat you like a number, we treat you like family.

SOME SHEEP MARCH TO THE BLEAT OF A DIFFERENT DRUMMER must have been the motto of one contrary contestant in the 4-H judging at the Garrett County Agriculture Fair. Livestock judging is just one of the many attractions at the week-long event, slated for August 10-16 at the Garrett County Fairgrounds in McHenry along Route 219. Several of the huge exhibition buildings are filled with the sights and sounds of Garrett County's finest farm animals, kept cool, content, and extremely clean by their proud owners, who are happy to share their secrets of successful farming with politely curious citizens. The area's rural legacy is one that local residents, farm and town dwellers alike, are justly proud of, and work hard to continue for future generations to enjoy.

ACTION ABOUNDS during a practice of one of the 42 youth soccer teams of the Mountaintop Soccer Association (MSA), as this coach takes what is likely a well-deserved mental break. Nearly 500 local girls and boys between the ages of 4 and 14 participate in the MSA, honing their skills in the world's most popular sport, and having a lot of fun to boot (pun intended). The MSA will also sponsor a soccer day camp, slated for the week of July 28 through August 1, with instruction provided by British coaches. For more information on the camp, persons may call 301-334-1021 or pick up an application at any branch of the Ruth Enlow Public Library.

Wheeling Sym. To Perform At Canaan July 5

The Tucker County Arts Council is making final preparations for the Seventh Annual Celebration of the Arts set for Saturday, July 5, at Canaan Valley State Park, Davis, W.Va. The Celebration of the Arts music festival is free to the public and is sponsored by the Tucker County Arts Council, with funding from the West Virginia Division of Culture and History and the National Endowment for the Arts.

The program will begin at 4:30 p.m. with The Appalachian Jazz Project, a local favorite quartet who formed their group after playing together in college. Instruments include saxophone, bass, guitar, vibes, and drums. The band mixes many styles of jazz when performing and, as their name indicates, they set Appalachian folk music into a jazz style.

The Wheeling Symphony, under the direction of Mae-

Interesting Places To Visit

BACKBONE MOUNTAIN -- At an elevation of 3,360 feet, this is the highest point in the State of Maryland, located in the southern portion of the county at the crest of the Alleghenies. The mountain is crossed by U.S. Route 50, and the highest point is noted by an historical marker on the northern side of Route 50 just east of Red House.

BEAR CREEK FISH REARING STATION -- The history of Garrett County is closely associated with its excellent trout fishing. Since the early 19th century, sportsmen have come to the area for trout. Many records of phenomenal catches still exist. At the Bear Creek Fish Rearing Station on the Bear Creek Road near Friendsville, visitors can see the future catches in all stages of growth, from fingerlings up to 14-inch prizes. The pools are located in a green glade with large trees.

BROADFORD RECREATION AREA -- A delightful park outside Oakland in Mtn. Lake Park off Pittsburgh Avenue, this area boasts a 138-acre lake with 700 feet of beach. There is a bath house, concession building, boat ramp for rowboats, and extensive picnic grounds. The emphasis is on swimming, picnicking and fishing.

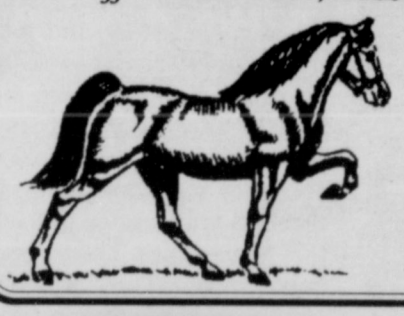

Owned and operated by the town of Oakland, a nominal admission fee is charged and planned activities and events are held each weekend throughout the season.

THE COVE -- Traveling on Route 219, you can see a panoramic view of one of the finest farming districts in the area. At a 2,800-foot elevation on

the highway, the cove appears to be a huge amphitheater, surrounded on all sides by mountain ranges. Farms are laid out in soil-conserving contour strips. During the spring, summer and fall, an artist's painting could not be more picturesque. If traveling south from Interstate 68 on Route 219, the Cove scenic overlook is located on the right just a few miles north of Accident. The view is highly recommended.

CRAFTS -- In recent years, there has been a resurgence in the popularity of original crafts and hand-crafted items. There are many places in Garrett County which serve as outlets to countless area craftsmen. All are open to the public and you are encouraged to visit and see examples of original hand-crafted items. Demonstrations of various crafts are scheduled throughout the year at the Spruce Forest Artisan Village near Penn Alps in Grantsville, where examples of weaving, woodworking, wood carving, clock making, casting and forging, as well as many other crafts are demonstrated. Local craft outlets are listed in the Directory of Services.

THE CRANESVILLE, SUB-ARCTIC SWAMP -- One of nature's natural phenomena, the swamp covers over 500 acres of land which sprawls across the boundaries of Maryland and West Virginia. Formed during the Ice Age, this remnant of boreal forest produces growth normally found only in arctic regions and offers geologists, biologists and nature buffs the opportunity to observe many rare species of flora and fauna. The swamp is a true bog and during the wet seasons, traveling to the interior is nearly impossible. Visitors may view the perimeter of the swamp from public roads. A boardwalk has been constructed for easy visitor access. To preserve the fragile ecology of the swamp, visitors are requested to remain on the boardwalk or designated paths and removal of plants and animals is prohibited.

To reach the swamp from Oakland, follow Liberty Street out of town past the Oakland Railroad Station; this becomes the Herrington Manor Road. Go approximately 6 miles and turn left on the Cranesville Road; go 4 miles and just past the Bell Ringer Originals In Wood, turn left on the Lake Ford Road at a sign marked "Cranesville Swamp Nature Preserve;" after traveling on this road approximately 2/10 mile, bear right at the fork onto another dirt road; in another 2/10 mile, turn right onto the dirt driveway and follow the driveway past the Preserve entrance sign and turn right into the parking area. To reach the boardwalk, walk past the entrance sign and follow the marked trail under the electric power lines. The swamp is now owned by The Nature Conservancy, 2 Wisconsin Circle, Chevy Chase, MD 20815.

DEEP CREEK LAKE -- Vacationers will find Deep Creek Lake the center of Garrett County's recreational attractions--the most ideal spot for a summer or winter vacation. The largest freshwater lake in Maryland, it is 12 miles in length with a shoreline of 65 miles covering nearly 3,900 acres.

Built in 1925 by the Youghiogheny Electric Company, the lake was purchased by the Pennsylvania Electric Company in 1942. In July of 1980, the lake and buffer strip were leased to the Maryland Department of Natural Resources to be managed as a public recreational resource. Entitled Deep Creek Lake NRMA, it is managed by the Maryland State Forest and Park Service--Public Lands.

A wide variety of activities abound, including boating, water skiing, fishing, swimming, hiking, picnicking, sail-

OLD GLORY LEADS THE WAY, as some of Garrett County's finest young people strike up the band. Beginning on Memorial Day, summer parades and events dot the landscape each patriotic holiday, including the Fourth of July and Labor Day, as well as home-grown celebrations such as Grantsville Days, Friendsville Days, and the annual Autumn Glory Festival, to name a few. These celebrations remind one that these holidays are not just for relaxing, but for remembering as well. This year's festivities also include Accident's Fourth of July Homecoming, a premier attraction of the historic town, centrally located in the county along Route 219. JENNINGS RANDOLPH LAKE -- Located southwest of Bloomington, Maryland. The dam is the third largest of its type east of the Mississippi River. Construction was completed in 1981. The lake is located in Garrett County, and Mineral County, West Virginia, and the dam is built across the North Branch of the Potomac River eight miles upstream from Bloomington.

The lake is designed to provide water quality and flood control, water supply and recreation. The full recreation lake has a surface area of 952 acres, a shoreline of 13.6 miles, and extends upstream from the dam for 5½ miles. Several recreation areas have been developed on the south side of the lake, including campsites, picnic tables and boat ramps. Access to the two Maryland overlooks is from Route 135 along Chestnut Grove or Walnut Bottom Roads. The West Virginia overlook and observation tower, site of the "Waffle Rock," a unique geological feature with a pattern created over 300 million years ago, is accessible from W.Va. Route 46.

MAPLE SUGAR -- Sugaring is older than the history of our nation. Indians tapped the trees long before the white man arrived. The art of sugaring is still practiced in Garrett County, basically unchanged from Indian days. Although one may see tractors instead of horses, the production techniques are much the same. In spite of the fact that a maple must be 40 years old before it can be tapped, many groves still exist in Garrett County. One of the most beautiful is Brenneman's Grove, located near Bittinger. Sugaring takes place in the late winter or early spring and authentic Garrett County maple products are available from several stores in the area.

MUDDY CREEK FALLS -- Muddy Creek Falls is in the Swallow Falls State Park within the Garrett State Forest. At 52 feet, it is the largest waterfall in the State of Maryland, and an area of scenic perfection. Framed by tall

stra Rachael Worby, is once again the featured performance for the celebration. Over the past six years, thousands of music lovers have come to hear the Wheeling Symphony in the natural amphitheatre near the ski area in Canaan Valley State Park. The symphony will begin its performance at 6 p.m.

Four Tucker County High School students will be performing at select times during the program as well. Seniors Corey Cosner and Michelle Hedrick, junior Devon Snider, and sophomore James Leard were chosen because of their talent and achievements.

This year's emcee will be Terry Marchal, an editor and humor columnist with *The Charleston Gazette* and a veteran of community theater in the state.

Those attending the Celebration of the Arts are encouraged to bring lawn chairs, blankets, sunscreen, and a jacket for the evening after the sun goes down. Guest Services, Inc., will offer concessions on site with hamburgers, hot dogs, and soft drinks available. The stage and dining areas will be covered during the celebration, and the event will take place rain or shine.

Anyone requesting additional information on the Celebration of the Arts may call the Tucker County Convention and Visitors Bureau at 800-782-2775.

Native American Pow Wow Returning To Garrett County

TRADITIONS ARE KEPT ALIVE for many diverse peoples in Garrett County, including our original residents, Native Americans. An authentic Native American Pow Wow, presented by Ezra Fields, is slated for July 5-6 at the Garrett County Fairgrounds in McHenry, providing both residents and visitors the opportunity to appreciate and learn from the noble legacy of the first Americans, who once thrived in a village near the current site of Friendsville, among others. Authentic food and crafts will be available for purchase, as well as pottery and the work of silversmiths. The many demonstrations include tomahawk throwing and dancing, all for an admission fee of $5 for adults and $3 for children 5-12. Children under 5 will be admitted free.

HISTORY LOOMS IN EVERY ROOM of the restored pioneer buildings in The Spruce Artisan Village, just east of downtown Grantsville on the old National Highway. Weaving the threads of yesterday into today, the steady rhythms of these fabric-makers are joined by many other talented craftspeople displaying their skills and wares daily in original log cabin buildings, some nearly 200 years old. Blacksmithing, tinsmithing, quilting, pottery-making, and wooden duck decoy-making are just a few of the activities one can observe these, especially during the 20th Annual Summerfest and Quilt Show at Penn Alps, slated for July 10-12. Guests can enjoy the living history village that recreates the days gone by when Garrett County, still a frontier in spirit, was the frontier in fact.

IT HELPS TO KEEP YOUR EYES OPEN, whether swinging away or watching from behind the backstop. If not, you might miss one of the many ball games that are played in nearly every Garrett County town throughout summer evenings and weekends. The national pastime is alive and well on the many diamonds in the area, as youngsters of all ages play in leagues ranging from tee-ball to old-timers softball. The many youth teams, coached by men and women who generously give of their time to teach the fundamentals to beginners such as this tiny rookie, act as a farm system to provide a talented pool of future stars for stellar baseball programs at Northern and Southern high schools, and Garrett Community College.

steep slopes covered with giant hemlock, it is an area of noble primitiveness.

The land beside the falls is the site of the 1918 camp of pioneer motor tourists, Henry Ford, Thomas Edison and Harvey Firestone. These three titans of American industry, who had the world to pick from, chose to come to this site when they wanted to enjoy themselves. The site of the camp has been marked. The trio returned in 1921.

Situated in a cool, towering forest, the area has complete facilities for camping and picnicking. This 52-foot cataract is highly recommended to the nature lover and camera buff.

PENN ALPS -- Penn Alps is an organization dedicated to serving residents of the Allegheny Mountains, with Garrett County lying in the heart of the area served. It operates the largest handicraft marketing facility in this mountain region, in conjunction with a restaurant containing five dining rooms. The Alpine Room, which was added in 1969, is graced by a huge fireplace of stone dressed in 1818, exposed beams and bay windows green with plant life. An upstairs dining-conference room was restored in 1988 to its original 1818 log structure. It is also the home of the Penn Alps Summer Concert Series.

Situated on U.S. 40, just east of Grantsville, Penn Alps is conveniently located for tourists and has ample parking facilities. From late May through October, handicraft demonstrations and classes dot the large Spruce Forest Artisan Village next door.

SAILBOAT RACES -- During the season, Memorial Day to Labor Day, races are held every Saturday and Sunday on the southern part of Deep Creek Lake, and may be viewed by spectators in boats in that area. Even if you are not a participant, the view of dozens of sailboats skimming the lake in competition, with multi-colored spinnakers flying is breathtaking. In addition to the weekly series, regattas are held for Flying Scot and Laser class sailboats at the local, district, and national levels. Garrett County is the home of Flying Scots, Inc., formerly the Gordon Douglass Boat Company, established by the late Gordon K. Douglass, one of America's foremost sailboat designers, who designed the Thistle, the Highlander, and the locally-built Flying Scot sailboats.

SAVAGE RIVER & RESERVOIR -- A most aptly named river. For the whitewater paddler, the Savage is narrow, mean and harrowing and almost completely whitewater for 5½ miles. The road from the Savage River Dam to Bloomington parallels the river for most of the run.

One of Maryland's largest, the Savage River Dam is 1,050 feet long, rising 184 feet above the stream bed. Stream flow from the dam is controlled by a concrete-lined tunnel 10 feet in diameter and 170 feet long.

This was the site of the 1989 Whitewater World Championships featuring participants from more than 20 countries around the world, the U.S. Canoe & Kayak Team Olympic Trials in May 1992, and will also host future international whitewater races.

The Savage River Reservoir provides excellent fishing year-round.

SPRUCE FOREST ARTISAN VILLAGE --Original log cabins, as well as numerous other rustic structures, comprise the Spruce Forest Artisan Village, located next to Penn Alps on Route 40 east of Grantsville. Schedule Is Announced For 1997 "Literary Maryland" Chautauqua

The schedule of workshops and evening performances for the 1997 Chautauqua "Literary Maryland" at Garrett Community College next month has been announced by the Maryland Humanities Council. As in years past, workshops will be held at various community locations where members of the audience can meet and mingle with great writers of Maryland's history, and evening performances will be under the tent on the college campus.

The first workshop, "Storytelling and Its Connection to Ancestry and the Community," will be conducted by Phyllis McEwen portraying Zora Neal Hurston at 2 p.m. on July 2, at the Ruth Enlow Library in Accident. At this workshop, Ms. Hurston will demonstrate the importance of storytelling as a way of connecting to the past and to the community.

Three workshops have been scheduled for Thursday, July 3. At 10 a.m. in the art gallery of Garrett Community College, Doug Boulter portraying Edgar Allen Poe will discuss some of the writer's less familiar poetry in the workshop titled "Poe's Other Poems." At 11 a.m. at the Grantsville Senior Center, Joan Lynn Miller portraying Gertrude Stein will discuss the people and art works that flowed through Stein's home in Bohemian Paris. Her workshop will be titled "Gertrude Stein's Salon." A workshop titled "A Few Moments with Mr. Mencken" is scheduled for 2 p.m. at the Friendsville branch of the Ruth Enlow Library. At this time, John Dausch as H.L. Mencken will share stories about the sage of Baltimore's life as a journalist and writer.

The evening performance on July 3 will begin at 7 p.m. under the tent at GCC. Following an opening performance by the GCC Pipes and Drums, F. Scott Fitzgerald and Zora Neal Hurston will speak in a program moderated by H.L. Mencken.

A workshop titled "Inside the Mind of F. Scott Fitzgerald" is scheduled on Saturday, July 5, at 10 a.m. in the studio theatre at Frostburg State University. At this time Michael McCarthy portraying the famous author will read passages from Fitzgerald's work that illustrate recurring themes and reflect experiences from his life.

The Saturday evening program will begin at 7 p.m. with a performance by the Marsh Mountain Consort. Following the musical opening, H.L. Mencken will host a program by Gertrude Stein and Edgar Allen Poe.

All of the Chautauqua programs and workshops are open to the public and free

THE REPUBLICAN

THE TOWN OF ACCIDENT-FLOWERY VALE -- Accident is located on busy Route 219 about 5 miles north of Deep Creek Lake in a scenic farming valley dating back to 1800. The oldest known structure-- the Drane House-- has been restored. Sites of the two earliest frame structures used by Lutheran congregations for church services have been marked by stone markers in Zion Cemetery and St. Paul's New Cemetery. The 75-year old yellow brick schoolhouse is now a handsomely remodeled complex, comprising the Flowery Vale Senior Center and Valley View Apartments.

A lovely park and picnic pavilion, plus Town View Village, another apartment complex for the elderly, occupy the site of the famous Speicher Horse Barn which housed imported Belgian and Percheron horses. The historic Kaese's Mill still stands along the Bear Creek-Fish Hatchery Road, appearing much as it did when constructed in 1868.

Accident has traditionally observed the Fourth of July with picnics going back before 1900. It is the main event that serves as Accident's Homecoming Day, drawing large crowds of relatives and former residents. Grocery stores, library, post office, doctor and dentist, churches, garage and automobile dealership, service stations, schools, public water and sewerage systems, well-kept private homes, and excellent roads provide the elements that make Accident a most desirable rural village.

B&O RAILROAD STATION IN OAKLAND -- One of the oldest stations in the country, this Queen Anne-style station was built in 1884 after the B&O had developed a resort clientele for Oakland and Garrett County. The ground the station stands on was used by the B&O Railroad as early as 1851.

The Oakland station is now in the National Registry. It is distinguished by its incised brick, picturesque massing and the mixing of building materials characteristic of this disappearing building style. It was built by the Baltimore firm of Baldwin and Pennington, which constructed a similar station in Laurel, Maryland in 1884.

It is located in Oakland, near the intersection of Second and Liberty streets.

BRADDOCK'S ROAD -- Built by British General Edward Braddock's army in 1755, under the direction of the aide-de-camp George Washington, the road really is an improvement of the old Indian route, Nemacolin's Trail. The General died along this route while retreating from near Fort Duquesne (Pittsburgh) to Fort Cumberland, after a crushing defeat by a small force of French and Indians.

Braddock's Road became a major route west until it was abandoned in the 19th century with the construction of the National Road (Route 40).

The Road is most readily identified at Little Meadows, one of Braddock's most important encampments and a site often used by George Washington. It is about four miles east of Grantsville on the north side of U.S. Route 40.

IT COULD BE IRELAND, IT COULD BE ENGLAND, but no, it's right here at home in Garrett County. Thousands of square miles of lush green fields provide pasture for many varieties of local livestock and wildlife, and one can be replenished by drinking in the pastoral scenes of farms, fields and streams. Equine beauties such as these shown above are not just for admiring from afar, however, for the area has at least three riding stables offering horse rides and related activities.

CASSELMAN HOTEL -- The Casselman Hotel commemorates the great days of the National Pike. Located on Main Street (old Route 40) in Grantsville, the hotel, still in operation, was first opened as a drover's inn in 1824. Many of the early features of the building have been preserved; to the modern traveler, the hotel offers all of the modern conveniences. The hotel has been in operation for over 170 years and is one of the outstanding landmarks within Garrett County's boundaries.

THE STEYER FAMILY KNOWS THEIR STRINGS, and you can learn about them, too, at the Garrett Lakes Arts Festival's celebration of Garrett County musical heritage. "Front Porch Pickin'" will be presented on Saturday, July 12, at 8 p.m. on the GCC stage. Gary, Karen, and Katie Steyer play bass, guitar, and fiddle and will be a part of the evening of stellar local talent. A 13-year-old musician, Katie is learning old-style fiddling. The family also sings a variety of songs learned from Katie's grandmother. See story for more details.

BRIDGE -- At the time of its construction, this was the largest single-span stone arch bridge in the United States (80 feet). Built in 1813 of beautiful native Western Maryland stone, it served traffic on the nation's first Federal highway.

Once a part of the National Pike running between Cumberland, and Wheeling, W.Va., it provided an improved method of transportation for drovers, freighters, wagoners, horsemen, stagecoach passengers and pedestrians when the western frontier was the Alle-

WHAT WOULD *YOU* CALL KIDS DRESSED AS COWS...*KALVES*? - These bovine wanna-be's are decked out for the Garrett County Agriculture Fair, coming August 10-16 to the Garrett County Fairgrounds, on Route 219 in McHenry. Now in its 41st year, the Fair features a carnival with a large midway, country-music shows, a demolition derby, four-wheel drive pickup pulls and mud bogs, and, of course, a full slate of farm-related activities and displays, including 4-H and FFA food and craft judging, both farm and modified tractor pulls, horse and pet shows, livestock judging, and baby beef sales, which is where this unsuspecting trio is no doubt being taken to. YOUGHIOGHENY OVERLOOK INFORMATION CENTER -- This Center features information on all areas within the State of Maryland. Brochures are available at this State Center which is open year'round, seven days a week 9 a.m. - 5 p.m. daily.

The Center is located on the eastbound lane of Interstate 68 east of Friendsville. The center was named 1989 Maryland Information Center of the Year by the Maryland Office of Tourism Development.

YOUGHIOGHENY RIVER AND RESERVOIR -- One of the most exciting scenic and wild rivers in Maryland is the Youghiogheny. Its waters flow through a vast unspoiled area from southern Garrett County to north of Friendsville, where it feeds the Youghiogheny Reservoir, a recreation and flood-control project of the Army Corps of Engineers. The State of Maryland is moving to preserve the Youghiogheny and keep it in its natural state. Many parts of the river and reservoir offer excellent fishing and whitewater opportunities. Trout and bass are favorite catches.

Swallow Falls State Park on the Youghiogheny River offers several miles of hiking trails as well as camping sites.

ghenies.

While watching its construction, people speculated that the bridge would collapse when the supporting timbers were removed. To avoid having the general public as an audience should the bridge collapse at the celebration planned for the removal of the supports, the contractor loosened them the night before the ceremony. The next day, he stood under the bridge during the ceremony to prove its worthiness. The graceful stone arch has stood for the past 182 years as one of Garrett County' most photogenic as well as historic sites.

The bridge was closed to traffic in 1953 and restored with funds made available by the State of Maryland. In 1964, the Department of Interior designated the bridge a Registered Historical Landmark.

A beautiful setting for a summer cookout or outdoor get together, there is a picnic area with fireplaces and other facilities alongside the bridge. The bridge is located on Route 40 east of Grantsville near Penn Alps.

CHURCH OF THE PRESIDENTS IN OAKLAND -- All three of the Presidents--Grant, Harrison and Cleveland--who preferred Garrett County to any other place for their vacations, attended services in this stone building at the corner of Second and Liberty Streets in Oakland. For some years it was not used, but it is now open to the public and occupied by St. Matthew's Episcopal Congregation, who restored the building to its present handsome condition.

DRANE HOUSE -- Built in the late 1700's just east of Accident, the Drane House is one of the very few original frontier plantation homes remaining on Maryland's Tableland. It is the key to Accident's past and the living history of tobacco growing days in the uplands. The house has now been restored and is open for tours upon request by calling the Accident Town Hall Mondays, Wednesdays, or Fridays at (301) 746-6346. Admission is free and visitors are invited to visit this important part of Garrett County's past.

FRIEND FAMILY ASSOCIATION'S NATIONAL HERITAGE MUSEUM AND LIBRARY -- The museum depicts the history of Friendsville, first settled by John Friend in the early 1760's. The museum and library contain artifacts of early Indian dwellers, 700 general genealogical books and files on most local families in addition to the Friend family. The museum is located on Maple Street in Friendsville and is open on Wednesday and Saturday, noon-3 p.m., May-November, or by appointment. Visitors desiring additional information Ina Hicks at (301) 746-5615.

FRIENDSVILLE -- The site of the first settlement (Selbysport is the oldest town) in Garrett County, Friendsville was named for John Friend Sr., who came to the area in 1765 and bought the land from the Indians. When the C&O Railroad was built in 1890, the town became an important shipping point for lumber products.

Friendsville, located near Exit 4 off Interstate 68, along the Youghiogheny River, is now most noted for its very popular annual fiddle and banjo competition and Friendsville Day summer celebration (see Calendar of Events). It is also the home of the Friend Family Association's National Heritage Museum and Library.

GARRETT COUNTY HISTORICAL MUSEUM -- This museum, which holds a great number of local artifacts and information, has been moved to a new location, now occupying the former Professional Building on Second Street in downtown Oakland.

First opened in November 1969, it is operated under the auspices of the Garrett County Historical Society, Inc. Visitors are certainly welcome to the now spacious facility where many hours of delightful reminiscing await. The many exhibits and displays portray the people of Garrett County, their way of life, and their progression through the years. An Indian and military section con-

GRANTSVILLE--Grantsville is located two miles south of the Mason-Dixon Line on Route 40 off exit 19 of Interstate 68. A pleasant community, Grantsville is the heart of some of the most productive farmland in the region.

As the oldest and most historic section of Garrett County, Grantsville is the site of many historic landmarks. For example, the visitor will find the Casselman Hotel, built in 1824. It was first used by drovers and farmers traveling westward over the National Pike. Still in operation, the Casselman Hotel offers services to today's traveler.

The Casselman River Bridge, built in 1813 on Route 40 east of Grantsville, was the largest single-span stone arch bridge of its kind at the time of construction. The bridge offers excellent photographic opportunities, as well as picnic facilities in a charming setting.

One of the oldest grist mills in Garrett County is Stanton's Mill, located in Grantsville on Route 40. The mill dates back to 1797 and still in operation, it is an interesting stop for any visitor.

Grantsville also boasts Penn Alps, originally an 1818 stagecoach stop on the National Road (Route 40), just east of the town. Penn Alps is now a restaurant and craft shop, which is the largest handicraft marketing facility in this mountain region. The adjacent Spruce Forest Artisan Village contains restored log cabins, a plank shed and other rustic buildings which house a variety of artisans during the summer months.

McHENRY -- Named for Col. James McHenry of Baltimore, who was an aide to General George Washington during the American Revolution. Dr. McHenry was a physician, signer of the Constitution, and Secretary of War under two Presidents. Fort McHenry in Baltimore, site of the British bombardment during the War of 1812, was also named in his honor. On Route 219 at McHenry, overlooking Deep Creek Lake, a memorial plaque has been erected honoring Dr. McHenry.

The settlement was originally named "Buffalo Marsh" since the carcass of a large buffalo was found in the mud there by the first white men who visited the area.

McHenry is the site of Wisp, Maryland's only downhill ski slope; Deep Creek Lake, Maryland's largest freshwater lake and center of the area's recreational activities; Garrett Community College, a fully accredited 2-year learning institution; and the Garrett County Fairgrounds, home of the annual County Agricul-

MOUNTAIN LAKE PARK -- From 1882 until 1942 the town was a Chautauqua-type resort, having as many as 28 hotels and boarding houses in 1912. Thousands of visitors from all over the east would visit the Park every year to partake of the cool, clean mountain air and the numerous cultural, educational and recreational activities offered by the Chautauqua program. Wealthy families fortunate enough to own their own homes in the Park would bring their servants, animals, and in later years, automobiles, via the B&O Railroad and spend the entire summer. President William Howard Taft, William Jennings Bryan and the evangelist, Billy Sunday, were just three well-known individuals who visited the Park and spoke before huge audiences. Many of the musical, dramatic and oratorical performances were presented in a 5,000 seat amphitheater.

A portion of the Park with a number of Victorian houses has been listed in the National Register of Historic Places.

OAKLAND -- Situated on a plateau 2,650 feet above sea level, the county seat was founded 23 years before Garrett County was established. The main line of the B&O Railroad came through Oakland in 1851 boosting the community's development as a commercial center. The railroad was also responsible for the popularization of the Deer Park-Oakland area as a resort in the late 1800s.

Current existing sites of interest in Oakland include the Garrett County Courthouse, built in 1908; the Garrett County Historical Museum on Center Street; the B&O Railroad Station, "The Church of the Presidents" (St. Matthew's Episcopal Church) on Liberty Street; and the Ruth Enlow Library.

"OUR FATHER'S HOUSE" LOG CHURCH -- Now a mission of the Episcopal Church, this is among the last log churches in the Eastern United States remaining in use today. Reportedly built at a cost of $50, it is situated in a shady grove on Route 135 on Backbone Mountain near Altamont.

Services are held from mid-June to Labor Day. Services the rest of the year are held at

PENN ALPS -- This 1818 log building was built as a stagecoach stop on the National Road (Route 40), east of Grantsville and originally called the "Little Crossings Inn." It now serves as a restaurant and craft shop and is the largest handicraft marketing facility in the area. Penn Alps is adjacent to the Spruce Forest Artisan Village of four log cabins, a plank shed and numerous other rustic buildings, including Revolutionary War era and 1920 log houses, and the 1835 Miller House, built by an Amish patriarch of the Casselman Valley. The Spruce Forest Artisan Village Summerfest and Quilt Show is held here annually in July, and the craft village is open May through October.

THE SANG RUN AREA -- Out of its magnificent resources the county has produced a book which, for a hundred years, has rated as a great hunter's classic. This autobiography is "Forty-Four Years of the Life of a Hunter," written by Meshach Browning, Maryland's most noted hunter. His famous rifle is now on display in the Smithsonian Institution.

Meshach Browning settled in this area, known as one time as the "Sanging Ground." His hunts in this region northwest of Deep Creek Lake made him a legend.

In its very name, "Sang Run" contains a reminder of a plant that has long association with American mountain life--that is, ginseng, shortened by the mountaineers to "sang." Its market continues to thrive and the dried wild root is so valued by the Chinese for medicinal purposes that it draws the astonishing price of over $100 a pound!

STANTON'S MILL -- One of the oldest grist mills in Garrett County, built in 1795 by Jesse Tomlinson. The mill was rebuilt in 1856 by Perry Schultz and deeded to William Stanton in 1862. Stanton's son, Eli, operated the mill for 43 years. The mill is located at Little Crossings on Route 40 near Grantsville.

THE PERFECT CAST is in full swing here as a young angler goes after his limit. The abundance of pristine freshwater, both still and flowing, to be found in Garrett County makes fishing more a matter of choosing between the many pleasant surroundings than worrying about the one that got away. In this photo one can almost hear the whistling theme song to "The Andy Griffith Show," with Andy and little Opie hiking to their favorite fishing hole to try to catch that big one named, of course, (...and a drum roll, please...) Ernest T. *Bass.*

Camping trailers up to 29 feet in length are permitted. Electric hookups are available at various state parks. House trailers are not permitted.

Improved Campgrounds

Each campsite allows sufficient room to park one car and a camping trailer, or to park one car and erect a tent up to 16'. (Sometimes off-site parking is necessary). A picnic table and grill are provided at each site, and drinking fountains and water spigots are located nearby. Camping areas contain centrally located wash houses, equipped with toilets, lavatories and showers with hot water available. Laundry tubs are available in some parks during the summer. Deep Creek and Swallow Falls State Park will accept specific site reservations up to one year in advance.

Unimproved Campgrounds

These sites also allow ample room for the parking of one car and a camping trailer, or the erection of a tent; however, in some areas off-site parking may be necessary. Tables and fireplaces are available and a source of water and a comfort station are within walking dis-

Season: Open all year, unlimited camping hours, quiet time 11 p.m.

GARRETT STATE FOREST -- Mountain forests, streams and valleys make up the 7,400 acres in Garrett State Forest. In 1906 the Garrett brothers of the B&O Railroad fame gave the State of Maryland 2,000 acres of forest land providing that a state forestry department be established to manage the area. The donated area was originally named Swallow Falls State Forest. The name was changed in 1976 to Garrett State Forest in honor of the donors.

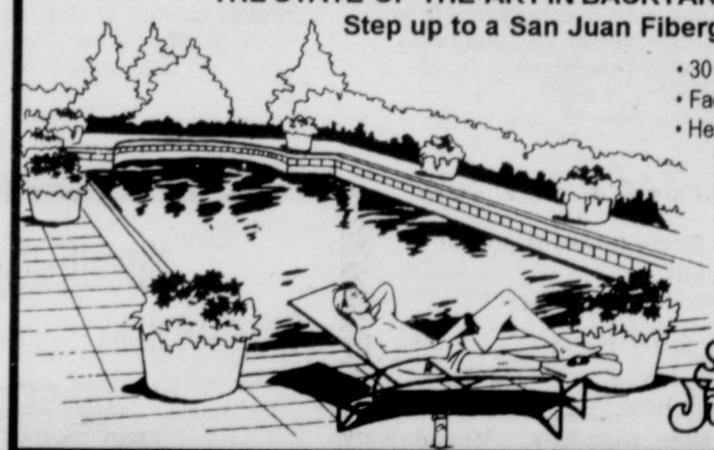

POTOMAC STATE FOREST -- This Forest contains 12,400 acres of trees, streams and wildlife. It is located along Backbone Mountain near the headwaters of the historic Potomac River. The terrain is rugged with elevations ranging from 1,800 feet along the Potomac to 2,960 feet on Backbone Mountain. This steep gradient gives rise to numerous fast falling brooks and streams which feed the river.

"Frick 'N' Pirates" Trip Scheduled For Area Seniors

Garrett County Community Action's Area Agency on Aging is announcing a field trip to Pittsburgh, Pa., for seniors. They will have the choice of attending the Frick Art and Historical Center or a Pittsburgh Pirates baseball game.

The trip will take place Sunday, July 13, and departure is scheduled from Mary Browning Senior Center, Oakland, 8 a.m., and from the Grantsville Senior Center at 9 a.m.

Those attending the Pirates game will be seated in the general admission section of Three Rivers Stadium and are encouraged to bring some extra money for peanuts and crackerjacks.

The Frick Art and Historical Center is a six-acre, landscaped complex of museums and turn-of-the-century buildings, which are the legacy of Henry Clay Frick to the people of western Pennsylvania. Here visitors can glimpse the architecture and artifacts of the Victorian era as well as explore a collection of pre-twentieth century European art.

A tour of Clayton, the Henry Clay Frick Estate, is scheduled and there is a café on the grounds which serves gourmet lunches, high tea and homemade pastries in a garden setting with a view of the estate.

All seniors ages 60 years and over and their traveling companions are encouraged to attend this excursion to western Pennsylvania sponsored by the Garrett County Community Action's Area Agency on Agency. The trip is being organized by the AmeriCorps members.

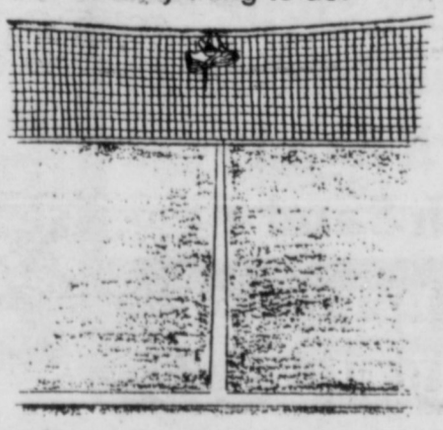

Reservation are necessary and can be made by calling either 301-334-9431, ext. 140 or 301-895-5818. The cost of transportation and admission is $30 per person. The deadline for reservation and payment is noon on July 2. No refunds will be issued unless the space can be filled.

HAMMERS AND STRINGS JOIN FRONT PORCH PICKIN' - This popular local group will be among several other area residents on July 12 at GCC as they present "Front Porch Pickin'," a celebration of the diversity of locally rooted music, dance, and lore. Betty Mattingly, pictured above (the only woman in the group), gathered together the ensemble with the purpose of providing guests with a sampling of traditional and sacred music, recitations, and dancing typical of a segment of Garrett County history which is being carried on today. The musicians of Hammers and Strings in addition to Mrs. Mattingly are Chet Roth, Joe Lewis, Scott Rush, Larry Rush, and Roy Peterman. This event is being presented by GLAF and sponsored by community civic and service organizations. Tickets are $8 for adults and $4 for youth aged 17 or younger. For more information, see separate stories or call the GLAF office at 387-3082.

Managed by the Garrett County Historical Society, the collection has grown considerably over the past years and is arranged in a fashion that is eye-catching and interesting. The new location, assumed just a few months ago, has afforded the Society the opportunity to better display the items and documents. It will be open throughout the summer. BEARING WITH THE BEARS - These photos, taken by Merry Paugh out the back door of her Mt. Zion Road residence, demonstrate a number of issues one must deal with occasionally here in Garrett County. A black bear, probably about two years old, found Merry's bird feeders this spring and decided he rather liked the stuff inside. He started to visit frequently, so the Paughs removed the feeders to keep the bear from becoming dependent on them. He comes back every now and then and peeks in the door (below), just to see if they've perhaps changed their minds. As development grows here in the county, the bears have less and less of their natural habitat available. If bears wander into your yard, simply leave them alone, making sure there is no food available to them. Should a bear become a true nuisance, the local Department of Natural Resources stuff can trap the animal and take it to another location. Call the local agency for more information.

GETTING CLOSE TO NATURE - Garrett County is unique for many reasons, one of them being the opportunity to watch wildlife in action, as these youngsters are doing along the shore of Deep Creek Lake. Ducks, Canada geese, a huge variety of songbirds, and wild turkeys are just a few of the species that naturally reside here on the mountaintop. Of course, other beasts of nature make their homes here, too, such as the mountain lion and black bear. Visitors and residents alike are occasionally given the opportunity to watch a bear lumber by, or, more often, a deer or two or five. Everyone is are warned to avoid feeding the bears -- they tend to become dependent on garbage, which is not at all a good thing. Generally the folks of the mountains and the beasts live in harmony, as long as a certain level of mutual respect is maintained.

Farm Safety Day Camp Scheduled For July 26 At County Fairgrounds

The third annual Farm Safety Day Camp will be held on Saturday, July 26, at the Garrett County Fairgrounds. The event will be presented by the Agricultural Care and Education (ACE) program of Garrett County Memorial Hospital, the Garrett County Health Department, and the Maryland Institute for Emergency Medical Services Systems (MIEMSS), in conjunction with *Progressive Farmer* magazine and the University of Maryland and West Virginia University cooperative extensions.

The camp will target children and teenagers ages 9-18 who are involved in farming or the timber industry. The day-long event, which will be held from 8:30 a.m. until 4:30 p.m., will teach participants to be aware of safety hazards on farms. Students attending or assisting with the camp may earn credit toward their service learning requirements.

Classes will be age appropriate and will feature interactive activities, according to Mikal McCartney, ACE program director. This year's topics will include a visit through a fire safety house and basic first aid, as well as tractor, highway, and small animal safety.

A mock farm accident drill will be held at the end of the day. The public will b

OUR TOWN THEATRE SLATES PLAY-READING SERIES - Our Town Theatre, a new establishment spearheaded by local educator and champion of the stage Jane Avery (pictured), will hold an evening play reading series every Sunday in July and August. The readings will begin at 7 p.m. The play *Angel Street* will be the first, slated for a reading on July 6. Participants for this reading should be age 12 or older, Avery said. Guests may read, listen, or both. Other shows to be voiced in the summer series are *Our Town* and *Jack Tales* (a children's show), to name just a few. The schedule is always subject to change because of renovations at the building, so persons should call 301-334-5640 on the day of the reading for further information. One dollar is the suggested donation, with proceeds benefitting this non-profit theatre organization.

invited to this portion of the day. The drill will feature demonstrations of rescue techniques performed by local fire department and emergency squads.

McCartney noted that the continued success of Garrett County's camp is a result, in large part, of community support.

"It takes a lot of people to make the camp become a reality and to keep it operating efficiently throughout the day. This camp would not be possible without the support of our community," she said.

Progressive Farmer is published by the Southern Progress Corporation, which also publishes *Southern Living, Southern Accents* and *Cooking Light* magazines, among many other publications.

The deadline to register for the Farm Safety Day Camp is July 18. A fee of $5 per participant will cover the cost of lunch, a t-shirt, snacks, and packet of safety materials. For more information or to register or assist with the camp, persons should call Garrett Memorial at (301) 334-2155, ext. 411, the Garrett County Health Department at (301) 334-8111; or the local cooperative extension service.
